Local impt. bonds & ctfs. (add'l)..... 6,000,000
Sinking funds (cash & sec's):
General..... 1,474,195
Water..... 901,268
Net indebtedness..... 18,683,304
Debt limit on Sept 30 1925 was..... $6,919,720

ST. PAUL *(Concluded).*

The local improvement certificates are issued against deferred installments of local-improvement assessments and are a first lien upon the collections from said assessments. The general credit of the city is pledged to pay all deficiencies in case the collections are insufficient to pay the certificates in full.

CITY PROPERTY.—The waterworks owned by St. Paul are self-sustaining and cost $15,000,000. The value of all property owned by the city, including the water works, Sept. 30 1925, was $43,373,077.

	ASSESSED VALUATION. 1925.	1923.
	$	$
Real estate	133,301,572	120,227,617
Personal	37,689,538	35,015,220
Total	170,991,110	155,242,837

§ In addition to the total assessed valuation figures given for 1924, there is also $85,039,135 which represents the valuation placed on money and credits in accordance with a new method of taxation adopted by the Legislature.

State of Iowa.

ITS

DEBT, RESOURCES, ETC.

Organized as a Territory (Act June 12 1838) ... July 3 1838
Admitted as a State (Act Dec. 28 1846) ..... Dec. 28 1846
Total Area of State (square miles) 56,025
State Capital ..... Des Moines
Governor (term expires 2d day Jan. 1927) ... John Hammill
Secretary of State (2d day Jan. 1925) ..... W. C. Ramsay
Treasurer (2d day Jan. 1927) ..... R. E. Johnson
Auditor (2d day Jan. 1927) ..... J. C. McClune
Attorney-General (Jan. 1927) ..... Ben J. Gibson

Under the "biennial election" amendment adopted in 1904, the General Assembly meets biennially in odd years on the second Monday in January. There is no limit to length of session.

HISTORY OF DEBT.—For the early history of Iowa's debt see "State and City Supplement" of April 1893, page 108.

FINANCIAL CONDITION.—The State in June 1923 (see remarks below) contracted its only bonded indebtedness since 1892 by marketing the $22,000,000 soldiers' bonus bonds, a description of which follows:

4¼s' 22 J-D { $11,000,000c. Dec 1 '24-'33 / 245,000c. Dec 1 1934 } 4¼s'23 J-D { $855,000c. Dec 1 1934 / 8,800,000c. Dec 1 '35-'42 }

Interest payable at Des Moines.

On June 30 1923 there were $1,669,477.84 warrants outstanding and the State had cash in the general revenue fund amounting to $6,554,763.19. The Permanent School Fund on June 30 1923 aggregated $4,827,553.59.

During 1913, 1914, 1915 and 1916 up to 1921 the State issued and disposed of $1,085,000 5% certificates, the proceeds of which have been applied to the extension of the capitol grounds. Up to June 30 1923 $1,050,000 of these certificates had been redeemed, leaving $35,000 outstanding on Nov. 1 1923

SOLDIERS' BONUS.—The 1921 Legislature passed an Act authorizing the State to become indebted in the amount of $22,000,000 and providing for the issue and sale of soldiers' bonus bonds for that amount. In accordance with Sec. 5 of Article 7 of the Constitution, this Act was submitted to the voters on Nov. 7 1922 and was approved—V. 115, p. 2179. Later—March 13 1923—the validity of the Act was unanimously upheld in a decision handed down by the State Supreme Court (V. 116, p. 1209) The bonds were marketed during June 1923 (V. 116, p. 2675).

EQUALIZED VALUATION.—The equalized assessed valuation (⅓ appraised value) has been as follows in the years named:

	Lands & Town Lots.	Personal Property.	Express, Teleph. Railroads. & Teleg. Cos.	Total.
1924	$879,465,516	$116,536,427	$81,250,640 $9,718,298	$1086,970,881
1923	875,476,430	119,612,727	79,187,728 9,234,967	1083,511,852
1922	871,000,121	119,481,97	79,755,090 8,988,688	1079,225,878
1921	865,867,289	142,181,054	76,020,794 9,554,138	1093,623,275
1920	856,832,462	158,071,185	81,196,454 7,249,895	1103,349,996
1919	848,723,625	152,675,998	81,545,489 6,195,065	1089,140,177
1918	767,966,988	152,421,874	81,497,164 6,123,757	1008,009,783
1917	761,184,425	127,506,861	80,704,152 5,670,204	975,065,642
1916	747,337,446	120,941,259	81,335,779 5,194,247	954,808,731
1915	742,523,383	115,506,527	81,531,948 5,169,591	944,731,349
1914	732,498,276	112,126,407	80,796,449 4,736,711	930,157,843
1913	726,704,571	104,548,634	79,937,444 4,554,328	915,744,977
1912	550,499,883	95,786,880	67,754,123 4,243,248	713,284,134
1910	489,243,839	134,485,201	65,166,568 3,992,840	692,888,448
1908	474,224,515	124,423,141	64,542,325 3,362,840	660,552,821
1906	454,347,436	114,097,752	63,144,987 2,640,995	634,231,170
1905	452,353,218	108,666,055	58,888,776 2,408,133	622,316,182
1902	410,189,783	109,168,678	51,570,242 1,911,688	572,840,391
1900	393,250,888	98,856,185	46,194,727 1,451,959	539,753,759
1890	374,753,112	105,543,264	42,902,608 663,874	523,862,858
1880	303,381,498	82,638,655	23,646,161 152,706	409,819,020

The value of moneys and credits amounting to $660,471,880 are not included in the valuation figures for 1923 or subsequent years, as they are now taxed as a separate item at a flat rate of 5 mills on the dollar of actual value. The value of moneys and credits for 1924 amount to $606,752,690. See following item.

TAXATION OF MONEYS AND CREDITS.—The Legislature in 1911 passed an Act (Chapter 63) requiring that moneys and credits be taxed at ull value with a flat levy of 5 mills. Previously moneys and credits were assessed at full value and taxed at 25% of th.s value the same as other property.

TAX RATE.—The State tax (per $1,000) for 1921 was $8.75; in addition there was a tax of 14 cents for Capitol Ground extension. For 1922 the general tax was $9.11; and in addition there were levies of 15 cents for Capitol Extension and $2 for soldiers' bonus. The tax rate for 1923 was $11.50, including $10.19 general levy and $1.31 soldier bonusle levy. Tax rate of 1924 is $11.50, which includes $10.25 general levy and $1.25 soldier bonus levy. These taxes were based on the equalized taxable value, which is ¼ of the appraised value.

MUNICIPAL DEBTS.—Title V, Chapter 14-A, Supplement to the Code, 1913, requires town and city officials to file annually with the State Auditor reports of the financial condition of their municipalities. These statements show that the total indebtedness of the municipalities on April 1 1924 was $53,370,743 divided as follows:

	Cities.	Towns.
General bonds	$18,084,336	$4,993,077
Municipal industry bonds	8,257,194	4,033,358
Temporary loans	45,078	114,460
Outstanding warrants	886,181	498,771
Special fund (assessment) bonds	12,283,043	5,413,588
Judgments	------	74,151
Miscellaneous debts	1,020,482	35,983
Total	$40,576,314	$15,163,388
Cities		$40,576,314
Towns		15,163,388
Total		$55,739,702
Indebtedness per capita	------	$41.16

DEBT LIMITATION.—Iowa's Constitution restricts the creation of both State and municipal debt.

FIRST, as to State debt, the limitation made is not absolute, for it permits other debt if authorized by some law for some single specified work. But this permission is very safely guarded—(1) the law must provide for the collection of a direct annual tax sufficient to pay the interest regularly and discharge the debt in twenty years; and (2) the law cannot take effect until it has been submitted to the people at a general election, and has received a majority of the votes cast. All the debt provisions relating to the State we give below:

ARTICLE 7, Section 1. [*Limitation of State indebtedness.*] The credit of the State shall not in any manner be given or loaned to, or in aid of, any individual, association or corporation; and the State shall never assume or become responsible for, the debts or liabilities of any individual, association or corporation, unless incurred in time of war for the benefit of the State.

Section 2. [*Same.*] The State may contract debts to supply casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more Acts of the General Assembly, or at different periods of time, shall never exceed the sum of $250,000; and the money arising from the creation of such debts, shall be applied to the purpose for which it was obtained, or to repay the debts so contracted, and to no other purpose whatever.

Section 4. [*For what other purposes State may contract debt.*] In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or defend the State in war; but the money arising from the debts so contracted shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

Section 5. [*Other debts to be authorized.*] Except the debts herein before specified in this article, no debt shall be hereafter contracted by or on behalf of this State, unless such debt shall be authorized by some law for some single work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax, sufficient to pay the interest on such debt as it falls due, and also to pay and discharge the principal of such debt, within twenty years from the time of contracting thereof; but no such law shall take effect until at a general election it shall have been submitted to the people, and have received a majority of all the votes cast for and against it at such election; and all money raised by authority of such law, shall be applied only to the specific object therein stated, or to the payment of the debt created thereby; and such law shall be published in at least one newspaper in each county, if one is published therein, throughout the State, for three months preceding the election at which it is submitted to the people.

ARTICLE VIII, Section 3. [*State not to be a stockholder.*] The State shall not become a stockholder in any corporation, nor shall it assume or pay the debt or liability of any corporation, unless incurred in time of war for the benefit of the State.

SECOND, as to municipal indebtedness, the limit is fixed absolutely in the Constitution. The provisions covering the subject are as follows:

ARTICLE VIII, Section 4. [*Corporation not to be a stockholder.*] No political or municipal corporation shall become a stockholder in any banking corporation, directly or indirectly.

ARTICLE XI, Section 3. [*To what amount county or other corporations may become indebted.*] No county, or other political or municipal corporation shall be allowed to become indebted in any manner, or for any purpose, to an amount in the aggregate, exceeding 5% on the value of the taxable property within such county or corporation—to be ascertained by the last State and county tax list, previous to the incurring of such indebtedness. The Legislature, however, has fixed a lower limit, as stated below.

The above (Section 3, Article XI) covers cities, counties, towns and every other kind of political or municipal corporation. The Supreme Court of Iowa has decided that even a school district is such a corporation and subject to same limit. The Legislature of 1900 passed a bill (Chapter 41, Laws of 1900) fixing the limit of indebtedness of counties or other political or municipal corporations at 1¼% of the actual value of property therein as returned by the last tax list, but it is further provided that such corporations may incur additional indebtedness, after the electors have authorized the action, for water-works, electric light and power plants, gas works and heating plants, and sewers; the total of all not to be in excess of 5% of the assessed valuation. This change was made because, under a revision of the Revenue Law which went into effect in 1898, property is now appraised for taxation on a much higher basis than formerly. In 1904 and again in 1906 the Act was amended, the important sections now reading as follows:

Section 1. That section thirteen hundred and six-b (1306-b) of the supplement to the code and chapter forty-three (43) of the Acts of the 30th General Assembly be and the same are hereby repealed, and the following enacted in lieu thereof:

"No county or other political or municipal corporation shall be allowed to become indebted in any manner or for any purpose to an amount exceeding in the aggregate the amount of one and one-fourth per centum of the actual value of the taxable property within such county or corporation, except that cities and incorporated towns may, for the purpose of purchasing, erecting or maintaining and operating waterworks, electric light and power plants, gas works and heating plants, or of building and constructing sewers, incur an indebtedness not exceeding in the aggregate, added to all other indebtedness, five per centum of the actual value of the taxable property within such city or incorporated town. The amount of such taxable property shall be ascertained by the last State and county tax list previous to the incurring of such indebtedness.

Section 2. Provided that before such indebtedness can be contracted in excess of one and one-quarter per centum of the actual value of the taxable property ascertained as above provided in this Act, a petition signed by a majority of the qualified electors of such city or town shall be filed with the Council of such city or town, asking that an election shall be called, stating the purposes for which the money is to be used and that the necessary waterworks, electric light and power plants, gas works heating plants or sewers, cannot be purchased, erected, built or furnished within the limit of one and one-quarter per centum of the valuation. And provided that in cities having a population of more than ten thousand, the petition need not be signed by more than two hundred qualified electors.

Sections 3, 4, 5 and 6 prescribe manner of holding elections, issuance of bonds, &c.

In 1904 an Act passed the Legislature, approved Mar. 30, 1904, which permits independent school districts containing or contained in any incorporated town or city of the second class of 3,000, or less population to become indebted for the purpose of building and furnishing school houses and procuring sites, to an amount not exceeding 2½% of the actual value of taxable property. It is provided, however, that any excess above the 1¼% limit must be authorized by a vote of the people. See V. 78, p. 1408.

The 1913 Legislature passed an Act authorizing cities of the first-class to issue flood protection bonds up to 5% of the actual value of the taxable property as shown by the last preceding assessment roll. This Act is to be construed as granting additional power without limiting the power already existing in cities of the first class, including cities acting under the commission plan of government. See V. 96, p. 1241.

The Supreme Court of Iowa has held that city bonds payable from a specific fund provided for by a tax levy, and not from the general revenue of the city, are not to be considered as debts within the meaning of the constitutional provision. (Swanson vs. Ottumwa, 118 Iowa, 161). The court has also held that State bonds payable from a like tax levy rather than from the general funds of the State are not State debts within the meaning of the constitutional provision. (Rowley vs. Clark, 162 Iowa, 132.)

A constitutional amendment was adopted by the voters in November 1908 providing for an additional section to Article I to be known as Section 18, and providing for the construction of drains, ditches and levees, as well as the organization of drainage districts. V. 87, p. 1556.

BONDS NOT TO BE SOLD BELOW PAR.—The 1923 Legislature passed an Act (Chap. 14) making it unlawful for any county, city, town, township or school corporation to sell its bonds at less than par or to pay any commission or expenses, except for advertising, in connection with the sale. V. 117, p. 803.

DECISION REGARDING DEBT LIMIT.—Judge Smith McPherson of the U. S. Circuit Court on Oct. 22 1909, in a case involving the right of the City of Council Bluffs to issue bonds for a muncipal water system, sustained the city's contention that it could issue bonds up to 5% of the *actual* value of the property of the city and was not limited to 5% of the *tazable* value. Judge McPherson construed "taxable" to mean the actual value of property subject to taxation, and not the assessed value, which, by the State code, is fixed at only 25% of the actual value. In taking this position Judge McPherson referred to the opinion of the State Supreme Court handed down in 1905, in the case of Halsey vs. City of Belle Plaine (128 Iowa 467), which, he said, puts at rest the question raised. V. 89, p. 117.

OPINION REGARDING MUNICIPAL IMPROVEMENT BONDS.—The Department of Justice in Nov. 1911 rendered an opinion to the effect that municipal improvement bonds or certificates issued in anticipation of the collection of taxes need not be considered in determining the constitutional limit of indebtedness as fixed by Section 74-v of the Supplement to the Code, 1907. V. 94, p. 365.

BONDS TAX FREE.—The 1909 Legislature passed an Act (Sec. 4482, Compiled Code of 1919), providing for the exemption from taxation of municipal, school and drainage bonds or certificates thereafter issued. It is expressly provided, however, that banks or trust companies holding such bonds or certificates shall not be permitted to make any deduction from the assessment of their shares by reason of that fact. V. 88, p. 1329. State bonds are taxable at the rate of 5 mills on the dollar. Secs. 4490 and 4504, Compiled Code of 1919.

SAVINGS BANKS' INVESTMENTS.—Investments of funds of State and savings banks in Iowa are governed by Section 1850 of the Supplement to Code, 1913, as amended in 1917 and 1921, which reads as follows:

Sec. 1850. *Investment of funds.* Each savings bank shall invest its funds or capital, all moneys deposited therein and all its gains and profits, only as follows—

1. In bonds or interest-bearing notes or certificates of the United States.
2. In bonds or evidence of debts of this State, bearing interest;
3. In bonds or warrants of any city, town, county, school district, or drainage district of this State, issued pursuant to the authority of law; but not exceeding 25% of the assets of the bank shall consist of such bonds or warrants
4. In notes or bonds secured by mortgage or deed of trust upon unencumbered real estate located in Iowa or upon unencumbered farm land in adjoining States, worth at least twice the amount loaned thereon; provided, however, that no such loan shall be made upon any real estate located west of the one-hundredth meridian line.
5. An amount not exceeding ten per cent 10% of their capital stock and surplus in the capital stock of corporations chartered or incorporated under the provisions of Section Twenty-five-a (25-a) of the Federal Reserve Act, approved Dec. 24 1919, and a like amount in the capital stock of corporations organized under the laws of this State for the purpose of extending credit to those engaged in agriculture and to agricultural organizations, subject, however, to the approval of the Superintendent of Banking; provided that said investments by savings banks shall in no event exceed in the aggregate 20% of the capital stock and surplus of said bank.
6. It may discount, purchase, sell and make loans upon commercial paper, notes, bills of exchange, drafts, or any other personal or public security, but shall not purchase, hold or make loans upon the shares of its capital stock.
7. In all cases of loans upon real estate, all the expenses of searches examination and certificates of title, or the inspection of property, appraisals of value, and of drawing, perfecting and recording papers, shall be paid by such borrowers; if buildings are included in the valuation of real estate upon which a loan shall be made, they shall be insured by the mortgagor for at least two-thirds of their value, in some solvent company, and the loss, if any, under the policy of insurance shall be made payable to the bank or it assigns, as its interests may appear. When the mortgagor neglects to procure the insurance as above provided, the mortgagee may procure the same in the mortgagor's name for its benefit, and the premium so paid therefor shall be added to the mortgage debt.

INVESTMENT OF TRUST FUNDS (*In What to Be Made*) was regulated by Section 364 of the Code of 1897, as amended by Laws of 1913. In 1921 this section was repealed and an Act known as Chapter 126, Laws of 1921, substituted, which we give in full below.

Chapter 126—*Investments—In What to Be Made.*—Where investments or funds are to be made, including those to be made by executors, administrators, trustees and guardians, and no mode of investment is pointed out by statute, they may under order of court be made in the bonds of this State, or of those of the United States, or Federal Farm Loan bonds issued under the provisions of the Act of Congress approved July 17 1916, or in bond or mortgage upon real property of the clear, unencumbered value of twice the investment or in bonds, issued by or under the direction of cities, towns, counties, school or drainage districts of this State.

CEDAR RAPIDS.
Cedar Rapids is in Linn County. First charter granted in 1856; second in 1907. Commission government adopted in 1908. On July 1 1903 city took over water-works formerly owned by Cedar Rapids Water Co., and assumed all outstanding obligations, amounting to $450,000, of which $374,000 has been paid, leaving outstanding $76,000. These bonds are not to be taken as a part of the legal indebtedness of city.

ITS

DEBT, RESOURCES, ETC.

Organized as a Territory (Act June 4 1812) Dec. 7 1812
Admitted as a State (Act March 6 1820) Aug. 10 1821
Total area of State (square miles) 69,415
State Capital Jefferson City
Governor (term expires Jan. 1929) Sam A. Baker
Lieut.-Governor (term expires Jan. 1929) Phil A. Bennett
Secretary of State (term exp. Jan. 1929) Charles U. Becker
Treasurer (term expires Jan. 1929) C. Eugene Stephens
Auditor (term expires Jan. 1929) L. D. Thompson
Att'y-General (term expires Jan. 1929) Robert W. Otto

LEGISLATURE meets biennially in odd years on the first Wednesday after the first day of January, and there is no limit to length of sessions; but after the first seventy days members can draw only a dollar a day for their services, except every tenth year, when the statutes are revised, at which session members are allowed $5.00 per day for 120 days. A session of thi kind was held in 1919.

A constitutional amendment to increase the pay of the legislators from $5 to $10 a day was defeated in Nov. 4 1924 (V. 119, p. 2553.)

The State of Missouri contains 114 counties *and* the City of St. Louis the latter being a separate civil division subject to a dual government with a full set of both county and city officers.

HISTORY OF DEBT.—The interesting details of Missouri's eventful history in debt-making and debt-paying will be found on page 111 of the "State and City Supplement" for April 1893. The total debt, including accrued interest, &c. on Jan. 1 1865 was $36,094,908. The indebtedness of the State at present is as follows:

* coupon or registered.

Under an Act (House Bill 645) passed by the 1925 Legislature, there is appropriated out of the State Treasury, chargeable to the road bonds, interest and sinking fund, the sum of $1,025,000, to be used by the Board of Fund Commissioners for the purchase, retirement and redemption before maturity, if the holders thereof agree thereto, of $1,000,000 par value of road bonds falling due Sept. 1 1927.

INTEREST on the State Capitol refunding bonds is payable at State Treasurer's office or at Mercantile Trust Co., St. Louis; on the State school and seminary certificates at State Treasury. On soldiers' bonus bonds at the State Treasurer's office; on all road bonds and bonus bonds of 1924 at the Chase National Bank.

TOTAL DEBT, &c.—The total bonded debt as of Oct. 1 1925 of the State was $54,485 000. Excluded from this total are $4,398,839 school and seminary certificates, which are held in trust by State. The total cash held in Treasury to the credit of all of the State funds on Oct. 1 1925 amounted to $16,271,681. These school and seminary fund certificates are registered and are non-negotiable and non-transferable. They are held in trust by the State Board of Education for the benefit of the State Public School fund and the State Seminary University fund.

ASSESSED VALUATION.—On June 1 1925 the State's assessed valuation of all taxable property for State taxation was estimated at $4,712,-

542,323. The following table shows assessed valuation and State tax rates for the last forty-four years:

Years.	Valuation.	Tax Rate.	Years.	Valuation.	Tax Rate.
1880 ------	$532,692,043	$4.00	1916 ------	1,701,937,523	1.80
1890 ------	805,668,844	3.00	1917 ------	1,758,880,010	1.80
1895 ------	938,202,005	2.50	1918 ------	1,909,536,707	1.80
1900 ------	1,001,766,464	2.50	1919 ------	2,494,720,407	1.80
1902 ------	1,046,469,144	2.50	1920 ------	2,694,567,461	1.80
1904 ------	1,153,152,419	1.70	1921 ------	4,920,926,179	1.00
1908 ------	1,377,360,692	1.70	1922 ------	4,361,628,527	1.30
1910 ------	1,761,664,366	1.70	1923 ------	4,351,122,679	1.00
1912 ------	1,857,676,174	1.90	1924 ------	4,591,212,518	1.00
1914 ------	1,946,950,547	1.80	1925 ------	4,712,542,323	$1.10
1915 ------	$1,658,587,414	$1.80			

The large increase in values for 1919 was due to an increase in valuations made by the State Board of Equalization for the benefit of the public schools of the State. Another such increase was made in 1921. Increase in values for 1921 was recommended by the State Tax Commission and adopted by State Board of Equalization, raising all taxable property to full or true value.

Of the tax rate per $1,000 for 1925 ($1.10), 30c. is to pay pensions to the blind, 20c. for the Soldier Bonus bonds, 10c. for the State Capital bonds, and 50c. for the support of the State Government. This latter includes the higher institutions of learning, the eleemosynary institutions and salaries, criminal costs and all other expenses of the State Government. Interest on State of Missouri Road bonds and payment of the bonds, as they fall due, are taken care of by receipts from the Auto Department, which amounted to $4,004,083 for 1923. Receipts from this Department for 1925, up to Oct. 1, totaled $3,842,825. Constitutional amendment voted by the people subjects all taxable property to taxation to pay interest and retire Road bonds. However, it is believed that the auto receipts will pay all interest and retire all bonds.

DEBT LIMITATION.—Missouri has made provision in its constitution restricting the creation of debt both on behalf of the State and of its municipalities. That part relating to the State is found in Article 4, Sections 44 44 (a), 45 and 46. These sections provide that the General Assembly cannot contract debts except (1) to renew existing bonds, (2) to meet an unforeseen emergency or casual deficiency. The State is prohibited from lending its credit to any person, association or corporation or to pledge its credit for the payment of liabilities of any individual, association or corporation.

An amendment to Section 44 of Article 4 voted on Nov. 2 1920 provides for the issuance of State bonds in an amount not to exceed $1,000,000 for a soldiers' settlement fund. The voters on Aug. 2 1921 voted in favor of a section—44b—providing for a soldier bonus bond issue of $15,000,000. The validity of the soldier bonus amendment was tested in a friendly suit brought before the State Supreme Court where a decision favoring the bonus was made (V. 114, p. 216). Another amendment voted on Nov. 2 1920 (Section 44a) provides for the issue of $60,000,000 bonds for highway purposes. On Feb. 26 1924 an amendment (Section 44c) authorizing an additional $4,600,000 bonds to pay the bonus to those not compensated under the original $15,000,000 was carried (V. 118, p. 1438).

The sections relating to the indebtedness of cities and other municipalities are found in Article 4, Section 47; Article 9, Section 6, and Article 10, Sections 12 and 12a. These sections make clear (1) that a municipality cannot loan its credit; (2) that it cannot subscribe to the capital stock of corporations; (3) that it cannot get into debt unless two-thirds of the voters voting at an election favor it, and then only to an aggregate of 5% of valuation, except, as per amendment of 1920, that cities of 75,000 or more inhabitants may by a two-thirds vote create a debt not to exceed 10% of the assessed valuation; *except* also that with such assent any county may be allowed to become indebted in a larger amount for the erection of a court house or jail, "or (as per amendment of 1906) for the grading, constructing, paving or maintaining of paved, graveled, macadamized or rock roads and necessary bridges and culverts therein; and, as per an amendment of 1920, that cities of 75,000 or more inhabitants may exceed the limit by an additional 10% for the purchase or construction of public utilities; and except, also, per the amendment of 1920 (Section 12a—See V. 75, p. 1165) and amendment of 1920, *cities* of 30,000 inhabitants may, by a two-thirds vote, exceed the limit, by an additional 10% (as per amendment of 1920), for the purchase or construction for water and light purposes, finally (4); that before or at the time of getting the assent of the voters an annual tax must be provided sufficient to pay interest and form a sinking fund to pay the debt within 20 years. We publish below the full text of the sections referred to above.

Sec. 44. *General Assembly Not to Contract Debts Except as Herein.*—The General Assembly shall have no power to contract or to authorize the contracting of any debt or liability on behalf of the State, or to issue bonds or other evidences of indebtedness thereof, except in the following cases:

***First.* In renewal of existing bonds, when they cannot be paid at maturity, out of the sinking fund or other resources.**

***Second.* On the occurring of an unforeseen emergency, or casual deficiency of the revenue, when the temporary liability incurred, upon the recommendation of the Governor first had, shal; not exceed the sum of $250,000 for any one year, to be paid in not more than two years from and after its creation.**

***Third.* On the occurring of any unforeseen emergency, or casual deficiency of the revenue, when the temporary liability incurred or to be incurred shall exceed the sum of $250,000 for any one year, the General Assembly may submit an Act providing for the loan, or for the contracting of the liability, and containing a provision for levying a tax sufficient to pay the interest and principal when they become due (the latter in not more than thirteen years from the date of its creation), to the qualified voters of the State, and when the Act so submitted shall have been ratified by a two-thirds majority, at an election held for that purpose, due publication having been made of the provisions of the Act for at least three months before such election, the Act thus ratified shall be irrepealable until the debt thereby incurred shall be paid, principal and interest.**

Fourth.—Section 1. The object of this amendment is, in recognition of military service, to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the Central Powers and have been repatriated, and who have been honorably discharged, hereafter referred to as "soldiers"; and to accomplish such purposes by co-operation with the agencies of the United States engaged in work of a similar character. To provide the necessary funds for the State of Missouri to co-operate with the agencies of the United States, the contracting of the liability of the State of Missouri by the issuance of its bonds in an aggregate sum, not to exceed one million dollars, is hereby authorized and directed, said bonds to be in the denomination of one thousand or five hundred dollars each, or of both denominations (as the State Board of Fund Commissioners may determine) and be payable thirteen years from the issuance thereof; shall be payable to bearer in lawful money of the United States, and shall bear interest at a rate not to exceed four and one-half per centum a year (as the State Board of Fund Commissioners may determine), payable semi-annually on the first days of January and July of each year, and to that end suitable coupons shall be attached to each bond for the payment of said interest; each coupon shall have a facsimile of the signature of the State Treasurer engraved thereon. Said bonds shall be redeemable at the option of the State after eight years from date, shall be signed by the Governor, and be countersigned by the Secretary of the State, with the great seal of the State attached; and shall be registered by the State Auditor to which he shall certify on each bond, and authenticate such registration by his signature and his official seal attached; said bonds, when so prepared and executed, under the supervision of the State Board of Fund Commissioners, shall be sold to the best advantage by said Board, but for not less than par. The proceeds of said sales or sale shall constitute a fund to be designated as the Soldiers' Settlement Fund, and shall be used exclusively as a revolving fund by the Soldiers' Settlement Board or department for such a period of time as it may designate, and for such projects of soldier settlement and at such costs as are approved by the Governor, and requisitions upon the Soldiers' Settlement Fund shall bear the Governor's approval, after which this fund with its accrued earnings, shall be returned to the general revenue fund of the State. Contract or contracts for expenditures or loans to carry out the purpose of this Act in excess of said one million dollars, with interest collected thereon, shall, to the amount of said excess, be illegal and void and forever non-payable.

Sec. 2. That the General Assembly shall, and does hereby levy an annual tax of one cent on the one hundred dollars valuation of the taxable property of the State for the payment of the accruing interest on the said bonds, and for the creation of a sinking fund for the payment thereof, said taxes beginning with the year 1920, to be levied and collected annually as in case of other State taxes in this State, until said bonds are fully paid.

Sec. 44*a*.—*Amendment Authorizing issuance of* $60,000,000 *highway bonds*.—In addition to the exceptions made and created in Section 44, the General Assembly shall have the power, from time to time, for the purpose of constructing hard surfaced public roads, in each county of the State, to contract or to authorize the contracting of a debt or liability on behalf of the State, and to issue bonds or other evidences of indebtedness thereof not exceeding, in the aggregate, sixty millions of dollars, such bonds to bear interest at a rate not exceeding five per centum per annum, payable semi-annually, and maturing not later than thirty years from the date they bear. The said bonds and the interest that will accrue thereon shall be paid out of a fund to be provided by the levy and collection of a direct and annual tax upon all taxable property in the State. Any motor vehicle registration fees or license fees or taxes, authorized by law, except the property tax thereon, less the cost and expense of collection and the cost of maintaining any State highway department or commission, authorized by law, shall, after the issuance of such bonds, and so long as any bonds herein authorized are unpaid, be and stand appropriated without legislative action for and to the payment of the principal of the said bonds, and shall be credited to a sinking fund to be provided for by law. It shall be the duty of the State Auditor, annually, on or before the first day of July, to determine the rate of taxation necessary to raise the amount of money needed for that year to pay the principal and interest maturing in the next succeeding year, taking into consideration available funds, delinquencies and the cost of collection. The Auditor shall annually certify the rate of taxation so determined to the clerk of the county court of each county and to the assessor or other officer in the city of St. Louis, whose duty it may be to make up and certify the tax books wherein are extended the State taxes. It will be the duty of said clerks and the said assessor or other proper officer in the city of St. Louis to extend upon the tax books the taxes to be collected and certify the same to the collector of the revenue of their respective counties, and the city of St. Louis, who shall collect such taxes at the same time and in the same manner and by the same means as are now or may hereafter be provided by law for the collection of State and county taxes, and pay the same into the State treasury. The Legislature shall enact such laws as may be necessary to carry into effect this amendment.

An initiative proposition tending to carry out the provisions of this amendment was submitted to the voters on Nov. 4 1924 and was ratified (V. 119, p. 2553.)

Sec. 44b.—*Amendment Authorizing Issuance of* $15,000,000 *Soldiers' Bonus Bonds*.—In addition to the exceptions made and created in Sections 44 and 44a, the General Assembly shall have power, for the purpose of paying to each bona fide resident of the State of Missouri who served honorably in the military or naval forces of the United States of America at any time between the sixth day of April, 1917, and the 11th day of November, 1918, a bonus of ten dollars for each and every month or major fraction of a month, that such resident was in active service, to contract or to authorize the contracting of a debt or liability on behalf of the State, and to issue bonds or other evidence of indebtedness thereof not exceeding, in the aggregate, fifteen millions of dollars; such bonds or other evidences of indebtedness to bear interest at a rate not exceeding five per cent per annum, payable semi-annually, and maturing not later than twenty years from the date they bear. The said bonds and the interest that will accrue thereon shall be paid out of a fund to be provided by the levy and collection of a direct annual tax upon all taxable property in the State. It shall be the duty of the State Auditor, annually, on or before the first day of July, to determine the rate of taxation necessary to raise the amount of money needed for that year to pay the principal and interest maturing in the next succeeding year taking into consideration available funds, delinquencies and the cost of collection. The Auditor shall annually certify the rate of taxation so determined to the clerk of the county court of each county and to the assessor or other officer in the city of St. Louis whose duty it may be to make up and certify the tax books wherein are extended the State taxes. It will be the duty of said clerks and the said assessor or other proper officer in the city of St. Louis to extend upon the tax books the taxes to be collected and certify the same to the collector of the revenue of their respective counties, and the city of St. Louis, who shall collect such taxes at the same time and in the same manner and by the same means as are now or may hereafter be provided by law for the collection of State and county taxes, and pay the same into the State treasury. The Legislature shall enact such laws as may be necessary to carry into effect this amendment. The wife or husband, child, mother or father, in the order named and none other, of any deceased resident who served honorably in the military or naval forces, as provided in this section, shall be paid the sum or allowance that such deceased resident would be entitled to receive hereunder if such deceased resident had lived. Provided, that no one person entitled to receive the bonus herein provided shall receive an amount exceeding two hundred and fifty dollars; and, provided, that no person shall be entitled to receive the bonus herein provided, who being in the military or naval service of the United States of America subsequently to the sixth day of April, 1917, refused on conscientious, political or other grounds to subject himself to military discipline or to render unqualified service; and provided further, that no person shall be entitled to receive the bonus herein provided who was not a bona fide resident of the State of Missouri at least during the twelve months prior to the sixth day of April 1917, or who has received a State bonus from any other State in the Union.

Sec. 44c. *Amendment Authorizing Issuance of* $4,600,000 *Additional Soldiers' Bonus Bonds*.—The Board of Fund Commissioners is authorized to issue additional bonds of the State of Missouri in an amount not exceeding four million six hundred thousand dollars ($4,600,000), for the purposes authorized by Section 44b of Article IV of the present Constitution of Missouri and an Act of the General Assembly of Missouri, entitled:

"An Act to provide for the payment of a bonus to certain residents of Missouri, or their survivors, who served with the military or naval forces of the United States during the war between the United States and the German Empire and its allies; creating a soldiers' bonus commission and a board of review, defining their powers and duties and fixing the compensation of the members and employees thereof; authorizing and providing for borrowing fifteen million dollars by the State and the issuance and sale of coupon bonds of the State, in accordance with the provisions of Section 44b, Article IV, of the Constitution of Missouri, for the purpose of paying such bonuses and the costs and expenses of administering this Act; to provide for the exchange of such bonds for registered bonds, and vice versa; defining the powers and duties of the board of fund commissioners, Secretary of State, State Auditor and State Treasurer relating thereto; to create two funds in the State Treasurer's office to be known as the "Soldiers' Bonus Fund" and the "Missouri soldiers' bonus bond, interest and sinking fund"; to designate the purposes for which the proceeds of the sale of said bonds shall be used; and to provide for the levy and collecting of a direct annual tax upon all the taxable property in the State to pay the principal and interest of the said bonds; prescribing a penalty for the violation of certain provisions of this Act, with an emergency clause." Approved Nov. 11 1921.

All of the provisions of said Act shall apply to and govern the issuance and payment of the principal and interest of the bonds herein authorized and the disbursement of the proceeds thereof without further legislative action, except that the interest on said bonds may be payable at such times and at such place or places as may be designated by the said board of fund commissioners; said board shall pay all expenses of issuing and marketing the bonds out of the proceeds of the sale thereof.

Sec. 45. *State's Credit Not to be Loaned.*—The General Assembly shall have no power to give or to lend, or to authorize the giving or lending of the credit of the State in aid of or to any person, association or corporation, whether municipal or other, or to pledge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual, association of individuals, municipal or other corporation whatsoever: *Provided*, That the General Assembly shall have the power to appropriate from funds in the State sinking fund, being the proceeds of the tax authorized under Section 14 of Article X of the Constitution, to an amount not exceeding $1,000,000 for the exhibition of the resources, prod-

ucts and industries of the State in the centennial celebration of the Louisiana purchase in the city of St. Louis.

Sec. 46. *Public Money, Grant of, Prohibited.*—The General Assembly shall have no power to make any grant, or to authorize the making of any grant of public money or thing of public money or thing of value to any individual, association of individuals, municipal or other corporation whatsoever: *Provided*, That this shall not be so construed as to prevent the grant of aid in a case of public calamity.

Sec. 47. *Municipalities Not to Lend Credit or Grant Public Money—Firemen's Fund Permitted—Pensioning Blind.*—The General Assembly shall have no power to authorize any county, city, town or township, or other political corporation or subdivision of the State now existing, or that may be hereafter established, to lend its credit, or to grant public money or thing of value in aid of or to any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company: *Provided*, That this shall not be so construed as to prohibit the General Assembly from providing by law for authorizing the creation, maintenance and management of a fund for the pensioning of crippled and disabled firemen, and for the relief of the widows and minor children of deceased firemen by such cities, villages or incorporated towns as may have an organized fire department—said fund to be taken from the municipal revenue of such cities, villages or incorporated towns: *Provided further*, That nothing in this Constitution contained shall be construed as prohibiting the General Assembly from granting, or authorizing the granting of, pensions to the deserving blind, as may be provided and regulated by law: *Provided further*, That the General Assembly of the State of Missouri shall cause an annual tax of not less than one-half of one cent nor more than three cents on the one hundred dollars valuation of the taxable property of the State to be levied for the purpose of providing a fund to be devoted in the manner provided by law to the pensioning of the deserving blind. If any balance shall exist in such fund after the deserving blind have been pensioned, then the same, or so much thereof as may be necessary, may be used for the support of the commission for the blind. And if there shall be a balance in said fund after the blind have been pensioned and the commission for the blind has received adequate support, then the same shall be transferred to the public school fund. Said tax shall be levied and collected annually in the same manner as other State taxes are levied and collected, and such fund shall be subject to appropriation for above purposes by the General Assembly.

An amendment proposing to revise several sections of Article 4, including Sections 45, 46 and 47, was submitted to the voters on Feb. 26 1924 and defeated (V. 118, p. 1438).

Sec. 6. *Municipalities Not to Subscribe to Capital Stock nor Aid Corporations or Institutions.*—No county, township, city or other municipality shall hereafter become a subscriber to the capital stock of any railroad or other corporation or association, or make appropriation or donation, or loan its credit to or in aid of any such corporation or association, or to or in aid of any college or institution of learning or other institution, whether created for or to be controlled by the State or others. All authority heretofore conferred for any of the purposes aforesaid by the General Assembly, or by the charter of any corporation, is hereby repealed: *Provided, however*, That nothing in this Constitution contained shall affect the right of any such municipality to make such subscription, where the same has been authorized under existing laws by a vote of the people of such municipality prior to its adoption, or to prevent the issue of renewal bonds, or the use of such other means as are or may be prescribed by law for the liquidation or payment of such subscription, or of any existing indebtedness.

Another amendment submitted to the voters on Feb. 26 1924 would have cancelled the above section as it now stands. This, however, also met with defeat (V. 118, p. 1438).

Sec. 12. *Municipal Indebtedness, Limit of—How Increased—Exceptions.*—No county, city, town, township, school district or other political corporation or subdivision of the State shall be allowd to become indebted in any manner or for any purpose to an amount exceeding in any year the income and revenue provided for such year, without the *consent* of two-thirds of the voters thereof voting *on such proposition* at an election to be held for that purpose: nor in cases requiring such assent shall any indebtedness be allowed to be incurred to an amount including existing indebtedness, in the aggregate exceeding 5% on the value of the taxable property therein, to be ascertained by the assessment next before the last assessment for State and county purposes, previous to the incurring of such indebtedness, except that cities having a population of seventy-five thousand inhabitants or more may, with the assent of two-thirds of the voters thereof voting on such proposition at an election to be held for that purpose, incur an indebtedness not exceeding ten per centum on the value of the taxable property therein, to be ascertained by the assessment next before the last assessment for State and county purposes previous to the incurring of such indebtedness; such propositions may be submitted at any election, general or special (amendment of 1920): *Provided*, That with such assent any county may be allowed to become indebted to a larger amount for the erection of a court house or jail, or for the grading, construction, paving or maintaining of paved, graveled, macadamized or rock roads and necessary bridges and culverts therein; *and provided further*, That any county, city, town, township, school district or other political corporation or subdivision of the State, incurring any indebtedness requiring the assent of the voters as aforesaid, shall before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof, within twenty years from the time of contracting the same: *And provided further*, That the corporate authorities of the city of St. Louis are hereby authorized to issue interest-bearing bondsof said city in the amount of $5,000,000 at a rate of interest not to exceed 4% per annum, the principal payable within thirty years from the date of their issue, and the proceeds thereof shall be paid to the corporation organized for the celebration of the Louisiana purchase centennial in said city, to be used by said corporation for said celebration, holding a world's fair or exposition in said city. And said corporate authorities of St. Louis shall be repaid as large a proportionate amount of the aid given by them as shall be repaid to the stockholders of said corporation on the sum subscribed and paid by them, and any surplus remaining from the assets of said corporation, after said stockholders and said city shall have been paid in full, shall be divided between said stockholders and said city in proportion to the aggregate amount of said stock so paid in and the amount so loaned by said city; and any amount so received by said city from said corporation shall be paid into the sinking fund of said city for the redemption of its outstanding bonds: *Provided*, That if, at the election for the adoption of this amendment to the Constitution, a majority of the votes cast within the limits of said city of St. Louis voting for and against this amendment shall be against its adoption, then no bonds shall be issued under this amendment; *and provided further*, That no such indebtedness so created shall be in any part thereof paid by the State or from any State revenue, tax or fund, but the same shall be paid by the city of St. Louis alone: *Provided*, That in the city of St. Louis the amount of bonds now aggregating $6,111,000, that being the amount assumed by said city in the scheme of separation from the county of St. Louis and the sum of $5,808,000 heretofore prior to Jan. 1 1901 expended in the construction of water works for the city of St. Louis and any bonds which may be hereafter issued by said city in the construction and improvement of water works, the payment of the interest whereon and the principal whereof shall be provided from the revenues of said water works; that is to say, the amount of said bonds which shall be outstanding at the time shall not be included in the computation of the existing bonded indebtedness in determining the amount of bonds authorized to be issued by said city with the assent of two-thirds of the voters under the provisions of this article, but said city shall be authorized at any time to issue, bonds with the assent aforesaid, to an amount, including outstanding indebtedness, other than that above named, to the amount of ten per cent of the value of the taxable property in said city, to be ascertained as above provided, and said city shall have power, with such assent of the voters, to issue bonds for the construction and improvement of water works, the interest whereon and the principal whereof shall be provided for from the income of said water works. Said city shall establish a sinking fund for the payment of the bonds so authorized according to the times fixed for the maturity of the same: *Provided, further*, that any city which now has or may hereafter attain a population of seventy-five thousand or more inhabitants may acquire, by purchase, condemnation or construction, water works, gas works, electric light works, street railways, telegraph and telephone systems, heating plants, ice or refrigeration plants, or any other plant, system or public service institution, within or outside of the limits of such city, for the use of the city or its citizens, and for the purpose of paying therefor, in whole or in part, may issue public utilities bonds, which public utilities bonds shall not be included in the liabilities or indebtedness of the city limited by the prior provisions of this section; but the total amount of such public utilities bonds to be issued by such city shall not exceed twenty per centum of the value of the taxable property in said city, to be ascertained as above specified. The principal of said public utilities bonds shall not constitute an obligation of the city enforceable out of the funds raised by taxation. Such city may also issue its bonds, other than public utilities bonds, for the payment, in whole or in part, for such public utilities, and such bonds, other than public utilities bonds, shall constitute a direct obligation of the city, but the total amount of such bonds, other than public utilities bonds, shall not exceed in the aggregate ten per centum of the taxable property therein, as hereinbefore provided, but such bonds, other than public utilities bonds, shall require the assent of two-thirds of all the legal votes case on that proposition. The ordinance authorizing the purchase, condemnation or construction of such public service plant or system shall provide what portion, if any, of the cost thereof shall be paid by issue of public utilities bonds, and what portion, if any, shall be paid by issue of general bonds of the city, other than public utilities bonds. The principal and the interest of such public utilities bonds shall be paid out of the earnings or sale of the utilities plant or system for the acquisition of which said issue was made, but the city may thereafter provide, by ordinance, for the payment in any year of any part of the interest or principal of said bonds due in that year, out of the general revenue of that year raised by general taxation. Such city shall have power to execute its mortgage or mortgages on any such utility, or any addition thereto, or extension thereof, to secure the payment of such public utilities bonds, and in case of default in the payment of such public utilities bonds, and the interest thereon or interest thereon, said bondholders, or their representatives, may apply to any court of competent jurisdiction, sitting in the county or city in which such city is located, and said court may, in its discretion, if said default continue, appoint a receiver to take charge of such property, and such receiver shall operate said property pending such proceeding in such court, and until a final decree of foreclosure in such proceeding, and for a period of one year thereafter, during which period the city may, upon payment to the bondholders of all indebtedness past due and court costs,, and receiver's obligations, retake said property, subject to its unmatured obligations. If said property is not thus retaken by the city in said period of redemption, said receiver shall deliver said property to such party as the court in such action may order, and thereupon all liability of the city on said bonds shall cease and determine and its rights as owner of said utility or plant shall cease and determine, and thereafter said utility or plant shall be operated by the party named in said order of court, or his successors or assigns, in conformity with and subject to the provisions of the ordinance authorizing the acquisition or purchase or construction of said public utility or plant, and the issuance of bonds therefor, but such city shall not issue any such public utilities bonds without the assent of four-sevenths of the voters thereof, voting on that proposition, at an election to be held for that purpose, and such proposition may be submitted at a special election or at a general election, in either of which events if four-sevenths of all of the legal votes cast on such proposition are in favor of the issue of said bonds, the city shall have authority to issue the same. Such utility may be acquired by condemnation proceedings in the same manner that such city may acquire real estate for public purposes, or in such other manner as may be provided by law. Such city may, by a vote of the people in the manner herein provided, take up any public utilities bonds and issue its general bonds in lieu thereof, and may take up any general bonds issued on account of any public utility and issue public utilities bonds in lieu thereof, whenever there exists such debt-making power of the city as will authorize the issue of such new bonds, but no substitution shall be made without the consent of the holders of such bonds.

Sec. 12a. *Certain Cities Allowed Additional Indebtedness for Water Works and Light Plants.*—Any city in this State, containing not more than 30,000 inhabitants, may, with the assent of two-thirds of the voters thereof, voting at an election held for that purpose, be allowed to become indebted in a larger amount than specified in Section 12 of Article X of the Constitution of this State, not exceeding an additional *ten per centum* on the value of the taxable property therein, for the purpose of purchasing or constructing water works, ice plants, electric or other light plants, to be owned exclusively by the city so purchasing or constructing the same: *Provided*, That any such city incurring such indebtedness requiring the assent of the voters as aforesaid, shall have power to provide for, and before or at the time of incurring such indebtedness shall provide for the collection of an annual tax, in addition to the other taxes provided for by this Constitution, sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within twenty years from the time of *contracting* the same, any provision in this Constitution to the contrary notwithstanding.

Another amendment submitted to the voters on Feb. 26 1924 would have combined Sections 12 and 12a into a new section (13) but this, too, was voted down (V. 118, p. 1438).

[See V. 104, p. 2258, for reference to decision handed down by the State Supreme Court on May 22 1917, ruling that county highways may be constructed through cities.]

SPECIAL ROAD DISTRICT BONDS.—Under authority of an Act passed at the 1923 legislative session, special road districts may incur indebtedness up to 5% of the assessed valuation of property in the district. The previous limit placed by this section (10747, Revised Statutes, 1919) was 10% of assessed valuation. Bonds issued by virtue of the section are to be in denominations of $100 and its multiples, are to bear interest at a rate not exceeding 6%, and are to mature within 20 years from issuance. (V. 117, p. 803.)

TAXATION OF MUNICIPAL BONDS.—In reply to our inquiry as to whether or not bonds or notes or other evidences of indebtedness issued by the State or any of its municipalities were exempt from taxation, we were advised under date of December 8 1911 by the Secretary of State that "bonds or notes or other evidences of indebtedness issued by this State are subject to taxation under the State constitution. There has been no legislation enacted exempting such papers from taxation."

Under the terms of Section 12766, Revised Statutes of 1919, as amended in 1923 (p. 375, Laws of 1923), State, county, town, city and township bonds are required to be listed as taxable property.

SECURED DEBT TAX LAW VOID.—The Supreme Court of Missouri on July 8 1921 held the secured debt tax law, passed by the 1917 Legislature, invalid.

SAVINGS BANK INVESTMENTS—PURPOSES FOR WHICH CORPORATION MAY BE CREATED—INVESTMENT OF DEPOSITS.—The law regulating the investments by Missouri savings banks is governed by Sections 11871 and 11872 of Article 5 of the Banking Laws of that State, revision of 1919, which read as follows:

Sec. 11871. Purposes for which corporation may be created—investment of deposits.—Corporations may be created under this article: First, for the purpose of receiving, for accumulation and safe-keeping, any deposit of money, from any person, corporation or society, and investing holding and repaying the same, crediting and paying interest thereon, as in this article authorized and provided, and not otherwise; and secondly, also, at its option, in connection therewith, for the purpose of taking and receiving as bailee for safe-keeping and storage only, jewelry, plate, money, specie, bullion, stocks, bonds, securities and valuable papers of any kind, and other valuables, and guaranteeing their safety, upon such terms and for such compensation as may be agreed upon; and to let out vaults, safes and other receptacles for the uses, purposes and benefits of such corporation. All sums so received, except those held as bailee for safe-keeping and storage only, and the income derived therefrom, and all moneys entrusted to any such corporation, by order of court or other lawful authority, shall be invested only as follows:

First—In bonds or interest-bearing notes or obligations of the United States, or those for which the faith of the United States is pledged for the payment of the interest and principal.

Second—In bonds of this State bearing interest.

Third—In bonds of any State in the Union that has not, within five years previous to making such investments by such corporation, defaulted in the payment of any part of either principal or interest thereof.

Fourth—In bonds of any city, county, town, township or school district of this State that has not defaulted in the payment of any part of either principal or interest thereof, within five years previous to making such investment; *and provided*, such bonded debt does not exceed 5%.

Fifth—In the bonds of any city, town or county which had, in each case, at the time of the investment, more than 20,000 inhabitants, as ascertained by the United States or State census made next preceding such investment in the States of Illinois, Ohio, Indiana, Michigan, Iowa, Kansas, Nebraska, Wisconsin, Colorado or Texas, issued pursuant to the authority of any law of such States: *Provided*, the entire bonded indebtedness of such city or county shall not exceed 5% of the assessed value of the taxable property therein, including the issue of bonds in which said investment is made, as shown by the last assessment preceding the investment; *and provided further*, that such city, town or county, or State in which it is situated, has not defaulted in the payment of any part of either principal or interest thereof within five years previous to making such investment. It shall not be lawful for any savings institution organized under this article to

invest more than 25% of its assets in the bonds of cities, towns or counties situated outside of this State, nor to invest more than 3% of its assets in the bonds of any one of such cities, towns or counties, nor to invest in more than 10% of all the bonds issued by any such city, town or county, nor to make any investment in the bonds of any city, town or county situated out of this State, which had been or shall be issued to aid in the construction of any railroad.

Sixth—In the first mortgage bonds of any steam railway, the income of which is sufficient to pay all operating expenses and fixed charges, and which is completed and operated, wholly or in part, in the following named States: Missouri, Indiana, Iowa, Minnesota, Kansas, Nebraska, Colorado, Michigan, Illinois, Wisconsin, Arkansas, Texas and Ohio, and which has paid the interest as it became due on its bonds for three years next preceding such investment, or in the first mortgage bonds of the Central Pacific, Northern Pacific, Union Pacific, New York Central, West Shore and Pennsylvania railway companies.

Seventh—In bonds or notes secured by first mortgages or deeds of trust on unencumbered real estate, worth at least twice the amount loaned thereon; but in case the loan is on unimproved and unproductive real estate, the amount loaned shall not be more than 40% of its actual value; but not to exceed 60% of the whole amount of the funds of the corporation shall be so loaned or invested, and no investment in any bond or note so secured shall be made, except upon the report of a committee charged with the duty of investigating the same, who shall certify to the value of the premises mortgaged, according to their best judgment, and such report shall be filed and preserved among the records of the institution.

Eighth—In real estate, subject to the provisions of Section 11872 of this article.—It shall be the duty of the directors of any such corporation, as soon as practicable, to invest such fund of money, by purchase or otherwise, in the securities named in Sections 11871 and 11872 of this article, with power from time to time to sell and reinvest the proceeds of such investment; but for the purpose of meeting current payments and expenses in excess of the receipts, any of the securities may be sold or pledged; and there shall be kept an available cash fund of not less than 15% of the whole amount of its assets, and the same, or any part thereof, together with the current receipts, over the payments, may be kept on hand or on deposit, payable on demand, in any bank or banking association in the State of Missouri, organized under any law of this State or of the United States, or with any safe deposit company or trust company incorporated under the laws of this State. The deposits in any one bank, safe deposit or trust company shall not exceed 20% of the total deposits, capital and surplus of the depositing bank. (R. S. 1909, Sec. 1147.)

Sec. 11872. May purchase and sell real estate, when.—It shall be lawful for such corporation to purchase, hold, sell and convey real estate, as follows:

First—A plot whereon is erected or to be erected a building or buildings requisite for the convenient transaction of its business, and from portions of which, not required for its own use, a revenue may be derived, the cost not to exceed the sum of $100,000, except in cities of over 300,000 inhabitants, when the cost shall not exceed $250,000.

Second—Such as shall be purchased by it at sales upon the foreclosure of mortgages or deeds of trust owned by such corporation, or upon judgments or decrees rendered for debts due to it, or purchased or taken in settlements to secure such debts; and all such real estate mentioned in this clause shall be sold by such corporation within five years after the same shall be vested in it, unless the bank commissioner shall extend the time within which such sale shall be made. No such corporation, nor any person acting in its behalf, shall negotiate, take or receive a fee, brokerage, commission or gift, or other consideration, for or on account of a loan made by and in behalf of such corporation other than appears on the face of the note or contract by which such loan purports to be made; but nothing contained herein shall apply to any reasonable charge for services in the examination of titles and the preparation of conveyance to such corporation as security for its loans. All sums paid for services, fees or otherwise, to a member of the board of directors shall be reported in detail at each regular meeting of the directors. All applications for loans shall be made in writing through the treasurer of the corporation, who shall keep a record thereof, showing the date, name of applicant, amount asked for and the security offered, and shall cause the same to be presented to the board of directors. (R. S. 1909, Sec. 1148.)

FEDERAL FARM LOAN BONDS.—In 1921 the State Legislature passed an Act—effective March 31 1921—providing "that trustees, guardians, curators, banks, savings banks, trust companies, insurance companies, assurance, casualty, fidelity and guaranty companies, and building and loan associations may invest any funds held by them in bonds issued under the provisions of the Act of Congress, approved July 17 1916, and known as the Federal Farm Loan Act, and that such bonds shall be accepted as security for all public deposits and in all cases where bonds are required by law to be deposited with any department or public official of this State."

POPULATION OF STATE.—

1920	3,404,055	1880	2,168,380	1840	383,702
1910	3,293,335	1870	1,721,295	1830	140,455
1900	3,106,665	1860	1,182,012	1820	66,557
1890	2,679,185	1850	682,044	1810	19,783

The proportion of the colored population was 6.70% in 1880, 5.70% in 1890, 5.2% in 1900, 4.8% in 1910 and 5.2% in 1920. In number, blacks were 90,405 in 1850, 118,503 in 1860, 118,071 in 1870, 145,350 in 1880, 154,131 in 1890, 161,234 in 1900, 157,452 in 1910 and 178,241 in 1920.

KANSAS CITY.

Kansas City is situated in Jackson County. Incorp. Feb. 4 1850. On Nov. 22 1921 19 proposals aggregating $17,800,000 were voted down. Included in these was an issue of $11,000,000 water works bonds. Voters defeated this because they feared that a charter amendment providing for a non-political water board, voted on at the same election, would not be approved. The amendment won by 2 to 1, however, and when the $11,000,000 bonds were placed before the voters on April 4 1922 they received a favorable vote. In a lengthy litigation the validity of this bond issue was upheld. On Nov. 21 1922 the people defeated a proposed new charter, and at the same time voted for the non-political board, defeating an alternative proposition calling for a water board appointed by the Mayor. On Feb. 24 1925 the voters adopted a new city charter. The charter provides, among other things, for a city manager form of government. New city charter upheld by State Supreme Court. (V. 121, p. 1371.)

ST. LOUIS.
St. Louis was formerly in St. Louis County, but on Aug. 22 1876 an election was held to separate city and county. This was declared carried Dec. 30 1876 and city is now a separate civil division. The County of St Louis remains, but the city lies outside of it. City was incorporated in 1822. A new city charter with provisions for the initiative, referendum and recall was adopted on June 30 1914. V. 99, p. 62.

All bonds are registered or coupon, interchangeable.
GOLD OR STERLING.—All bonds prior to 1923 issues of this city payable in U. S. gold or in £ sterling. Issues of 1923 and bonds issued thereafter payable in U. S. gold coin.
INT. on bonds due 1928 and 1931 is payable at Nat. Bank of Commerce, N. Y., or at Nat. Bank of Scotland (Ltd.), London, at the rate of $4.8665 per pound sterling; on bonds of 1923 at the Nat. Bank of Commerce, N. Y. Interest on all other bonds is payable at National Bank of Commerce, N. Y., or at office of J. S. Morgan & Co., London, at the option of holder.
TOTAL DEBT, SINK. FUNDS, &c.—The subjoined statement shows St. Louis's total municipal debt and the water debt, &c.:

	Oct. 1 '25.	*Apr.* 7 '24.
	$	$
Tot. bd. debt	35,138,000	27,514,000
Water dt., incl	6,225,000	3,863,000

Note.—Under the charter the Municipal Assembly must appropriate $1,200,000 annually with which to pay debt and interest thereon. That portion of each annual appropriation not required for the payment of interest constitutes the sinking fund for redemption of debt existing Apr. 7 1890, and bonds issued in the renewal thereof. On the basis of renewing the city's bonded debt at 4%, the debt for which this sinking fund was established will be extinguished in 1925. The sinking fund April 13 1925 was $9,868,434.
CONSTITUTIONAL AMENDMENTS.—By constitutional amendments adopted Nov. 1902, the city is empowered to exempt water-works indebtedness, which now amounts to $6,225,000, in determining the limit of indebtedness. V. 75, p. 1165.
On Nov. 4 1924 a proposed amendment affecting Article IX. of State constitution, and authorizing the voters of the city of St. Louis and St. Louis County to consolidate the territories and governments thereof into one local subdivision of the State was carried (see items under Missouri (State of), V. 119, p. 1980 and 2553). Another amendment also voted on Nov. 4 1924, and which proposed to amend Section 22 o-Article IX., so as to provide for two houses in the Municipal Assembly in St. Louis, instead of one, was defeated (see items under Missouri (State of), V. 119, p. 1980 and 2553).
NET DEBT Oct 1 1925..$25,269,566
Borrow. capacity do 94,285,500
CITY PROPERTY.—The city owns its water works (valued at $23,500,000), the revenue from which for water rates, permits &c. for the fiscal year 1925 was $3,306,915.65 In addition to the water works, the city owns property valued at $90,524,000, consisting of hospitals, insane asylums and poor-house, city-hall, court-house, jail, house of correction and work-house, engine houses, markets, police stations, parks, &c.
ASSESSED VALUATION.—The city's assessed valuation, including real estate, personal property and railroad, bridge, telegraph, express and street railway property (abt. 90% act. val.) and tax rates have been:

Years.	*Assessed Valuation.*	*City tax per* $1,000.
1923-24	$1,075,099,930	$15.90
1923-24	1,003,124,460	15.10
1922-23	987,000,000	14.90

Bonded debt	$27,859,000	$22,059,000	$15,192,000	$9,502,000

The sinking fund against the debt as of Aug. 31 1925 was $726,880.
The total cash on hand Aug. 31 1925 amounted to $6,450,723.

BONDS OF NORTH DAKOTA.—The 1919 Legislature enacted laws providing for the issuance of $17,000,000 of bonds as follows: $5,000,000 Mill and Elevator series, $2,000,000 Bank series and $10,000,000 Real Estate series. The bonds are to bear no more than 6%, payable semi-annually Jan. 1 and July 1. They are free of all State, county and municipal taxes. The legality of the Mill and Elevator and Real Estate bonds has been passed upon by the Supreme Court of North Dakota in the case of the State of North Dakota ex rel. William Langer, Attorney-General, vs. Thomas Hall, as Secretary of State, and by the United States District Court for the District of North Dakota in the case of John W. Scott et al. vs. Lynn J. Frazier, William Langer and John N. Hagan, acting as the Industrial Commission of North Dakota et al. The Supreme Court of the United States on June 1 1920 upheld the decision of the State Supreme Court. See "Chronicle" of July 3 1920, page 34. Numerous attempts by the State Industrial Commission and the Bank of North Dakota (a State institution) to sell these bonds proved fruitless. In October 1921 bonds totaling $6,100,000 were sold by the State Industrial Commission at par to the Bank of North Dakota, which in turn sold them below par. Exception was taken to this sale by a group of taxpayers, who filed a suit in the State Supreme Court, contending that the sale violated the law which provides for the sale of bonds at par. The (Nonpartisan) Industrial Commission, before being obliged to relinquish office on Nov. 23 1921 (as the result of the recall election), signed a contract for the sale of all the remaining authorized bond issues at par. But the incoming Commission modified the arrangement through the negotiation of a new contract. By this new contrac the amount of bonds sold was reduced from $12,300,000 to $6,200,000. The Supreme Court ruled on Dec. 22 1921 that the bonds of the State must be sold at par for cash and without a commission to the purchaser.

At the 1919 special session the Legislature passed an Act authorizing $2,000,000 Home Building Bonds, to bear no more than 6%. These bonds were never sold, and the Act was repealed by Chapter 290, Laws of 1923.

On June 28 1922 the people of the State, by 99,866 to 58,186, voted to increase from $10,000,000 to $20,000,000 the amount of bonds that might be issued under the terms of the Real Estate Bond Act of 1919.

In 1923 the Legislature authorized $2,000,000 Milling Bonds, to bear no more than 6% interest. The same Legislature passed an Act authorizing the issuance of $25,000,000 Real Estate Series bonds, bearing no more than 6%. Both issues are to be free of taxation.

NON-PARTISAN LEAGUE.—A five-year experiment in State-wide Socialism terminated on Nov. 23 1921, when the Non-Partisan League officials, consisting of Lynn J. Frazier, Governor; William Lemke, Attorney-General, and John N. Hagan, Commissioner of Agriculture, were succeeded by R. A. Nestos, Sveinbjorn Johnson and Joseph A. Kitchen, respectively, as a result of the recall election held Oct. 28 1921. (V. 113, p. 2422.)

ASSESSED VALUATION.—The State's assessed valuation for the years 1914 to 1923, inclusive, as shown by abstracts of the tax lists, and tax rates were as follows:

Year.	*Real Estate.*	*Personal Property.*	x *Public Utilities.*	*Total Valuation.*	*Tax Rate per* $1,000.
1914 ---	$209 508 474	$51,430,295	$47,112,860	$308,051,629	$4.30

x Railroad telephone and telegraph express street railway and Pullman car property.

* Valuation of railway property as fixed by the State Board of Equalization for the years 1917 and 1918 was $70,805,238 and $77,849,105 respectively. These valuations were contested in Federal Court and the final valuation of railway property in this State for the year 1917 as left by Court decree amounted to $61,337,276, and for the year 1918 amounted to $66,444,699.

The valuation of farm real property ,city and village real property and personal property (including railroad, telephone, telegraph, express, street railway and Pullman property) and tax rates for a series of years, as shown by abstracts of tax lists, was as follows:

Year.	*Lands.* (a)	*Town & City Lots* (b)	*Personal Property.*	*Total Value.*	*Tax Rate per* $1,000.
1890	$53,483,206	$11 482,169	$24,148,393	$88,896,291	$4.50

a Value of lands (other than town lots), including structures thereon.
b Value of town and city lots, including structures thereon.

DEBT LIMITATION.—The limitations to the debt-making power of the State and municipalities of North Dakota are found in Article XII of its Constition as amended in 1918 and 1920. The provisions with reference to the matter are as follows:

SECTION 182. The State may issue or guarantee the payment of bonds, provided that all bonds in excess of $2,000,000 shall be secured by first mortgages upon real estate in amounts not to exceed one-half of its value; or upon real and personal property of State-owned utilities, enterprises or industries in amounts not exceeding its value and, provided, further, that the State shall not issue or guarantee bonds upon property of State-owned utilities, enterprises or industries in excess of $10,000,000.

No future indebtedness shall be incurred by the State unless evidenced by a bond issue, which shall be authorized by law for certain purposes, to be clearly defined. Every law authorizing a bond issue shall provide for levying an annual tax, or make other provisions, sufficient to pay the interest semi-annually, and the principal within thirty years from the passage of such law, and shall specially appropriate the proceeds of such tax, or of such other provisions, to the payment of said principal and interest, and such appropriation shall not be repealed nor the tax or other provisions discontinued until such debt, both principal and interest, shall have been paid. No debt in excess of the limit named herein shall be incurred except for the purpose of repelling invasion, suppressing insurrection, defending the State in time of war or to provide for the public defense in case of threatened hostilities.

SECTION 183. The debt of any county, township, city, town, school district, or any other political subdivision, shall never exceed five (5) per centum upon the assessed value of the taxable property therein; provided, that any incorporated city may, by a two-thirds vote, increase such indebtedness three (3) per centum on such assessed value beyond said five (5) per cent limit, and a school district, by a majority vote may increase such indebtedness 5% on such assessed value beyond said 5% limit; provided also that any county or city by a majority vote may issue bonds upon any revenue producing utility owned by such county or city, or for the purchasing or acquiring the same or building or establishment thereof, in amounts not exceeding the physical value of such utility, industry or enterprise. In estimating the indebtedness which a city, county, township, school district or any other political subdivision may incur, the entire amount, exclusive of the bonds upon said revenue-producing utilities, whether contracted prior or subsequent to the adoption of this constitution, shall be included provided, further, that any incorporated city may become indebted in any amount not exceeding four (4) per centum on such assessed value without regard to the existing indebtedness of such city, or for the purpose of constructing or purchasing water-works, for furnishing a supply of water to the inhabitants of such city, or for the purpose of constructing sewers, and for no other purpose whatever. All bonds or obligations in excess of the amount of indebtedness permitted by this constitution given by any city, county, township, town, school district, or any other political subdivision, shall be void.

SECTION 184. Any city, county, township, town, school district, or any other political subdivision, incurring indebtedness, shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

SECTION 185 (as amended by Article 18 of amendment). The State, any county or city may make internal improvements and may engage in any industry, enterprise or business not prohibited by Article 20 of the Constitution, but neither the State nor any political subdivision thereof shall otherwise loan or give its credit or make donations to or in aid of any individual, association or corporation except for reasonable support of the poor, nor subscribe to or become the owner of capital stock in any association or corporation.

Article 20 mentioned in the above paragraph prohibits the manufacture and sale of intoxicating liquors.

NOT VALID UNLESS ENDORSED BY AUDITOR, ETC.

SECTION 187. No bond or evidence of indebtedness of the State shall be valid unless the same shall have endorsed thereon a certificate signed by the Auditor and Secretary of State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond of evidence of debt of any county, or bond of any township or other political subdivision, shall be valid unless the same have endorsed thereon a certificate signed by the County Auditor, or other officer authorized by law to sign such certificate, stating that said bond or evidence of debt is issued pursuant to law and is within the debt limit

BONDS NOT SOLD AT LESS THAN PAR.—Chapter 327, Laws of 1923, provides that no county, city, village, school district or township bonds may be issued at less than par.

BONDS MUST BE AUTHORIZED BY VOTERS.—Three Acts, general in application, were passed by the 1925 Legislature with regard to bonds issued by the subdivisions of the State. Chapter 98 provides that all bonds issued must at first be authorized by a vote of the qualified voters. Under Chapter 99 bonds, including refunding funds, issued under lawful

authority by any county, city, village, school district, park district or any other subdivision within the State, may be serial in form and number from one upward consecutively. By Chapter 97, "all county, city, village and school district bonds, the issue of which has been or shall hereafter be duly authorized, and which are not sold within three years of the date of the authorization of the issue thereof either by vote of electors of the political subdivision authorizing the same, or otherwise as by law provided, are and shall be, with the expiration of such three-year period, cancelled and of no force and effect."

BANK OF NORTH DAKOTA.—The 1919 Legislature passed an Act declaring the purpose of the State of North Dakota to engage in the banking business and establish a system of banking under the name of the "Bank of North Dakota," operated by the State. This Act was approved by the voters at a special election held June 26 1919 by a vote of 61,495 for to 48,239 against. The Act provided for the issuance of $2,000,000 of bonds, the proceeds of which were designated as the capital of the Bank. The Bank opened for business on July 28 1919

COUNTIES PERMITTED TO ISSUE BONDS FOR PURCHASE OF SEED AND FEED.—The State Attorney-General has given an opinion that counties may issue bonds for the purchase of seed and feed to be sold to farmers of the State at cost. V. 105, p. 2560.

TAXATION OF MONEY AND CREDITS (State and Municipal Bonds).—The 1915 Legislature passed an Act (Chapter 255) making "money" and "credits" subject to an annual tax of two mills on the dollar. This tax was increased to three mills by Chapter 230, Laws of 1917. "Moneys and "credits" include State and municipal bonds. However, bonds of the State of North Dakota, or at least all those issued in and since 1919, are exempt from taxation under the terms of the acts authorizing their issuance.

TAX LEVY LIMITATION.—Under an Act of the 1923 Legislature, tax limits are put on levies assessed by the various political subdivisions throughout the State. County levies are not to exceed 2½ mills on the dollar of the net taxable assessed valuation; city levies are limite to 14 mills; village levies to 10 mills; township levies to 5 mills; park districts to 2 mills, and school districts to 14 mills. There are, however, several exceptions to these limits. Counties may, under Chapter 231, Laws of 1919, which permits counties to levy taxes for road and bridge purposes, levy taxes not to exceed 3 mills on the dollar of the taxable assessed valuation. School districts which give two years of standard high school work and school districts maintaining a consolidated school may increase the levy to 16 mills on the dollar, and districts giving 4 years of standard high school work may increase the levy to 18 mills. A further provision for levying taxes in excess of the prescribed limits is made. The limits may be exceeded by 40% if the increase is approved by a majority of the voters, and by 50% if approved by two-thirds of the voters.

The limits fixed in this Act are not applicable to irrigation or drainage districts, or to special assessments levied in cities and villages; or to levies made for the purpose of paying bonded indebtedness, or the county tuition levy provided for by Section 1224, Compiled Laws of 1913; or to levies made to combat the grasshopper and the gopher.

INITIATED TAX MEASURES DEFEATED.—On Nov. 4 1924 there was submitted to the voters and defeated a "Proposed Initiated Tax Law," which would have reduced and limited the taxes, revenue and expenditures of all departments of Government, including the State, county, city, village, township, school district and park district (see V. 119, p. 2786).

SAVINGS BANK INVESTMENTS.—Section 5198 of the laws of North Dakota relating to State banks and savings banks, as amended by Chapter 60, Laws 1917, contains the provisions regulating the investment of funds of all savings banks. We publish Section 5198 in full below

Section 5198. Investment of Funds.—A savings bank incorporated hereunder shall invest its capital, its deposits, its surplus and its profit only as follows:

First: In bonds of the United States.

Second: In bonds or evidences of debt in this State or in the bonds of other States in the Union.

Third: In bonds or warrants of any county in this State, or in the bonds or warrants of any city in this State, or any special improvement district therein, or in the bonds or warrants of any village, township, school district or drainage district in this State, issued pursuant to the authority of law, but not exceeding 30% of the assets of such savings bank shall be invested in such bonds and warrants.

Fourth: In notes or bonds secured by mortgage or deed of trust upon unincumbered real estate in this State, which real estate shall be worth, exclusive of all improvements, at least twice the amount loaned thereon, but, in addition thereto, there may be loaned 30% of an appraised value of any buildings on said real estate provided fire insurance policies are maintained and deposited as collateral to such mortgage.

Fifth: In the mortgage bonds of any railroad corporation, incorporated under the laws of any State of the United States, provided, that during each of the ten fiscal years of such railroad corporation next preceding the date of such investment:

1. Such railroad corporation shall have paid the matured principal and interest of all its mortgage indebtedness.
2. Such railroad shall have paid in dividends in cash to its stockholders, an amount of at least 4% per annum upon all its outstanding stock of every class.

Sixth: To the extent of 60% of the total demand deposits in promissory notes due not more than one year from the date of loan, provided, that where there are pledged securities such as such corporation is by this chapter authorized to invest its funds, there may be loaned an amount not to exceed 80% of the value of such securities, and provided, further, that no such loan shall be made to a person in excess of 5% of the total demand deposits, and in no event more than 15% of the capital stock and surplus.

POPULATION OF STATE.—The population of North Dakota in 1920 (Census) was 646,872; in 1915, 636,956; in 1910 (Census), 577,056; in 1900 319,146; in 1890, 190,983; in 1880, 36,909; in 1870, 14,181; in 1860, 4,837. The figures for 1860 and 1870 are for both North and South Dakota.

LEGISLATURE meets biennially in odd years on the Tuesday after the first Monday in January, and sessions are limited to sixty days.

HISTORY OF DEBT.—For history of State debt see "State and City Supplement" of April 1893, page 118.

TOTAL DEBT, ETC.—The total bonded debt of the State on June 30 1925 was $61,000,000. Cash in general fund June 30 1925, $1,249,059.59. The State, it is stated, holds in trust, for payment of its rural credit bonds, $46,500,000.

Interest payable at the Continental & Commercial Trust & Savings Bank, Chicago; First National Bank, New York; Guaranty Trust Co., New York; Drake-Ballard Co.; Blodget & Co., National Park Bank, and Corn Exchange Bank, New York.

The details of the bonded debt follow:

EQUALIZED VALUATION.—The following statement shows the total valuation of real estate, personal, moneys and credit, railroad property, telegraph, telephone, express and sleeping-car and private car companies, as equalized by the State Board of Assessment and Equalization:

Year	*Valuation.*	*Year.*	*Valuation.*
1925	$1,798,369,737	1908	$281,654,712
1924	1,876,112,767	1906	222,426,469
1923	1,941,420,693	1905	219,647,674
1922	1,977,127,560	1904	214,239,028
1921	2,064,602,116	1902	187,531,381
1920	2,064,408,790	1900	172,255,085
1919	1,598,313,577	1899	158,330,111
1915	1,266,092,165	1898	118,580,496
1914	1,212,000,000	1897	120,175,431
1913	$1,195,402,548	1896	119,391,156
1912	354,278,413	1894	128,046,765
1910	337,702,276	1893	136,032,840

§ The State constitution requires that all property shall be assessed at full value, but until 1913 there was no real attempt to comply with this requirement. By virtue of the powers vested in the Tax Commission created by an Act passed at the 1913 Legislature (Chapter 352), a vigorous effort has been made to have all property in the State assessed at full value, and this will account for the great increase in the 1913 total of the assessments. Prior to 1913, assessments were on a basis of from 15% to 40% of the actual value.

Included in the 1925 figures are moneys and credits in the amount of $77,162,884 which are taxed separately at a flat rate of 4 mills on the dollar.

TAX RATE.—The tax rate (per $1,000) for 1925 was $2.73.

DEBT LIMITATION.—The debt-creating powers of the State and its various subdivisions are defined in Article XIII of the Constitution. Previous to 1916 the limitations upon the creation of debt were very stringent, the State and its political subdivisions being prohibited from lending or giving their credit in aid of any individual, association or corporation. The only indebtedness the State could contract was for defraying expenses, making public improvements, or to meet casual deficits, in an amount not to exceed $100,000, and in defending the State and the United States in time of war. By an amendment made in 1916, the State and the counties were empowered to establish a system of rural credits. The limitations upon the State were further loosened in 1918, when an amendment was adopted giving the State authority to engage in works of internal improvement and to loan or give its credit in aid of any association or corporation and to hold the stock of corporations engaged in internal improvements, such corporations to be controlled by the State as provided by law. Counties, cities, towns, &c., may not borrow in an amount in excess of 5% of the assessed valuation; additional provision is made for debt equal to 10%, for water, sewers and irrigation; in cities of 8,000 or more population, a debt not to exceed 8% of the valuation may be created for constructing street railways and light plants; no debt is to be incurred by any of these subdivisions unless authorized by a majority of the electors. The sections regulating the incurring of debt follow:

SECTION 1. For the purpose of developing the resources and improving the economic facilities of South Dakota, the State may engage in works of internal improvement, may own and conduct proper business enterprises, may loan or give its credit to, or in aid of, any association, or corporation, and may become the owner of the capital stock of corporations, organized for such purposes. But any such association or corporation shall be subject to regulation and control by the State as may be provided by law. No money of the State shall be appropriated, or indebtedness incurred for any of the purposes of this section, except by the vote of two-thirds of the members of each branch of the Legislature. The State may also assume or pay any debt or liability incurred in time of war for the defense of the State. The State, or any county, or two or more counties jointly, may establish and maintain a system of rural credits and thereby loan money and extend credit to the people of the State upon real estate security in such manner and upon such terms and conditions as may be prescribed by general law. The limit of indebtedness contained in Section 2 of this article shall not apply to the provisions of this section, but the indebtedness of the State for the purposes contained in this section, other than for rural credits, shall never exceed one-half of one per cent of the assessed valuation of the property of the State.

SECTION 2. For the purpose of defraying extraordinary expenses and making public improvements, or to meet casual deficits or failure in revenue, the State may contract debts never to exceed with previous debts in the aggregate $100,000, and no greater indebtedness shall be incurred except for the purpose of repelling invasion, suppressing insurrection or defending the State or the United States in war and provision shall be made by law for the payment of the interest annually and the principal when due, by tax levied for the purpose or from other sources of revenue; which law providing for the payment of such interest and principal by such tax or otherwise shall be irrepealable until such debt is paid: provided, however, the State of South Dakota shall have the power to refund the Territorial debt assumed by the State of South Dakota by bonds of the State of South Dakota.

SECTION 3. That the indebtedness of the State of South Dakota limited by section 2 of this article shall be in addition to the debt of the Territory of Dakota assumed by and agreed to be paid by South Dakota.

SECTION 4. The debt of any county, city, town, school district, civil township or other subdivision, shall never exceed *five* (5) *per centum* upon the assessed valuation of the taxable property therein, for the year preceding that in which said indebtedness is incurred. In estimating the amount of indebtedness which a municipality or sub-division may incur the amount of indebtedness contracted prior to the adoption of the constitution shall be included:

"Provided, That any county, municipal corporation, civil township, district or other subdivision may incur an additional indebtedness not exceeding ten per centum upon the assessed valuation of the taxable property therein for the year preceding that in which said indebtedness is incurred, for the purpose of providing water and sewerage, for irrigation, domestic uses, sewerage and other purposes; and

Provided, further, That in a city where the population is 8,000 or more, such city may incur an indebtedness not exceeding eight per centum upon the assessed valuation of the taxable property therein for the year next preceding that in which said indebtedness is incurred for the purpose of constructing street railways, electric lights or other lighting plants.

Provided, further, That no county, municipal corporation, civil township, district or subdivision shall be included within such district or subdivision without a majority vote in favor thereof of the electors of the county, municipal corporation, civil township, district or other subdivision, as the case may be, which is proposed to be included therein, and no such debt shall ever be incurred for any of the purposes in this section provided, unless authorized by a vote in favor thereof by a majority of the electors of such county, municipal corporation, civil township, district or subdivision incurring the same.

SECTION 5. Any city, county, town, school district or any othe subdivision incurring indebtedness shall, at or before the time of so doing, provide for the collection of an annual tax sufficient to pay the interest, and also the principal thereof when due, and all laws or ordinances providing for the payment of the interest or principal of any debt shall be irrepealable until such debt be paid.

SECTION 9. The construction and maintenance of good roads and the supplying of coal to the people of the State from the lands belonging to the State are works of necessity and importance in which the State may engage but no expenditure of money for the same shall be made except by the vote of a two-thirds majority of the legislature.

RURAL CREDIT BONDS.—Section 10151 of Chapter 266 of the Revised Code of 1919, as amended by Chapter 266, Laws of 1925, provides in part that "No further issuance of bonds shall be permitted by the Rural Credit Board, except for the purpose of refunding outstanding bonds and for the purpose of paying interest upon outstanding bonds in the event no other funds are available for such purpose, and in no event shall the bonded and warrant indebtedness of the State under this Act exceed the sum of $50,000,000."

COUNTY AND CENTRAL HIGH SCHOOL DISTRICT BONDS.—Chapter 174, Laws of 1923, authorizes the establishment of county and central high school districts, and grants to such districts power to incur indebtedness up to 2% of the assessed valuation of property, in addition to bonds issued under the 5% limit placed upon other county indebtedness. See V. 117, p. 690.

TAXATION OF MUNICIPAL BONDS.—On Jan. 30 1919 the Supreme Court of South Dakota in the case of National Surety Co. vs. Starkey, County Treasurer, reversed the decision of the Circuit Court of Hughes County which had held that municipal bonds as "public securities" and "property" were taxable in that the Constitution does not expressly exempt them. In the opinion handed down in the case the Supreme Court said:

"To summarize in a few words our conclusion: If we were to consider the bonds before us merely as property and disregard the purpose for which they were issued—disregard the fact that they are governmental instrumentalities—we should hold them taxable; but, when we regard them, not merely as property but as governmental instrumentalities of a Sovereign State, superior intervening public policy grounded upon one of the Sovereign powers of the State compels us to the conclusion (there being no express language in the Constitution to the contrary) that the public securities of a State, and of its counties and municipalities were not intended to be included either in the term "property" or the term "bond" as such terms are used in that article of our Constitution relating to taxation."

Chapter 109 of Laws of 1919 (Sec. 8, subdiv. 5) exempts from listing on the tax rolls municipal and United States bonds.

Section 20 of Chapter 333, Laws of 1917, provides that all warrants or bonds issued by the State Highway Commission shall be free from all general taxes, State, county and municipal, and shall not be subject to State income tax. A similar Act was passed by the 1921 Legislature (Chapter 127), exempting the bonds issued by the State Highway Commission.

SAVINGS BANK INVESTMENTS.—There are no laws in this State specifying any particular securities for investment. Such investments, it appears, are made at the discretion of officials of savings banks.

POPULATION OF STATE.—The population of South Dakota has been reported as follows in the years named. The figures for 1900 include Indians and whites on Indian reservations, who in previous years were excluded from the enumeration. The aggregate of such persons in 1890 was 19,792, and should be added to the total for that year in making comparisons. These figures were not reported for 1910. The number of Indians alone included in the population for 1910 and 1920 was 20,303 and 16,384, respectively.

1920	636,547	1910	583,888	1890	348,600	1870	*14,181
1915	582,765	1900	401,570	1880	98,268	1860	*4,837

*This is the total for both North and South Dakota.

LEGISLATURE meets biennially in odd years on the 1st Tuesday of January, and there is no limit to length of sessions. Members of the Legislature shall receive the sum of $800 for attendance at each regular session and $10 for each day in actual attendance at special sessions, but compensation for special session shall not exceed $100.

HISTORY OF DEBT.—For early history of the State debt see "State and City Supplement" of April 1893, page 119.

This State has no *bonded* indebtedness at present. The bonded debt, which in 1892 amounted to $549,267, was gradually reduced until June 3 1900, when the last remaining $35,000 was paid off. The overdraft on the general fund on Oct. 1 1925 amounted to $431,444.50

PERMANENT SCHOOL FUNDS.—The investments of the school funds on Oct. 1 1925 amounted to $11,576,190.92, held as follows: Permanent School fund, $10,565 442 91: University fund, $279.593; Agricultural College endowment fund, $645,134.18; Normal College endowment fund, $80,720.83, and the Bessey Memorial endowment fund, $5,300.

The amount of cash on hand in these various funds on Oct. 1 1925 amounted to $32,781.23.

The following table shows the total bonded debt of the various subdivisions of the State on June 30 1924:

Counties	$7,050,387
Precincts	373,100
School districts	20,082,236
Cities and villages	55,008,857
Irrigation and drainage districts	4 386,354
Total	$95,900,934

LAW RELATIVE TO FISCAL AGENTS.—Chapter 7 of the Laws of 1917, approved April 21 1917, published in full in V. 105, p. 1120, provides that thereafter all bonds and coupons issued by the State shall be payable at the State Treasurer's office, and those issued by any county or political subdivision thereof, shall be payable at the County Treasurer's office. The Act amends Sections 365 and 366, Revised Statutes of 1913, and repeals said original sections which made the State Treasurer the fiscal agent for the payment of *all* bonds and coupons issued throughout the State of Nebraska.

ASSESSED VALUATION.—The total assessed valuation and tax rate per $1,000 have been:

Years.	*Total Assessed Valuation.*	*Tax Rate per $1,000.*
1924	3,184,855,128	$1.80
1923	3,198,716,671	2.00
1922	3,191,804,071	2.30
1921	3,312,709,411	3.30
1920	762,284,909	10.39
1919	568,921,570	13.00
1918	567,947,914	7.68

NEBRASKA
MUNICIPALS
We invite inquiries as to sale, purchase or information.
The Omaha Trust Co.
OMAHA, NEBRASKA

In 1913 the Legislature passed a general revenue law—Chapter 73. Under this law property was assessed at 20% actual value, whereas in earlier years the proportion seems to have been much lower. In 1921 the Legislature changed this law so that now property is assessed at its actual value. This explains the large increase in the figures beginning with the year 1921.

METHOD OF ASSESSING.—Section 1 of Chapter 133 of Article 2 of the Laws of 1921 reads: "All property in this State not expressly exempt therefrom shall be subject to taxation, and shall be valued and assessed at its actual value. Actual value as used in this Act shall mean its value in the market in the ordinary course of trade."

DEBT LIMITATION.—Section 1 of Article XIII of the constitution of 1875, (now Section 1 of Art. XIII of the amended constitution, of 1919-20) contains the following regarding public indebtedness.

STATE indebtedness is restricted to $100,000 to meet casual deficits in revenues, except in case of invasion, &c., while the loaning by the State of its credit is prohibited.

As to city and other municipal indebtedness, this is left to the Legislature, except that it is provided by Sec. 2 of Article XIII, that no city, county, town, precinct, municipality or other subdivision of the State shall ever make donations to any railroad or other works of internal improvement, unless a proposition so to do shall have been first submitted to the qualified electors thereof at an election by authority of law; *provided*, that such donations of a county with the donations of such subdivisions in the aggregate shall not exceed ten per cent (10%) of the assessed valuation of such county, *provided, further*, that any city or county may, by a two-thirds (2-3) vote, increase such indebtedness five per cent (5%), in addition to such ten per cent (10%), and no bonds or evidences of indebtedness so issued shall be valid unless the same shall have endorsed thereon a certificate signed by the Secretary and Auditor of State, showing that the same is issued pursuant to law.

Legislative regulation of public bond issues is very extensive. We can only attempt to give a very brief outline of the laws.

PROVISIONS REFERRING TO METROPOLITAN CITIES.—Chapters 40 and 41 of the Compiled Statutes of 1922 are devoted to first-class cities of over 100,000, known as metropolitan cities, of which there is only one in the State at the present time—Omaha. Such cities may issue bonds up to 5% of the actual value of taxable property, bonds issued for water, gas, electric light and power, subways, conduits, or other public utilities the income from which is sufficient to meet the bond obligations, and bonds secured by pledges of special assessment sinking funds, are not to be included in the debt total in computing the debt limit. Metropolitan cities may not issue bonds bearing interest at a rate in excess of 5½%, and may not sell bonds at less than par; the specific exception being made that water district bonds may bear 6% interest. The amount of bonds that may be issued annually by metropolitan cities for specific purposes is limited by the statutes as follows: Sewers, $500,000; comfort stations, $50,000, without vote of electors; parks, $100,000 without vote of electors and $250,000 with vote of electors; fire engine houses, $30,000; auditoriums, $225,000 with vote of electors; to pay off floating debt, $500,000 with vote of electors. Other purposes for which bonds may be issued, when authorized by the voters, are: Subways and conduits, public buildings, bridges, gas works, water works, electric light plants, power plants, or any other necessary or proper municipal purpose. Bonds may be issued for the purpose of refunding outstanding bonds without a vote.

INDEBTEDNESS OF OTHER SUBDIVISIONS.—Regulation of indebtedness of counties, school districts and municipalities is found in Chapter 7, Part II, Compiled Statutes of 1922. The debts of cities and counties are subject to a general limiattion of 10% of the assessed valuation of taxable property. We find in Sections 330 and 331 that any precinct, township, city of the second class, or village, is "authorized to issue bonds in aid of works of internal improvements, such as improving streets in cities of the second class, and villages, highways, bridges, court houses, jails, city and town halls, high schools, county high schools, school dormitories, and the drainage of swamp and wet lands, within such municipal divisions, and for the construction or purchase of a telephone system for use of the inhabitants thereof, to an extent not exceeding 10% of the assessed value of the taxable property," upon the approval of two-thirds of the voters. Section 333 provides that counties may issue bonds to pay outstanding bonds warrants and other indebtedness, in amount not to exceed 10% of the assessed valuation, with the voters' approval; Section 335 forbids the sale of these bonds at less than par. Section 368 provides in regard to county school districts that "the aggregate amount of school bonds issued for all purposes in school districts . . . shall, in no event, exceed 30% of the last assessed valuation of such school district." School district bonds must receive the approval of three-fifths of the voters is the provision of Section 366. Under authority of Sections 322, 323, 324 and 325, as amended by Chapter 69, Laws of 1923, counties and cities may issue bonds, with the approval of 60% of the voters, to aid in the construction of a railroad, or for other internal improvements, not to exceed 10% of the assessed valuation of taxable property.

POWER PLANT, ELECTRIC AND LIGHT WORKS AND WATER SUPPLY BONDS.—Chapter 45, Compiled Statutes of 1922, Section 4394, grants to cities of the second class and villages authority to issue bonds up to 7% of the actual valuation of property for power plant, electric and light works purposes, provided the bonds receive the approval of 60% of the voters.

Chapter 46, Section 4398, provides that any city of the first or second class, or any village, may issue bonds for heat and light plants up to 20% of the assessed value of property, if made on the one-fifth value of property, or 4% if made on the full value of property, and for ice plants up to 5% of the taxable value of property.

Section 4292 as amended by Chapter 41, Laws of 1925, provides that cities of the second class and villages may issue bonds up to 7% of the actual value of taxable property for the purchase of steam engines or fire extinguishing apparatus, and for the purchase, erection and construction and maintenance of water works, mains, portion or extension of any system of water works or water supply, or to pay for water furnished such city or village under contract. Cities of the second class and villages are also authorized and empowered under Section 4293 to issue "water works extension bonds" in addition to the amount of indebtedness now authorized by law for water works up to 5% of the actual value of taxable property. A three-fifths majority of the voters must be had in each instance before the bonds can be issued.

IRRIGATION, POWER, DRAINAGE AND SANITARY DISTRICT INDEBTEDNESS.—Section 1829 of the 1922 Compiled Statutes authorizes drainage districts to borrow money, but not exceeding the amount certified by the district engineer as being required. The bonds may bear no more than 6% interest, and may not be sold at less than par.

Sanitary districts are authorized by Section 1870 to issue bonds up to 4% of the assessed valuation of property.

Sections 2869 and 2870, as amended by Chapter 96, Laws of 1923, allow irrigation districts to issue bonds for improvements, but not in excess of the cost of the work. The bonds bear 6% interest, and may not be sold at less than 90.

Under Chapter 128, Laws of 1925, an irrigation district may also issue bonds subject to the approval of voters, however, in consideration of the discharge of judgments held against it, in consideration of the surrender and cancellation of its outstanding bonds, and in consideration of the surrender and cancellation of its outstanding notes and or warrants. Such bonds would bear interest at a rate not exceeding 6%, payable semi-annually and would mature in not exceeding 50 years; optional, at the option of the issuing district, before maturity, at par and interest.

Light, heat and power districts are empowered by Section 7153, 1922 Compiled Statutes, as amended by Chapter 169, Laws of 1923, to incur indebtedness in an amount not to exceed 6% of the assessed valuation of property. (The law of which the cited section formed a part was held invalid by the State Supreme Court during the latter part of 1924. Case Elliott vs. Wille, et al., 112 Neb.—6200 Northwestern Reporter, 347.)

☞ STATE AND MUNICIPAL BONDS TAX FREE.—State Tax Commissioner's office advises us that under a decision rendered by the State Supreme Court in 1922 bonds of the State of Nebraska and its governmental subdivisions are not subject to taxation.

SAVINGS BANK INVESTMENTS—POWERS—DEPOSITS.—Savings banks in Nebraska are governed as regards their investments of deposits by Section 36 of the Banking Law (Section 8016, Compiled Statutes of 1922), which reads:

Sec. 36. Savings Banks, Powers—Deposits.—Any corporation, designating its business as that of a savings bank, shall have power to carry on a savings bank business as prescribed and limited in this article. Any savings bank may receive deposits from the general public, and all deposits in any bank shall be paid to depositors, or their lawful representatives when required and at such time and with such interest and under such regulations as shall be prescribed by said bank and approved by the State Banking Board, which regulations shall be printed and conspicuously posted in some place accessible and visible to all persons in the business office of said bank. The loanable funds of any savings bank, except the reserve provided for in this article, shall be invested in bonds of the United States, or, of any State of the United States, or in the public debt or bonds of any city, county, township, village or school district of any State of the United States, which shall have been authorized by the legislature of the State, or, when approved by the State Banking Board, in other bonds of known marketable value, or shall be loaned on negotiable paper, secured by any of the above mentioned classes of security, or upon notes or bonds secured by mortgage lien upon unincumbered real estate: Provided, second mortgage loans may be made on improved farm lands, but no loans shall be made on such improved farm lands, or other real estate which, including the aggregate amount of incumbrance thereon, shall exceed 50% of the cash value thereof, or upon notes secured by collateral security of known marketable value, or held as cash, or shall be deposited in good solvent banks: Provided, chattel mortgages shall not be deemed collateral security and savings banks are hereby prohibited fom investing their funds in them.

DEBT LIMITATION.—The Legislature at its 1909 session amended the law relating to the debt limitations of this city so that the provision now reads as follows:
Section 196. The bonded indebtedness of the city, exclusive of district grading bonds, district improvement bonds, public library bonds, renewal bonds, bonds issued for the purpose of funding or taking up and making payment of the floating indebtedness and liabilities of the city, or bonds for the erection or purchase of a city hall, auditorium or fire-engine houses, or the construction or purchase, or for the construction and maintenance, of subways and conduits, or for park purposes, or for the purchase, construction or appropriation of gas works, water-works, electric-light plants or power plants, shall not at any time exceed in the aggregate 5% of the actual value of the taxable property within the corporate limits of the city, such actual value to be determined by reference to the assessment of property in said city.
There are also other provisions and restrictions. The full text of the law as passed by the Legislature will be found in V. 88, p. 955.
VALUATION.—Chapter 133 of the Laws of 1921 requires that all property in the State not expressly exempt therefrom shall be subject to taxation, and shall be valued and assessed at its actual value instead of 1-5 of such value, as was theretofore required.

Attorney-General (term ends 2d Mon. Jan. 1927) C.B.Griffith

LEGISLATURE meets biennially in odd years on the 2d Tuesday in January. There is no limit to length of sessions, but members can receive pay for only 50 days' service in the aggregate.

INCIDENTS IN STATE ORGANIZATION, &c.—See "State and City Supplement" of April 1893, page 124, for the facts and statements formerly given under this head.

HISTORY OF DEBT.—When Kansas was admitted into the Union as a State (in 1861) it had a bonded debt of $150,000. The Constitution of 1895 limited the debt-making power to $1,000,000 (with certain restrictions and exceptions), as more fully described below. In 1866 the bonded debt was $630,775, of which the State owned $28,650. In 1878 the total bonded debt was $1,181,975, of which the State owned $713,600. The bonded debt, which on Jan. 1 1916 amounted to $211,000, was all retired. The bonded debt on Nov. 1 1925 amounted to $27,500,000 and is made up of the following issues:

Loan, Name and Purpose—	—Interest— P.C.	Payable.	When Due.	—Principal— Outstanding.
State Soldier's Comp. Bonds, 1923	4½	J-J	July 1 '26-'48	$23,000,000
do do do	1924 4½	J-J	July 1 '49-'51	3,000,000
			July 1 1952	500,000
do do do	1924 4½	J-J	July 1 1952	500,000
			July 1 1953	500,000

Bonds are coupon bonds, registerable as to principal only, and the principal and interest are payable in gold in New York City or at the State Treasurer's office.

SOLDIERS' BONUS BONDS.—The 1921 Legislature passed a bill proposing the issuance of $25,000,000 soldiers' bonus bonds. In accordance with the provisions of Section 6 of Article XI, the proposition was submitted to the voters at the general election held in 1922, and carried by a large majority. V. 115, p. 2498. The validity of the bond issue was attacked, but the State Supreme Court on Feb. 16 1923 handed down its decision that the bonds were constitutional and valid in all respects. V. 116, p. 965. The $25,000,000 bonds were sold in June 1923. V. 116, p. 2801. It was found that the $25,000,000 fund was not sufficient, and the State Legislature, in special session (August 1923) acting upon the opinion of the State Supreme Court that the approval of the $25,000,000 bond issue given by the people was sufficient authority to issue additional bonds, passed an Act authorizing another $7,000,000 bonds. V. 117, p.

576 and 803. Validity of statute upheld by State Supreme Court (see V. 118, p. 105). So far $4,500,000 of the bonds have been sold.

ASSESSED VALUATION.—

Years.	Total Assessed Valuation.	State Tax per $1,000.	Years.	Total Assessed Valuation.	State Tax per $1,000.
1925	$3,627,334,944	a$2.68	1912	$2,746,885,505	1.20
1924	3,707,932,938	2.307	1911	2,777,054,317	1.20

1914	2,804,789,903	1.20	1870	92,528,099	8.75

a Of this levy, .642 mills is to be used for the soldier bonus and 2.037 mills for general expenses.

In 1925 the valuation of real estate amounted to $2,356,487,426, personal property $755,745,911 ($607,078,303 tangible personal and $148,667,608 money and credits) and public service corporations $515,101,607.

*The large increase beginning with 1908 followed from a law passed in 1907 (Chapter 408) creating a Tax Commission to take the place of the Board of Railroad Assessors and State Board of Equalization. This law makes it the duty of the Tax Commission to require all townships and city assessors, county commissioners and county boards of equalization, under penalty of forfeiture and removal from office as such assessors or boards to assess all property of every kind and character at its actual and full cash market value. Previously property was assessed at only a fraction of its actual value. V. 87, p. 1189.

DEBT LIMITATION.—Kansas has, by Section 5 of Article XI of its Constitution, given the State power to contract public debts for the purpose of defraying extraordinary expenses and making public improvements in an amount not to exceed $1,000,000. This limit, however, has two exceptions. *First*, the next section provides that it may be exceeded if the proposed law for creating such debt shall be submitted to a vote of the electors and be ratified by a majority of the votes case. *Second*, the section following provides that the State may borrow money to repel invasion, &c. Section 8 originally prohibited the State from engaging in internal improvements. By an amendment to the Section, ratified by the voters in November 1920 however, the State may now aid counties in the construction of roads. The limitations upon debts contained in Sections 5 and 6 are not to affect the provisions of Section 8. We give these sections in full, and also the subsequent one which forbids the State being a party to internal improvements.

5. *Debts: annual tax: proceeds.*—For the purpose of defraying extraordinary expenses and making public improvements, the State may contract public debts; but such debts shall never, in the aggregate, exceed $1,000,000, except as hereinafter provided. Every such debt shall be authorized by law for some purpose specified therein, and the vote of a majority of all the members elected to each House, to be taken by the yeas and nays, shall be necessary to the passage of such law; and every such law shall provide for levying an annual tax sufficient to pay the annual interest of such debt, and the principal thereof, when it shall become due; and shall specifically appropriate the proceeds of such taxes to the payment of such principal and interest; and such appropriation shall not be repealed nor the taxes postponed or diminished, until the interest and principal of such debt shall have been wholly paid.

6. *Other debts.*—No debt shall be contracted by the State except as herein provided, unless the proposed law for creating such debt shall first be submitted to a direct vote of the electors of the State at some general election and if such proposed law shall be ratified by a majority of all the votes cast at such general election, then it shall be the duty of the Legislature next after such election to enact such law and create such debt, subject to all the provisions and restrictions provided in the preceding section of this article.

7. *Borrow money.*—The State may borrow money to repel invasion, suppress insurrection, or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan was authorized, or to the repayment of the debt thereby created.

Internal improvements. The State shall never be a party in carrying on any works of internal improvement, except (as amended in 1920, V. 111 p. 2155) to aid in the construction of roads and highways and the reimbursement for the cost of permanent improvements of roads and highways constructed after March 1 1919; but such aid and reimbursement shall not be granted in any county for more than 25% of the cost of such road or highway, nor for more than ten thousand dollars per mile, nor for more than one hundred miles in any one county; except that in counties having an assessed valuation of more than one hundred million dollars such aid and reimbursement may be granted for not more than one hundred and fifty miles of road or highway; and the restrictions and limitations of Sections 5 and 6 of Article XI of the constitution, relating to debts and internal improvements, shall not be construed to limit the authority retained or conferred by this amendment.

MUNICIPAL indebtedness is not restricted by the Constitution at all. The only provision for the regulation of such matters, is contained in Section 5 of Article 12, requiring the Legislature to make general laws and restricting the power to make debt in the case of cities, towns and villages:

5. *Cities.*—Provision shall be made by general law for the organization of cities, towns and villages: and their power of taxation, assessment, borrowing money, contracting debts and loaning their credit shall be so restricted as to prevent the abuse of such power.

Under the foregoing, the legislation of Kansas has become so extensive that our limited space here does not admit of even a brief digest. All the provisions fixing the limit of indebtedness which may be incurred by cities of the first, second and third classes will be found in the General Statutes of Kansas, 1915. In 1909 the Legislature passed an Act, which is now Section 1422 of the General Statutes of 1915, limiting the creation of indebtedness in counties, cities, &c. That portion of the Act relating to cities having a population of 50,000 or more fixes 5% of the assessed value of taxable property as the limit of bonded indebtedness which they may create—special improvement and sewer bonds (assessed on property benefited) to be considered outside this limit. The Act further provides that the total bonded debt, *including* special improvement bonds, shall not exceed 10% of the assessed value. The Legislature in 1917 enacted a new law authorizing cities of the second class to issue bonds for the erection of buildings up to 2% of the assessed valuation. In 1923 the Legislature passed two laws (Chapters 171 and 172) authorizing counties, cities, townships and benefit districts to incur indebtedness to raise funds for the purpose of subscribing to railroad stocks. The amount of debt that may be created for this purpose is limited, as follows: counties, $100,000 townships, $15,000; third-class cities, $25,000; second-class cities, $50,000 first-class cities, $75,000.

As regards the indebtedness that may be incurred by school districts, the Legislature in 1917 passed an Act authorizing boards of education in cities of the first class having a population of 53,000 or more, and an assessed valuation of $65,000,000, to issue bonds up to 2½% of the value of the taxable property in such city. Previously the limit was placed at 1% of the assessed value, and applied only to boards of education in cities of the first class having more than 70,000 population. Boards of education of cities of the second class are allowed under the new law to incur an indebtedness up to 3¾% (as amended by Chapter 55 Laws of 1920) of the assessed valuation of the territory within the jurisdiction of said board of education. School districts in Kansas having a valuation of not less than $1,500,000 and not more than $1,700,000, are authorized to vote bonds not in excess of 3% of the assessed valuation for the erection of school buildings. The issuance of bonds by high school districts is limited to 1% of the assessed valuation. For full particulars of the changes made in 1917, see V. 105, p. 1726.

MATURITY OF BONDS, &c.—Section 10—103 of the Revised Statutes of 1923, as amended by Chapter 92, Laws of 1925, provides as follows: "That all municipal bonds shall run not longer than twenty years, shall bear interest at a rate not to exceed 5% per annum, shall be issued to mature in installments of approximately equal amounts each year. Each bond shall specify the date of its separate maturity, and shall be in such denomination as the authority issuing the same shall direct: Provided, That all bonds issued by any city or subdivision thereof, which are payable from special assessments against the property benefited, shall run not longer than ten years and shall be payable in not more than ten annual installments."

ISSUANCE OF BONDS FOR CONSTRUCTION OF COMBINED WATER AND LIGHT PLANT UPHELD BY STATE SUPREME COURT.—In a decision handed down June 8 1918 by the State Supreme Court in a suit brought to enjoin the city of Palco from issuing bonds for the construction of a combined water and electric-light plant, it was declared that certain cities in Kansas may vote such bonds without a separate bond issue covering each class of utility. V. 107, p. 525.

BONDS TAXABLE.—All bonds or other evidences of indebtedness hereafter issued, effective March 1 1925, by this State, of any county, city or school district are subject to an annual tax of 25 cents per annum on each $100 of the fair cash value thereof under the terms of Chapters 277 and 278, Laws of 1925, which relate to the taxation of money and credits.

Question arose after the passage of this legislation whether or not State and municipal bonds previously issued and which had been tax-exempt under statutory provisions were included under the new law. This, however, was set at rest by Chapter 279, Laws of 1925, later passed by the Legislature, under which all bonds issued prior to March 1 1925 are exempted.

COMMISSION GOVERNMENT.—In 1917 an Act was passed by the Legislature and approved by the Governor on Feb. 17 1917, permitting any city in the State to adopt the commission plan of government, providing certain provisions are complied with. V. 104, p. 1305.

COUNTIES CANNOT USE TAX LEVIES INTENDED FOR CURRENT EXPENSES TO PAY OLD DEBTS.—See item under Leavenworth County in "Chronicle" of June 3, page 2094.

MORTGAGE TAX LAW.—The 1915 Legislature passed a measure substituting a registration fee in lieu of taxation of mortgages. V. 100, p. 1371

SAVINGS BANK INVESTMENTS.—The State Banking Department, under date of Sept. 27 1917, advised us that "Kansas has no savings bank law, and therefore, strictly speaking, no savings banks. We think we can safely say that nine-tenths of the banks of Kansas have a savings department, however."

The Legislature in 1917 passed an Act amending Section 5209 of the General Statutes of Kansas, 1915, relating to investment of funds of any life insurance, trust or loan company, so as to provide for the investment, in addition to county, city, township, village or school district bonds, in Federal Farm Loan bonds, or in bonds issued by any other nation, or subdivision or district therein. See V. 105, p. 1461.

POPULATION OF STATE.—

1920	1,769,257	1910	1,690,949	1890	1,428,108	1870	364,399
1915	1,672,545	1900	1,470,495	1880	996,096	1860	107,206

The proportion of the colored population was 4.33% in 1880, 3.59% in 1890, 3.7% in 1900, 3.2% in 1910 and 3.2% in 1920. In number blacks were 627 in 1860, 17,108 in 1870, 43,107 in 1880, 51,251 in 1890, 52,003 in 1900, 54,030 in 1910 and 57,925 in 1920.

CITIES, COUNTIES AND TOWNS IN THE STATE OF KANSAS.

The National Park Bank of New York City is fiscal agent for the State of Kansas, and all bonds or coupons of minor civil divisions of the State, which by their terms are payable in New York, will be paid at this bank.

Sec. of State (term exp. 1st Mon. Jan. 1929) ... C. T. Stewart
Treasurer (term expires 1st Mon. Jan. '29) ... W. E. Harman
Auditor (term expires 1st Mon. Jan. 1929) ... Geo. P. Porter
Atty.-Gen. (term exp. 1st Mon. Jan. 1929) ... L. A. Foot

LEGISLATURE meets biennially in odd years on the first Monday in January and sessions are limited to 60 days.

SITUATION AS TO DEBT, &c.—For facts with reference to the early history of Montana's State debt, see "State and City Supplement" for April 1893, page 130. The bonded debt of the State of Montana on Nov. 30 1925 was $5,534,000. The warrants outstanding on the same date were $4,300,000. The Capitol Building bonds given below are issued against a land grant; they amounted to $650,000 on Nov. 30 1925. The cash on hand on Nov. 30 1925 amounted to $3,298,985.12. The permanent school fund on Nov. 30 1925 held cash and securities amounting to $10,365,074.82, and other permanent funds on hand aggregated $2,930,100.29.

Loans Authorized.—The voters on Nov. 2 1920 approved the issuance of $5,000,000 State School bonds (V. 111, p. 2246). The constitutionality of the $5,000,000 State School bond issue was upheld by the State Supreme Court on Feb. 4 1921 (V. 112, p. 673). A legislative Act providing for a Soldiers' Bonus and a $4,500,000 bond issue to carry out the plan was approved by the voters on Nov. 7 1922 (V. 115, p. 2818). But in Feb. 1923 the State Supreme Court held the Act unconstitutional (V. 116, p. 741). The question came before the voters in the form of aconstitutional amendment on Nov. 4 1924 and was again defeated (V. 119, pages 1309, 1422 and 2786).

The State Supreme Court on May 2 1921 upheld the law passed by the special session of the 1921 Legislature, providing for the issuance of $3,000,000 in State Treasury note certificates for the purpose of payment of outstanding claims and accruing claims, &c. The Court ruled that these notes do not create an indebtedness under Section 2 of Article 13 of the State Constitution (V. 112, p. 2214).

The Capitol bonds are not a direct charge against the State but are secured by State land grants. All are held by the Permanent School Fund.

INTEREST on State educational bonds at State Treasurer's office or in New York City.

ASSESSED VALUATION.—For 1917 the total assessed valuation was $582,286,529, of which real estate and personal property was $433,863,891, live stock $65,865,652 and railroads $82,745,986. For 1918 the total assessed valuation was $592,692,780, of which real estate and personal property was $434,208,568, livestock $75,000,516 and railroads $83,483,696. For 1919 the total assessed valuation was $1,701,399,523, of which real estate and personal property was $1,305,530,136, livestock $160,026,565 and railroads $235,833,822. For 1920 real estate and personal property was assessed at $1,325,045,452, livestock at $108,841,802 and rialroads at $234,136,852, a total of $1,668,024,106. The total assessed valuation in 1921 was $1,665,242,702, including livestock at $108,841,802; in 1922 the total was $1,582,356,676, including $76,417,469 livestock. In 1923 the total valuation was $1,471,232,574, including $63,640,230 livestock. In 1925 the total valuation was $1,431,000. In 1924 the total valuation was $1,421,500,000, including $54,000 livestock. The State tax rate (per $1,000) in 1916 was $2.80; 1917, $2.80; 1918, $3.00; 1919, $4.97; 1920, $4.97; 1921, $4.367; $4.575 in 1922, and $4.40 in 1923 and 1924, on taxable valuation. The State tax on livestock in 1916 was $3; 1917, $3; 1918, $3; 1919; 67 cts.; 1920, $2; 1921, $3.50; $3.50 1922 and 1923, $3 1924.

Chapter 48, Laws of 1925, fixes the State tax rate (per $1,000) for 1925 and 1926 at $4.33 1-3 for each year.

METHOD OF ASSESSING.—In Montana all property is assessed at its full true value but for taxation purposes different percentages of the assessed value are taken. Moneys and credits are in the 7% class, household goods, farm machinery, &c., in the 20% class; all land and improvements in the 30%; live stock and stocks of merchandise in the 30%; property of public utilities in the 40%; net proceeds of mines, 100%, and all other property not otherwise specified in the 40% class. The average taxable value for all classes of property is slightly over 30%.

DEBT LIMITATION.—The constitution of Montana was adopted by popular vote Oct. 1 1889. Article XIII of the constitution of Montana, in relation to Public Indebtedness, is as follows:

Sec. 1. Neither the State, nor any county, city, town, municipality, nor other subdivision of the State shall ever give or loan its credit in aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or a joint owner with any person, company or corporation, except as to such ownership as may accrue to the State by operation or provision of law.

Sec. 2. The Legislative Assembly shall not in any manner create any debt except by law which shall be irrepealable until the indebtedness therein provided for shall have been fully paid or discharged; such law shall specify the purpose to which the funds so raised shall be applied and provide for the levy of a tax sufficient to pay the interest on, and extinguish the principal of such debt within the time limited by such law for the payment thereof; but no debt or liability shall be created which shall singly, or in the aggregate with any existing debt or liability exceed the sum of one hundred thousand dollars ($100,000) except in case of war, to repel invasion or suppress insurrection, unless the law authorizing the same shall have been submitted to the people at a general election and shall have received a majority of the votes cast for and against it at such election.

Sec. 3. All moneys borrowed by or on behalf of the State or any county city, town, municipality or other subdivision of the State, shall be used only for the purpose specified in the law authorizing the loan.

Sec. 4. The State shall not assume the debt, or any part thereof, of any county, city, town or municipal corporation.

Sec. 5. No county shall be allowed to become indebted in any manner or for any purpose, to an amount, including existing indebtedness, in the aggregate, exceeding five (5) per centum of the (value of the) taxable property therein, to be ascertained by the last assessment for State and county taxes previous to the incurring of such indebtedness, and all bonds or obligations in excess of such amount given by or on behalf of such county shall be void. No county shall incur any indebtedness or liability for any single purpose to any amount exceeding ten thousand dollars ($10,000) without the approval of a majority of the electors thereof, voting at an election to be provided by law.

Sec. 6. No city, town, township or school district shall be allowed to become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding three per centum of the value of the taxable property therein, to be ascertained by the last assessment for the State and county taxes previous to the incurring of such indebtedness, and all bonds or obligations in excess of such amount given by or on behalf of such city, town, township or school district shall be void: Provided, *however*, that the Legislative Assembly may extend the limit mentioned in this section, by authorizing municipal corporations to submit the question to a vote of the taxpayers affected thereby, when such increase is necessary to construct a sewerage system or to procure a supply of water for such municipality which shall own and control said water supply and devote the revenues derived therefrom to the payment of the debt.

[The State Supreme Court on June 4 1917 handed down a decision reaffirming its decision of March 13 1917 in the Lewis and Clark County case holding that money cannot be borrowed by counties on refunding bonds by a sale thereof without a vote of the people. See V. 104, p. 2570.]

In a decision which had to do with the adjustment of the indebtedness between Custer and Fallon counties, the State Supreme Court on Dec. 19 1916 ruled that bridges are not county property, but public property See V. 103, p. 2445.]

Legislative Enactments.—The State Legislature has enacted laws carrying into effect the 5% limitation on county indebtedness and the 3% limitation on city, town and school district indebtedness. The 5% limitation placed on county indebtedness may be exceeded under Chapter 99, Laws of 1925, amendatory to Section 4614 of the Revised Code, which permits an additional 3%, making 8% in all, for bonds that may be issued in the case of emergency "where county buildings, bridges or highways are destroyed or damaged by an Act of God, disaster, catastrophe or accident."

There have also been enacted laws providing for drainage and irrigation district indebtedness.

Chapter 38, Laws of 1923, requires the State and all political subdivisions and other taxing units having the power of issuing bonds to give preference to amortization bonds and to accept serial bonds only when amortization bonds cannot be negotiated to good advantage. (For text of measure see V. 118, p. 1303.)

SALE OF BONDS.—Under legislative enactment, city, town, county and school district bonds may not be sold below par. Irrigation and drainage district bonds may not be sold at less than 90. Laws of 1923, Chapter 147, Sec. 5, amendatory to Sec. 3969, Revised Code of 1921, and Chapter 157, Sec. 9, amendatory to Sec. 7214, Revised Code of 1921.

COUNTY UNIT SYSTEM.—The Legislature in 1919 passed an Act (Chapter 211, Laws 1919) providing for the creation of a Rural School District in each county of the State, composed of all Third Class districts and parts thereof as a unit for the purpose of taxation and issuance of bonds, for the creation of sub-districts of rural districts for the purpose of local administration and control. The Act provides for boards of trustees for rural school districts and prescribes the manner of election, number, terms, powers and duties of said boards. Under Section 3 of this Act any county in the State may adopt the county unit system for rural schools.

COUNTY FUNDING AND REFUNDING BONDS VALIDATED BY ACT OF LEGISLATURE.—At the special session of the Montana Legisla-

ture in 1918 an Act was passed (Chapter 5) legalizing and validating bonds issued by counties for the purpose of funding or refunding outstanding indebtedness issued by counties without the question of issuing the same, or funding or refunding such indebtedness, having been submitted to and approved by the electors. V. 106, p. 1257.

IRRIGATION DISTRICT LANDS TAXABLE FOR BONDS.—Bonds of an irrigation district create a general obligation against the district in the sense that all lands in the district are taxable for the payment of the bonds and interest until the entire indebtedness is paid, said the Montana Supreme Court in an opinion handed down July 14 1925 in the case of W. S. Cosman against Chestnut Valley Irrigation District and its Commissioners (see V. 121, p. 869).

TAXATION OF MUNICIPAL BONDS.—Chapter 51, Laws of 1919, as amended by Chapter 248, Laws of 1921, taxes all State, county, school district and other municipal bonds, warrants and securities, but the assessment is at only 7% of true and full value.

SAVINGS BANK INVESTMENTS.—Section 6039 of the Revised Code of 1921 relates to investment of capital of savings banks and as amended by Chapter 72, Laws of 1925, reads as follows:

Sec. 6039. Investment of capital of savings banks. At least one-half of the paid-in capital of a savings bank, and one-half of the whole amount deposited therein, must be invested in bonds or other securities of the United States, or any of the States of the United States, or any county, city, town, or school district of this State, on which interest is regularly payable, or Federal Land Bank bonds or loaned on unencumbered real estate worth at least double the amount to be secured. The remainder may be invested in the aforesaid character of securities, or in approved personal security, but no loan must be made on personal security of less than two responsible persons, or collateral security to be approved by the directors, and no loan upon personal security shall be made to any one person or co-partnership to an amount exceeding ten thousand dollars. No president, vice-president, director, or other officer or servant of a savings bank shall directly or indirectly borrow any of the funds of such bank or of its deposits, or in any manner use the same in his private affairs or business, nor shall any director receive any pay, salary, or emolument until such interest as the directors shall have determined to allow depositors shall have been provided for in accordance with the regulations of the corporation.

The real estate which such corporation may lawfully purchase, hold, and convey is:

1. Such as may be necessary for the proper transaction of its business, not exceeding in value fifty thousand dollars.

2. Such as is mortgaged to it in good faith for moneys loaned in pursuance of the provisions of this Act, or given as security for money loaned or advanced.

3. Such as is purchased at the sale on judgment or decree obtained or rendered for money so loaned or advanced.

Savings banks organized under the provisions of this Act must not purchase, hold, or convey real estate in any other case, or for any other purpose than herein specified, and shall not buy or sell any personal property, except such as may be necessary for the proper transaction of its business, or such as may have been pledged, mortgaged, or assigned to it to secure moneys loaned or advanced provided, the term "savings bank" as used in this section, shall mean any bank organized to do the business specified in Section 6018 of this Code.

POPULATION OF STATE—

1920	548,889	1900	243,329	1880	39,159
1910	376,053	1890	142,924	1870	20,595

In 1890 there were 10,765 Indians and whites on Indian reservations, and in 1880 31,650 such persons, which number should be added to the total for those years in making accurate comparisons. In 1900, 1910 and 1920 these figures were not reported. The number of Indians alone included in the population for 1900, 1910 and 1920 was 10,076, 10,766 and 10,956, respectively.

DEBT, RESOURCES, ETC.

Organized as a Territory (Act of July 25 1968)..July 25 1868
Admitted as a State (Act of July 10 1890)..... July 10 1890
Total area of State (square miles)..... 97,890
State Capital..... Cheyenne
Governor (term exp. 1st Mon. Jan. '27)..*Mrs. Nellie T. Ross
Sec. of State (term ends 1st Mon. Jan. '27)..... F. E. Lucas
Treasurer (term expires 1st Mon. Jan. '27)...John Snyder
Auditor (term ends 1st Mon. Jan. '27)..... Vincent Carter
Attorney-General..... D. J. Howell

*Elected to fill vacancy caused by the death of Governor W. B. Ross, whose term in office was to have expired Jan. 1927.

LEGISLATURE meets biennially in odd years on the 2d Tuesday in January and sessions are limited to 40 days.

DEBT HISTORY.—All the necessary data respecting the State's debt will be found in the following statement:

LOANS— Name and Purpose.	—Interest— %	Payable.	—Principal— When Due.	Outstand.
Public Building Bonds.....c.	6	July 1	July 1 1926-1928 $9,000 yearly.	27,000
State Highway Bonds.....c.	5	M & S	Sept. 1 1941 opt. Sept. 1 1931	1,800,000
State Highway Bonds.....c.	4½	J & J	Opt. 10 yrs. aft. date	1,550,000

INTEREST on the public building bonds is payable at the Mechanics & Metals' National Bank, New York; on others at the State Treasurer's office.

TOTAL DEBT, ETC.—The total bonded debt on Sept. 30 1925 was $2,427,000. The floating debt, consisting of revenue bonds and notes on that date amounted to $1,754,110. Trust funds on Sept. 30 1925 amounted to $521,467.95. The sink. fund on Sept. 30 1925 amounted to $23,840.

ASSESSED VALUATION.—The following statement shows the assessed valuation of property in Wyoming for the years indicated. For explanation concerning increase in 1909, see remarks immediately below regarding the creation of a new tax authority.

Years.	Valuation.	Years.	Valuation.	Years.	Valuation

1917.....	245,000,000	1906.....	51,223,203		

TAX RATE.—The total State tax (per 1,000) in 1923 is $3.80.

CREATION OF A COMMISSIONER OF TAXATION.—The 1909 Legislature passed an Act (Chapter 66, Laws of 1909) creating the office of Commissioner of Taxation. This official is appointed by the Governor with the advice and consent of the Senate. The new Commissioner is given power and authority to exercise general supervision over the administration of all assessment and tax laws, over all county, town and city tax assessors and boards of equalization, levy and assessment, to the end that taxation of all property, real, personal and mixed, shall be made relatively just and uniform and at its true and full cash market value. Assessors of boards failing to assess property in accordance with this new law do so under penalty of forfeiture and removal from office. Previously property in the State is understood to have been assessed at 33 1-3% of its actual value. V. 88, p. 956.

DEBT LIMITATION.—In Wyoming the provisions of the constitution with respect to debt contraction and limitation are all found in Article 16 of that instrument and prohibit the State from creating any indebtedness exceeding 1% of the assessed valuation except to suppress insurrection or to provide for the public defense. Counties, cities, towns or villages, &c., are limited to 2% of the assessed valuation. An additional indebtedness of not exceeding 4% is permitted in the cases of cities, towns or villages for the purpose of building sewers. Section 5 was amended in 1919 so as to permit school districts to create additional indebtedness of 4% for the purpose of enlargement of school buildings. Debts contracted for supplying water to cities or towns are not included in the limitations in this section. Neither the State nor any subdivision shall loan or give its credit or make donations to, or in aid of, any individual, association or corporation. An amendment adopted in 1916, adding Section 9 to the Article, gives the State authority to construct and improve roads, notwithstanding the prohibition of the State's engagement in internal improvements without the consent of two-thirds of the voters, contained in Section 6. We give the provisions in full below.

Section 1. *Limitation of State Debt.*—The State of Wyoming shall not, in any manner, create any indebtedness exceeding 1% on the assessed value of the taxable property in the State, as shown by the last general assessment for taxation, preceding; except to suppress insurrection or to provide for the public defense.

Sec. 2. *Creation of State Debt Restricted.*—No debt in excess of the taxes for the current year, shall in any manner be created in the State of Wyoming, unless the proposition to create such debt shall have been submitted to a vote of the people and by them approved; except to suppress insurrection or to provide for the public defense.

Sec. 3. *Limitation of County Debt.*—No county in the State of Wyoming shall in any manner create any indebtedness exceeding 2% on the assessed value of taxable property in such county, as shown by the last general assessment, preceding; provided, however, that any county, city, town, village or other sub-division thereof in the State of Wyoming, may bond its public debt existing at the time of the adoption of this constitution, in any sum not exceeding 4% on the assessed value of the taxable property in such county, city, town, village or other sub-division, as shown by the last general assessment for taxation.

Sec. 4. *Creation of Municipal Debt Restricted.*—No debt in excess of the taxes for the current year shall, in any manner, be created by any county or sub-division thereof, or any city, town or village, or any sub-division thereof in the State of Wyoming, unless the proposition to create such debt shall have been submitted to a vote of the people thereof and by them approved.

Sec. 5. *Limitation of Municipal Debt.*—No city, town or village, or any subdivision thereof, or any sub-division of any county of the State of Wyoming, shall, in any manner, create any indebtedness exceeding 2% on the assessed value of the taxable property therein; provided, however, that any city, town or village, may be authorized to create an additional indebtedness, not exceeding 4% on the assessed value of the taxable property therein as shown by the last preceding general assessment, for the purpose of building sewerage therein; and provided further, that any school district may be authorized to create an additional indebtedness, not exceeding 4% on the assessed value of the taxable property therein as shown by the last preceding general assessment, for the purpose of the erection or enlargement of school buildings therein; debts contracted for supplying water to such city or town are excepted from the operation of this section.

Sec. 6. *Donations Prohibited.*—Neither the State nor any county, city, township, town, school district or any other political sub-division, shall loan or give its credit or make donations to or in aid of any individual, association or corporation, except for necessary support of the poor, nor subscribe to or become the owner of the capital stock of any association or corporation. The State shall not engage in any work of internal improvement unless authorized by a two-thirds vote of the people.

Sec. 8. *Indebtedness Must Have Certificate Endorsed Thereon.*—No bond or evidence of indebtedness of the State shall be valid unless the same shall have endorsed thereon a certificate signed by the Auditor and Secretary of State that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or other political sub-division, shall be valid unless the same shall have endorsed thereon a certificate signed by the County Auditor or other officer authorized by law to sign such certificate, stating that said bond or evidence of debt is issued pursuant to law and is within the debt limit.

Sec. 9. The provision of Section 6 of Article 16 of this Constitution prohibiting the State from engaging in any work of internal improvement unless authorized by a two-thirds vote of the people, shall not apply to or affect the construction or improvement of public roads and highways, but the Legislature shall have power to provide for the construction and improvement of public roads and highways in whole or in part by the State, either directly or by extending aid to counties; and, notwithstanding said inhibition as to works of internal improvement, whenever grants of land or other property shall have been made to the State, especially dedicated by the grant to particular works of internal improvement, the State may carry on such particular works and shall devote thereto the avails of such grants, and may pledge or appropriate the revenues derived from such works in the aid of their completion.

SALE OF BONDS.—Legislation provides that no bonds of cities, towns, counties or school districts may be sold at less than par. Irrigation and drainage district bonds may not be sold at less than 90.

EXEMPTION FROM TAXATION.—The Legislature of 1905 passed an Act (Sec. 2755, Compiled Statutes 1920) exempting municipal bonds from taxation provided certain conditions are complied with. The Act follows:

Be It Enacted, &c.: "That coupon or registered interest-bearing bonds of the State of Wyoming, or any county, school district or municipality of the State of Wyoming, shall be exempt from taxation when owned by actual residents of the State, provided that the owner or owners of such securities shall list the same annually on their assessment schedule, describing such bonds and the amount thereof, and shall mark opposite thereto on such schedule 'exempt.'"

MORTGAGES EXEMPT FROM TAXATION.—An Act of the Legislature approved Feb. 21 1911 (Chapter 72) exempts from taxation all mortgages upon property within the State, whether real or chattel, together with the indebtedness thereby accrued, provided that the mortgaged property, whether real or personal, shall be taxed at its true value in money. V. 93, p. 1054.

SAVINGS BANK AND LOAN AND TRUST COMPANY INVESTMENTS—DEPOSITS—INVESTMENTS.—Savings associations in the State of Wyoming are now permitted to invest their deposits under authority of Section 61 of the new State Banking Act passed by the 1925 Legislature (Chapter 157, Laws of 1925). Included in the bonds authorized for investments are Farm Loan bonds issued by Federal Land banks and Joint Stock Land banks. Section 61 reads:

Sec. 61. The board of directors of such savings association may invest 80% of the deposits made with them, in the bonds of this State, or in the bonds of the United States or in Farm Loan bonds issued by any Federal Land bank or Joint Stock Land bank organized under an Act of Congress approved July 17 1916, entitled An Act to provide capital for agricultural development and known as the Federal Farm Loan Act and acts amendatory thereto, or in the bonds of any city, county, town or school district in the State legally authorized to issue said bonds, or loan the same upon notes or bonds secured by mortgage or trust deed upon unencumbered real estate or chattels worth at least double the amount loaned; and from the remainder of said deposits, temporary deposits may be made by said board, in any national bank, or in any of the banks of this State, which may be incorporated under the general banking laws; such deposits not to exceed twenty-five thousand dollars in any one bank, or they may keep the whole or any part of the said remainder to meet the current payments of such bank and which may be kept by them on deposit, interest or otherwise, or in such suitable form as the directors may direct. Each savings bank shall at all times hold either in its own keeping or on deposit (subject to call), with some national bank, or with other banks organized under general laws, at least 10% of the savings deposit of such bank or association, and no part of the capital, deposits, investments or loans shall be divided among the shareholders until all the depositors shall be paid in full, and the stock of any savings bank shall not be taken as collateral security for any loan made by the bank issuing the stock.

Any bank or trust company organized under the laws of Wyoming that may operate a savings department in connection therewith are authorized

under Section 30, of Chapter 157, to invest 90% of such savings deposits in the same bonds and notes as allowed savings associations under Sec. 61.

POPULATION OF STATE.—

1920	194,402	1900	92,531	1880	20,789
1910	145,965	1890	62,555	1870	9,118

In 1870-1880 increase was 11,671, or 128%; in 1880-1890, 39,916, or 192.01%; in 1890-1900, 29,976, or 47.9%; in 1900-1910 it was 53,434, or 57.7%, and 1910-1920 it was 4,8437, or 32.2%.

LEGISLATURE meets biennially in odd years on the first Monday after the first day of January following election, and the length of sessions is limited to 60 days.

DEBT HISTORY.—Idaho as a Territory always kept its debt within moderate limits. When it became a State the bonded debt of the Territory was $146,715.06. Of that amount $46,715.06 was issued to pay floating debt, $80,000 to pay for Capitol building and $20,000 for an asylum. The condition of the State's debt now is set out with all the details below:

1915	396,627,324	1.68	1897	29,951,920	8.65

ASSESSMENTS MADE ON NEW BASIS SINCE 1913.—The Legislature of 1913 passed practically a new revenue law (Chapter 58), which provides, among other things, for the assessment of all property at its cash value. Previously all property was assessed at its cash value, but only 40% of such assessment was utilized in determining the rate. For example, property, the actual cash value of which was $1,000, would be assessed for $1,000, but only $400 would be taken as a basis of making the levy. V. 97, p. 1149.

DEBT LIMITATION.—Sections 1 and 2 of Article 8 of the Constitution, limiting debt that may be incurred by the State, and its political subdivisions and prohibiting the lending of the State's credit to any individual, corporation or association, as amended by the voters in Nov. 1912 and 1920; and Sections 3 and 4, regulating municipal indebtedness and credits, now read:

Section 1. The Legislature shall not in any manner create any debt or debts, liability or liabilities which shall singly or in the aggregate, exclusive of the debt of the Territory at the date of its admission as a State, and exclusive of debts or liabilities incurred subsequent to January 1 1911, for the purpose of completing the construction and furnishing of the State Capitol at Boise, Idaho and exclusive of debt or debts, liability or liabilities, incurred by the Eleventh Session of the Legislature of the State of Idaho, exceed in the aggregate the sum of two million dollars, except in case of war, to repel an invasion, or suppress an insurrection, unless the same shall be authorized by law, for some single object or work, to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest on such debt or liability as it falls due, and also for the payment and discharge of the principal of such debt or liability within twenty years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged. But no such law shall take effect until at a general election it shall have been submitted to the people, and shall have received a majority of all the votes cast for or against it at such election, and all moneys raised by the authority of such laws shall be applied only to specified objects therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county or city, and county, if one be published therein, throughout the State for three months next preceding the election at which it is submitted to the people. The Legislature may at any time after the approval of such law, by the people, if no debts shall have been contracted in pursuance thereof, repeal the same.

Section 2.—The credit of the State shall not, in any manner, be given, or loaned to, or in aid of, any individual, association, municipality or corporation; nor shall the State directly or indirectly become a stockholder in any association or corporation. Provided, That the State itself may control and promote the development of the unused water power within this State.

Sec. 3. No county, city, town, township, board of education, or school district, or other subdivision of the State, shall incur any indebtedness, or liability, in any manner, or for any purpose, exceeding in that year the income and revenue provided for it for such year, without the assent of two-thirds of the qualified electors thereof voting at an election to be held for that purpose, nor unless, before or at the time of incurring such indebtedness, provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof, within twenty years from the time of contracting the same. Any indebtedness or liability incurred contrary to this provision shall ve void. *Provided*, That this section shall not be construed to apply to the ordinary and necessary expenses authorized by the general laws of the State.

Sec. 4. No county, city, town, township, board of education, or school district, or other subdivision, shall lend, or pledge the credit or faith thereof directly or indirectly, in any manner, to, or in aid of any individual, association or corporation, for any amount or for any purpose whatever, or become responsible for any debt, contract or liability of any individual, association or corporation in or out of this State.

Section 4109 of the Compiled Statutes of Idaho, 1919, limits the borrowing capacity of municipal corporations to 10% and specifies for what purposes bonds may be issued. Prior to 1919 the limit was 6%. The law as it now reads follows:

Sec. 4109. Every municipal corporation incorporated under the laws of the Territory of Idaho or of the State of Idaho shall have power and authority to issue municipal coupon bonds not to exceed at any time, in aggregate ten (10) per cent of the assessed full cash valuation of the real estate and personal property in said municipal corporation, according to assessment of the preceding year, for any or all of the purposes specified in subdivisions 1 to 8, inclusive, as follows:

1. To provide for the laying, constructing, equipment and maintenance of sewers and drains.

2. To provide for the grading, paving, curbing, sidewalking or otherwise improving streets and alleys, building or constructing of sewers, drains, grading, curbing, sidewalks, crossings and cross walks, or otherwise improving the intersections of streets and alleys, constructing and laying out of streets and alleys, and the construction or aid in construction of bridges, across streams within or contiguous to or within one (1) mile of the exterior limits of any such municipal corporation.

3. To provide for the funding, refunding, purchase and redemption of the outstanding indebtedness of such municipal corporation. Bonds may be issued under this section for the purpose of funding, refunding, purchase or redemption of the outstanding indebtedness of any such municipal corporation when the same can be done to the profit and benefit of such municipal corporation, and without incurring any additional liability, without the submission of the question of issuance of such bonds to the electors of the municipal corporation.

4. To provide for the establishment and maintenance of hospitals, pest houses and cemeteries either within or without the corporate limits of such municipal corporation.

5. To provide for the purchase, improvement, equipment and maintenance of lands for the use of public parks, either within or without the corporate limits of such municipal corporation.

6. To provide for the purchase, erection, construction and furnishing of public buildings and building sites for the use of such municipal corporation.

7. To provide for the establishment, equipment and maintenance of a fire department and for the purchase of suitable and necessary apparatus and buildings and building sites for the use thereof and for all other necessary public improvements.

8. To provide for the purchase, erection, construction and furnishing of soldiers' memorials consisting of such public buildings or monuments and building sites for the use of such municipal corporation and for the entertainment of soldiers of the late European War.

Sec. 4109a. Every municipal corporation incorporated under the laws of the Territory of Idaho or of the State of Idaho shall have power and authority to issue municipal coupon bonds in a sufficient amount to acquire, by purchase or otherwise, a water-works plant for such municipal corporation and a water supply therefor, and to construct, enlarge, extend, repair, alter and improve such plant.

Sec. 4109b. The issuance of bonds for the purposes aforesaid or any of such purposes, shall be authorized as provided in Section 4114, and one or more bond elections may be called in the manner provided by said section, in order to submit to the qualified electors who are tax payers, the question as to whether bonds shall issue in such amount as the City Council or Board of Trustees, at the time such election is called, shall deem to be necessary for the purposes aforesaid, or any of them.

Sec. 4109c. All bonds authorized at any municipal election heretofore held as provided in said Section 4114 or Acts amendatory thereof, for the purpose of acquiring an adequate water system, by purchase or otherwise, by acquiring additional water and by enlarging, extending, repairing, altering and improving any municipal water-works plant shall be deemed to have been authorized for all or any of the purposes for which such bonds may hereafter be issued under this chapter, and all such bonds which, at such an

election have been heretofore authorized, when issued and sold, are hereby declared to be legal and binding obligations of such municipal corporation, provided all requirements of law have been fully complied with, and the same are hereby declared to be of like force and effect as if the municipality, at the time such election was called and held, had possessed all the powers herein granted and conferred.

Sec. 4109d. Every municipal corporation incorporated under the laws of the Territory of Idaho or of the State of Idaho, shall have power and authority to issue municipal coupon bonds in a sufficient amount to acquire, by purchase or otherwise, a light and power plant for such municipal corporation, and to construct, enlarge, extend, repair, alter and improve such plant.

The amount for which bonds may be issued for acquiring light and power plants, or either, or for the purpose of construction, enlargement, extension, repairing, alteration and improvement of an existing plant or for any, or either of said purposes as herein provided, shall be determined by the council or board of trustees and stated in the ordinance therefor.

The issuance of bonds for the purposes aforesaid or any of such purposes, shall be authorized as provided in Section 4114, and one or more bond elections may be called in the manner provided by said section in order to submit to the qualified electors who are tax payers, the question as to whether bonds shall issue in such amount as the City Council or Board of Trustees, at the time such election is called, shall deem to be necessary for the purposes aforesaid, or any of them.

BONDS NOT TO BE SOLD BELOW PAR.—In prescribing the method of sale of municipal bonds, Sec. 4117, Compiled Statutes 1919, specifies that no bonds may be sold below par. Under the terms of Sec. 4367, irrigation district bonds may not be sold below par. Sec. 4543 prohibits the sale of drainage district bonds at less than par.

TAXATION OF MUNICIPAL BONDS.—We were advised Dec. 11 1911 by the Secretary of State's office that the laws of Idaho do not tax bonds or notes or similar evidences of indebtedness.

SAVINGS BANK AND TRUST COMPANY INVESTMENTS.—The law regulating the investments by savings banks and trust companies in Idaho was amended in 1917 so as to make it legal for them to invest their deposits in Federal Farm Loan bonds.

The section regulating the investments of savings banks follows:

Sec. 23. It shall be lawful for any savings bank to invest its savings deposits only as follows and not otherwise:

1. In bonds or interest-bearing notes or certificates of the United States, including bonds issued by Federal Farm Loan Banks.

2. In bonds or interest-bearing evidence of indebtedness of this State.

3. In bonds or warrants or local improvement bonds or warrants of any city, town, county, school district or irrigation district of this State, issued pursuant to authority of law, but not exceeding fifty (50) per cent of the capital and surplus of any savings bank, shall consist of bonds or warrants of any one city, town, county, school district or irrigation district.

4. In bonds or warrants of any State in the Union or any city, town, county, school or irrigation district of any such State that has not for three (3) years previous to such investment being made defaulted in payment of the interest on its legal funded debt, but not exceeding fifty (50) per cent of the capital and surplus of any such bank shall be invested in the bonds of any one State or of any county or municipality outside of this State.

5. In notes or bonds secured by mortgages to such savings bank or by mortgage or deed of trust to any trust company under the laws of this State upon unencumbered real estate worth at least double the amount loaned thereon. Whenever buildings are included in the valuation of any real estate upon which a loan shall be made by such savings bank they shall be insured by the borrower for the benefit of such savings bank in some reliable company and such policy of insurance shall be assigned to such savings bank, and it shall be lawful for such savings bank to renew such policy of insurance form year to year, in case the borrower neglects to do so, and charge the same to him.

6. In real estate subject to the provisions of Section 38 of this Act, except that no savings bank hereafter established shall have more than fifty (50) per cent of its capital invested in the lot and building in which the business of such savings bank may be carried on.

7. In dealing in exchange by purchasing and selling sight and time drafts and notes.

8. While awaiting opportunity for the judicious investment of funds deposited with such savings bank to loan the moneys so deposited upon well-secured commercial paper or upon the security of stocks and other securities not exceeding eighty (80) per cent of the cash market value thereof

The section concerning investments of savings deposits of trust companies reads:

Sec. 3. It shall be lawful for such trust company to invest its savings deposits only as follows, and not otherwise:

1. In bonds or interest-bearing notes or certificates of the United States, including bonds issued by Federal Farm Loan Banks.

2. In bonds or interest-bearing evidences of indebtedness of this State.

3. In bonds or warrants or local improvement bonds or warrants of any city, town, county, school district or irrigation district in this State, issued pursuant to authority of law but not exceeding forty per cent (40%) of the capital and surplus and not exceeding twenty per cent (20%) of the savings deposits of any such trust company shall consist of bonds or of warrants of any one city, town, county, school district or irrigation district.

4. In bonds or warrants of any State in the Union or any city, town, county, school or irrigation district of any such State that has not for three (3) years previous to such investment being made defaulted in payment of the interest on its legal funded debt, but not exceeding forty per cent (40%) of the capital and surplus and not exceeding twenty per cent (20%) of the savings deposits of any such trust company shall be invested in the bonds of any one State or of any county or municipality outside of this State.

5. In notes or bonds secured by mortgage to such trust company or by mortgage or deed of trust to any trust company under the laws of this State upon unencumbered real estate worth at least double the amount loaned thereon. Whenever buildings are included in the valuation of any real estate uponwhich a loan shall be made by such trust company they shall be insured by the borrower for the benefit of such trust company in some reliable company and such policy of insurance shall be assigned to such trust company, and it shall be lawful for such trust company to renew such policy of insurance from year to year, in case the borrower neglects to do so and charge the same to him.

6. In real estate subject to the provisions governing such investments by savings banks organized under the State Banking Law. But no such trust company or corporation shall have more than fifty per cent (50%) of its capital invested in the title plant, abstract books and lot and building in which the business of such trust company may be carried on.

7. While awaiting opportunity for the judicious investment of funds deposited with such trust company, to loan the moneys so deposited upon well-secured commercial paper or upon the security of stocks and other securities, not exceeding eighty per cent (80%) of the cash market value thereof.

POPULATION OF STATE.—

1920	431,866	1900	161,772	1880	32,610
1910	325,594	1890	88,548	1870	14,999

In 1870-80 increase was 17,611, or 117.41%; in 1880-90, 55,938, or 171.54%. In 1890-1900 the increase was 73,224, or 82.70%, a part of which increase was due to the fact that the 1900 aggregate embraced Indians and whites on Indian reservations not theretofore included. Such persons numbered 4,163 in 1890 and 3,420 in 1880, which amounts should be added to the totals for those years in making comparisons. No report was made in 1910 of the Indians and whites. In 1900-10 the increase in population was 163,822, or 101.3%. The number of Indians alone included in the 1910 population was 3,988. In 1910-1920 the increase was 106,232, or 32.6%. The number of Indians alone included in the 1920 population was 3,098.

1915	1,249,199,210.00	2.10
1914	1,309,559,205.00	1.39
1913	*1,306,536,692.00	$1.30
1912	$422,341,537.00	4.18
1910	414,885,770.00	4.00
1908	375,284,970.00	4.00
1906	356,244,547.35	4.00
1904	342,170,703.00	4.00
1901	*465,874,288.00	4.10
1900	216,776,356.00	4.10
1890	220,544,064.62	4.00
1880	73,698,746.29	6.00
1877	43,453,946.36	5.35

***Under the Revenue Law of 1901 property is required to be assessed at its true value. In 1913 this law was amended to provide for assessment at "true and full cash value." This accounts for the large increase in values of 1901 and 1913, as property was assessed at a very much lower basis in earlier years.**

In addition to the tax rate as above, there is a poll tax of $1.00 per capita. In 1880 and prior to that date this poll tax was 50 cents per capita.

The State Supreme Court in an opinion handed down April 3 1916 upheld the increase in assessed valuations ordered by the Colorado Tax Commission and State Board of Equalization. See item under "Denver" in "Chronicle" of April 15 1916, page 1461; also V. 98, p. 249. A proposed amendment to the constitution abolishing the Colorado Tax Commission was defeated at the November 1916 election. V. 104, p. 677.

Soldiers' Bonus Amendment Defeated.—The 1923 Legislature passed an Act submitting to the voters a proposal to amend the constitution so as to allow the issuance of $8,000,000 bonds for the payment of a bonus to veterans of the World War, Spanish War, Philippine Insurrection, and Civil War. This proposition was placed before the voters on Nov. 4 1924 and defeated.

DEBT LIMITATION.—Colorado's constitutional debt limitations are found in Article XI of the constitution and were published in the "State and City Supplement" of April 1895, pages 140 and 141. Section 3 of Article XI, of the constitution, concerning the debt *limitation* of the State, was amended Nov. 8 1910 so as to provide for the issuance of bonds for refunding warrants issued by the State in 1887, 1888, 1889, 1892, 1893, 1894 and 1897. In a litigation the Colorado State Supreme Court held this amendment constitutional. The question was brought before the United States Supreme Court, but the appeal was dismissed. V. 95, p. 1420. Another amendment to the section, passed in 1920, provided that a debt not to exceed $5,000,000 may be created for State highway purposes. An additional $6,000,000 bonds for highways was provided for by an amendment of 1922. V. 115, p. 2290. The section now reads as follows:

SECTION 3. The State shall not contract any debt by loan in any form, except to provide for casual deficiencies of revenue, erect public buildings for the use of the State, suppress insurrection, defend the State, or, in

time of war, assist in defending the United States; and the amount of debt contracted in any one year to provide for deficiencies of revenue, shall not exceed one-fourth of a mill on each dollar of valuation of taxable property within the State, and the aggregate amount of such debt shall not any time exceed three-fourths of a mill on each dollar of said valuation, until the valuation shall equal one hundred millions of dollars, and thereafter such debt shall not exceed one hundred thousand dollars; and the debt incurred in any one year for erection of public buildings shall not exceed one-half mill on each dollar of said valuation; and the aggregate amount of such debt shall never at any time exceed the sum of fifty thousand dollars (except as provided in Section five of this article), and in all cases the valuation in this section mentioned shall be that of the assessment last preceding the creation of said debt: Provided, That in addition to the amount of debt that may be incurred as above, the State may contract a debt by loan for the purpose of paying the principal and accrued interest of all the outstanding warrants issued by this State during and for the years 1887, 1888, 1889, 1892, 1893, 1894 and 1897, said debt to be evidenced by registered coupon interest bearing funding bonds to an amount not exceeding $2,115,000 00, or so much thereof as may be necessary to pay said warrants and interest thereon, &c., &c. And provided further, that, in addition to the amount of debt that may be incurred as above, the State may contract a debt by loan for the purpose of creating a fund to be expended as provided by law, by the State Highway Commission for the construction and improvement of public highways in the State of Colorado said debt to be evidenced by registered coupon interest-bearing bonds to an amount not exceeding five million dollars, &c., &c. And provided further, that, in addition to the amount of debt that may be incurred as above, the State may contract a debt by loan for the purpose of creating a fund to be expended as provided by law, by the State Highway Department, for the construction and improvement of public highways in the State of Colorado; said debt to be evidenced by registered, coupon, interest-bearing bonds to an amount not exceeding six million dollars, &c., &c. For text of this section in detail, see V. 115, p. 1448.

Counties.—Counties are prohibited from contracting debt by loan in any form, except for public buildings, roads and bridges, and such indebtedness is not to exceed in any one year $1.50 on each $1,000 in counties where the assessed valuation exceeds $5,000,000, and $3 on each $1,000 in counties the assessed valuation of which is less than $5,000,000; the aggregate indebtedness of any county for all purposes (exclusive of debts contracted before the adoption of the constitution) may not exceed twice the amount of the above limit, unless the question incurring such indebtedness shall be submitted to the qualified tax-paying electors; "but the bonds if any be issued therefor, shall not run less than ten years, and the aggregate amount of debt so contracted shall not at any time exceed twice the rate upon the valuation has herein mentioned." Originally counties with a valuation of less than $1,000,000 were not entitled to this privilege. The constitution also provides that, with the approval of the tax-paying electors, counties might issue bonds in liquidation of certain indebtedness existing prior to Dec. 31 1886.

School Districts.—School districts cannot incur debt without first submitting the proposition to the tax-payers; otherwise there is no limit given in the State constitution in their case. In April 1909 an Act was approved providing that the bonded indebtedness of any school district of the first or second class shall never in the aggregate exceed 5%, or of any school district of the third class 3½%, of the assessed value of the property in such district for the year next preceding the date of said bonds.

Districts containing a school population of 1,000 or more are of the first class, districts of less than 1,000 and more than 350 are second class, and districts having a population of 350 or less are of the third class.

Cities & Towns.—In the contracting of debts by cities and towns, provision must be made for a tax of not exceeding 12 mills on each dollar of valuation in order to pay annual interest and extinguish debt within 15 years and in not less than 10 years. No debt can be created unless the question is first presented to the tax-paying electors, and the aggregate of the debt must never exceed 3% of valuation. Debts contracted for supplying water are excepted from the limit.

Legislative Provisions.—The State Legislature has, by various enactments, undertaken to carry out the provisions of the Constitution as regards city, town and school district indebtedness.

Chapter 200, Laws of 1919, grants to towns and cities authority to contract indebtedness, through bonds, up to 3% of the assessed valuation of taxable property, the provision being made that water bonds shall not be subject to the limitation.

In Chapter 162, Laws of 1923, school districts of the first and second class are prohibited from incurring indebtedness in excess of 5% of the assessed value of property; and districts of the third class are limited in debt-incurring power to 3½% of the assessed valuation, except that in third class districts, in case the indebtedness has, prior to Jan. 1 1923, exceeded 3½%, additional debt may be contracted, but not more than 5% in all.

The provisions of the law relating to public revenue and limiting the levy of taxes in the several taxing districts of the State are contained in Sections 1 to 16, inclusive, of Chapter 137, Laws of 1913, as amended in 1915 and again in 1917. See V. 105, p. 1726, for changes made in 1917. Section 11 was amended by Chapter 160, Laws of 1923. The sections referred to read:

Sec. 1. The power of the board of commissioners of each of the several counties of the State to fix rates of levy annually for the creation of funds out of which to meet and defray the ordinary county expenses, including the support of the poor, and for the purpose of raising a fund to meet any unforeseen contingency expenses of the county is hereby limited as follows:

Sec. 2. In any county which has an assessed valuation for the current tax year of $1,000,000 or less, the levy shall not exceed 6 mills on the dollar of such valuation.

Sec. 3. In any county which has an assessed valuation for the current tax year of more than $1,000,000 and not in excess of $2,000,000, the levy shall not exceed 5 mills on the dollar of such valuation.

Sec. 4. In any county which has an assessed valuation for the current tax year of more than $2,000,000 and not in excess of $3,000,000, the levy shall not exceed 4 mills on the dollar of such valuation.

Sec. 5. In any county which has an assessed valuation for the current tax year of more than $3,000,000 and not in excess of $4,000,000, the levy shall not exceed 3½ mills on the dollar of such valuation.

In any county which has an assessed valuation in any amount in excess of $4,000,000, up to and including $10,000,000, the maximum levy shall be determined by reducing the levy of 3½ mills allowed upon a valuation of $4,000,000 one-tenth of one mill for each $1,000,000 in excess of $4,000,000, and any rate of levy so determined shall be the maximum rate of levy for all assessed valuations which are fractions of the next higher $1,000,000 of valuation.

Sec. 6. In any county which has an assessed valuation for the current tax year of more than $10,000,000 and not in excess of $11,000,000, the levy shall not exceed two and seventy-eight hundredths mills on the dollar of such valuation.

In any county which has an assessed valuation in any amount in excess of $11,000,000 up to and including $50,000,000, the maximum levy shall be determined by reducing the levy of two and seventy-eight hundredths mills allowed upon a valuation of $11,000,000, two hundredths of one mill for each $1,000,000 dollars in excess of $11,000,000, and any rate of levy so determined shall be the maximum rate of levy for all assessed valuations which are fractions of the next higher $1,000,000 of valuation.

Sec. 7. In any county which has an assessed valuation for the current tax year of not more than $50,000,000 and not in excess of $51,000,000, the levy shall not exceed one and ninety-one hundredths mills on the dollar of such valuation.

In any county which has an assessed valuation in any amount in excess of $50,000,000 up to and including $100,000,000, the maximum levy shall be determined by reducing the levy of one and ninety-nine hundredths mills allowed upon a valuation of $51,000,000, one-hundredth of one mill for each $1,000,000 in excess of $51,000,000, and any rate of levy so determined shall be the maximum rate of levy for all assessed valuations which are fractions of the next higher $1,000,000 of valuation.

Sec. 8. In any county which has an assessed valuation for the current tax year of more than $100,000,000 and not in excess of $101,000,000, the levy shall not exceed one and four hundred and ninety-eight thousandths of one mill on the dollar of such valuation.

In any county which has an assessed valuation in any amount in excess of $101,000,000 up to and including $300,000,000, the maximum levy shall be determined by reducing the levy of one and four hundred and ninety-eight thousandths mills, allowed upon a valuation of $101,000,000, two one-thousandths of one mill for each one million in excess of $101,000,000, and any rate of levy so determined shall be the maximum rate of levy for all assessed valuations which are fractions of the next higher $1,000,000 of valuation.

Sec. 9. In any county which has an assessed valuation for the current tax year of more than $300,000,000 and not in excess of $301,000,000, the levy shall not exceed one and ninety-nine one-thousandths mills on the dollar of such valuation.

In any county which has an assessed valuation in any amount in excess of $301,000,000 up to and including $400,000,000, the maximum levy shall be determined by reducing the levy of one and ninety-nine one thousandths mills, allowed upon a valuation of $301,000,000, one thousandth of one mill for each $1,000,000 in excess of $301,000,000, and any rate of levy so determined shall be the maximum rate of levy for all assessed valuations which are fractions of the next higher $1,000,000 of valuation.

Sec. 10. In any county which has an assessed valuation for the current tax year in excess of $400,000,000, the levy shall not exceed one mill on the dollar of such valuation.

Sec. 11. Except as herein otherwise provided, all statutory rates, making provision for the general revenues of the State and for State institutions, schools, towns, cities and for all other purposes (except to provide for the payment of bonds and interest thereon), are hereby so reduced as to prohibit the levying of a greater amount of revenue for any year hereafter than was levied the preceding year, plus 5%.

Except as herein otherwise provided, the exercise of the taxing power by the General Assembly and by every taxing body to which authority has been delegated by the General Assembly to exercise the power of taxation, is hereby limited (except to provide for the payment of bonds and interest thereon), so as to prohibit the levying of a greater amount of revenue for any year hereafter than was levied the preceding year, plus 5%.

Sec. 12. If any board of levy or any officer that is charged with the duty of levying a tax in any taxing district, except the State, shall be of the opinion that the amount of tax limited by this Act will be insufficient for the needs of such taxing district for the current year, the question of an increased levy may be submitted to the Colorado Tax Commission, and it shall be the duty of the Colorado Tax Commission to examine into the needs of such taxing district and ascertain from such examination the financial condition thereof and if, in the opinion of the Colorado Tax Commission, such taxing district is in need of additional funds, the said Commission may recommend an increased levy for such taxing district above the limits hereinbefore applied, and such taxing district is authorized to make such excess levy not exceeding five mills on the dollar of the valuation of such district; Provided, that in case the Colorado Tax Commission refuses or fails to recommend such increased levy or that the excess levy not exceeding five mills is insufficient to meet the required needs of such taxing district, the question may be submitted to the voters of such taxing district at a general or at a special election called for the purpose and in the manner provided by law for calling special elections in such taxing district. If any such question of increasing the levy shall be submitted at any election as before set forth, due notice thereof shall be given for at least thirty days in advance of such election by publication in some newspaper published in such taxing district, except school districts, and in school districts, notice shall be given by posting a notice of such election at the school houses in such district. If three-fourths of the votes cast at any such election shall be in favor of the increased levy as named in said election notice, then the officers charged with levying taxes may make such increased levy for the year voted upon and thereafter the limitation of this Act shall apply unless an increased levy for the particular year shall be voted at another election in like manner.

Sec. 13. Any levy which may be certified to the county assessor in excess of the limitations placed by this Act, shall be unlawful and in any such case it shall be unlawful for the county assessor of any county within the State to enter upon the tax roll of the county any such excessive levy and in case of any such excess in any levy it is hereby made the duty of the county assessor and he is hereby required to reduce such levy and to extend upon the tax roll only such a part thereof as will comply with the provisions of this Act.

Sec. 14. This Act shall in no way limit the amount of any levy necessary to be made for the purpose of paying any bonded indebtedness and interest thereon lawfully incurred, or any judgment against any county, city, town or school district, or the interest on such judgment, or for special assessments for local improvements, in any town, city or city and county.

Sec. 15. Any officer of any taxing district or any county assessor who shall violate any provision of this Act, shall be guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not more than $1,000, and shall also be liable to removal from office as provided by law.

Sec. 16. Each section of this Act and every part of each section are hereby declared to be independent sections and parts of sections, and the holding of any section or part thereof to be void or ineffective for any cause shall not be deemed to affect any other section or any part thereof.

TAXATION OF MUNICIPAL BONDS.—The Legal Department of the State advised us under date of Jan. 22 1912 that there is no law specifically exempting from taxation bonds issued by the State or any of its municipalities, "in case the same are found in the hands of individuals as owners."

The law on this may be found in Sections 5543, 5545 and 5581, Revised Code of 1908. Section 5543 provides that all property, both tangible and intangible, shall be subject to taxation, unless expressly exempted by law. Section 5545, in listing exemptions, includes property of the State, counties, cities, towns and other municipalities, but makes no mention of the bonds of these places. Section 5581 requires that all "notes, bonds, debentures or other written evidences of indebtedness be listed in the tax rolls.

COLORADO IRRIGATION DISTRICTS.—Bondholders' protective committee waives interest upon irrigation district bonds held by it. See Denver Reservoir Irrigation Co., page 925, "Chronicle" Sept. 18 1915.

SAVINGS BANK INVESTMENTS—LOANS ON REAL ESTATE—INVESTMENT OF SAVINGS DEPOSITS.—Loans on real estate and investments and loans of savings banks are governed by Sections 30 and 31 of the Banking Law of 1913, and Section 287, Revised Statutes of 1908, as amended in 1923. Sections 30 and 31 and 287 now read:

Sec. 30. No bank, except savings banks, shall make, or purchase loans secured by mortgage or trust deed on real estate in excess of twenty-five per cent of its total interest-bearing securities; nor, except in the case of savings banks, shall any such loan be for a longer period than three years. Banks may make, purchase and hold loans for not to exceed five years upon first trust deeds or first mortgages on real estate, worth at least double the amount of the loan, to the extent of fifty per cent of their savings deposits. No bank shall make or purchase loans on real estate unless such loans are secured by first trust deeds or first mortgages, except as additional security to loans previously made by such bank.

Sec. 31. Except as permitted by Sec. 30 hereof, savings deposits shall not be loaned or invested except upon or in the following evidences of indebtedness, to-wit: Securities of the United States, of the several States of the United States, counties, cities, towns, irrigation districts, school districts, first class commercial paper, negotiable paper secured by collateral having an actual cash market value in excess of the loan so secured and first mortgage bonds of steam or street railway, water, light, gas and industrial corporations which have earned at least four per cent net per annum on their capital stock during the five years immediately preceding the date of such loan or loans and have not defaulted in the payment of the principal or interest of any debt during such period.

Section 287 of the Revised Statutes of 1908, as amended by Chapter 68, Laws of 1923, reads as follows:

Section 287. The Board of Directors or Trustees may invest one-half of the deposits made with them upon personal securities or in the bonds or stock of this State or of the United States, Federal Farm Loan bonds, or in the bonds of any county, city, town, or school district in this State legally authorized to issue such bonds or loan the same upon bonds secured by mortgage upon unincumbered real estate worth at least double the amount loaned, or in such other manner as is authorized by this Act, and from the remainder of said deposits temporary deposits may be made by said board in any national bank, or in any of the banks of this State, which may be incorporated under the general banking laws, said deposits not to exceed twenty-five thousand ($25,000) dollars in any one bank, or they may keep the whole or any part of the said remainder to meet the current payment of such bank, and which may by them be kept on deposit, interest, or otherwise, or in such suitable form as the directors or trustees may direct. All certificates or evidences of deposit made by the proper officers of said bank shall be as effectual to bind the bank as if made under the common seal thereof.

INVESTMENTS IN FEDERAL FARM LOAN BONDS NOW AUTHORIZED.—Under authority of Chapter 92, Laws of 1925, banks, trust companies, &c., may, in addition to the other securities already authorized by law, invest in Federal Farm Loan bonds issued by Federal Land banks and Joint Stock Land banks. The Act also qualifies such bonds as security for public deposits and for deposit with any department or public official of the State of Colorado. The Act provides as follows:

All banks, savings banks, trust companies, insurance companies, assurance, casualty, fidelity and guaranty companies, and building and loan associations, which are permitted or directed by the laws of the State of Colorado as now existing or hereafter enacted to invest any of their moneys or deposits in securities, may invest such moneys or deposits in Farm Loan bonds issued by any Federal Land Bank or Joint Stock Land Bank organ-

ized pursuant to an Act of Congress approved July 17 1916, entitled: "An Act to provide capital for agricultural development, to create standard forms of investment based upon farm mortgages, to equalize rates of interest upon farm loans, to furnish a market for United States bonds, to create government depositories and financial agents for the United States, and for other purposes," and known as "Federal Farm Loan Act," and Acts amendatory thereto. And such Farm Loan bonds shall be accepte l as security for all public deposits and in all cases where bonds are required by law to be deposited with any department or public official of the State of Colorado. *Provided*, That this Act shall not be so construed as to prohibit such moneys, or deposits from being invested in such other securities as are now provided for by law.

INVESTMENT OF TRUST FUNDS IN BONDS OR STOCK OF PRIVATE CORPORATIONS PROHIBITED.—Section 36 of Article 5 of the Colorado constitution provides that "No Act of the General Assembly shall authorize the investment of trust funds by executors, administrators, guardians or other trustees in the bonds or stock of any private corporation."

Legislative regulation of investment of trust funds is now found in Section 5269 of the Compiled Laws of 1921 as last amended by Chapter 181, Laws of 1925. The amendment made in 1925 strikes out the length of time upon which a loan of money can be made upon mortgage security but now limits the amount of the loan to 50% of the appraised value of land and water covered by the security. Section 5269 now reads as follows:

Section 5269. It shall be lawful for executors, administrators, guardians or conservators to invest moneys belonging to their respective estates in bonds of the United States or in Farm Loan bonds issued in pursuance of the Federal Farm Loan Act, or in such bonds as are a direct general obligation of the State of Colorado; or of any county, city and county, school district or any incorporated city or town therein, which has continuously existed as a lawful corporation for the period of at least fifteen years prior to the date of said bonds, or in all or any part of issues or series of bonds or notes secured by first lien mortgages or deeds of trust upon estate situate within the State of Colorado, together with the water rights belonging thereto or used thereon, or in case said land is irrigated by water owned by a corporation, so much of the said stock of said corporation may be included as security as is necessary to furnish the proper amount of water for the irrigation of said land, provided, said loans do not exceed fifty per centum of the appraised value of said land and water. Loans of money upon mortgage security shall be made in such amount and for such periods as may be for the best interests of the estate, and shall be forthwith reported to and approved by the County Court.

DENVER.
Denver is situated in Denver Co. Incorp. Nov. 7 1861. Under Rush Amendment to constitution (Chap. 46, Laws of 1901), adopted Nov. 1902, this city and various suburban towns have been united to form what is known as City and County of Denver. V. 76, p. 554. New Counties of Adams and South Arapahoe (the latter is now known as Arapahoe County) were formed out of portions of old county of Arapahoe not incl. in new city and co. of Denver. State Supreme Ct. on Feb. 27 1903 upheld constitutionality of Rush Amendment. OnMay 10 1916 an amendment to the city charter was adopted doing away with the commission government and substituting the mayoralty form of government. V. 102, p. 1913.
Water Works.—The $8,000,000 municipal water plant bonds were upheld by U. S. Supreme Court Oct. 15 '17; V. 105, p. 1726. These bonds have not be issued, however, we are informed, except $1,149,600, for which the city had obligated itself in the building of a new plant. A deal was consummated with the Denver Union Water Co., whereby the city purchased that company's plant and issued in payment the $10,806,000 bonds below. V. 107, p. 919. A proposed amendment to the charter providing for a change in the form of the management of the water system of the city was defeated on Oct. 30. V. 115, p. 2071.
The $3,000,000 Moffat Tunnel bonds voted Feb. 17 1914 were declared void by the State Supreme Court on July 8 1914. V. 99, p. 137. In 1922 the Legislature in special session enacted a law organizing the Moffatt Tunnel Impt. District. This Act has been upheld by the U. S. Supreme Court. See Moffat Tunnel Impt. District.
Supreme Court on Apr. 3 1916 upheld increase in assessed valuation. See "Chronicle" of Apr. 15 1916, page 1461

Water Bonds.
6s '09 J-D $400,000c..Oct 1 '20-'29

NORTHERN DELTA IRR. DIST.
This district (P. O. Delta) is in Delta County. The two mortgages formerly outstanding, aggregating $28,000, have been foreclosed and the ditch and water rights after acquisition at foreclosure sale, conveyed to an organized mutual irrigation company called the North Delta Irrigation Co. The farmers owning land under this ditch (nearly all within the Northern Delta Irrigation District) have purchased water rights for 1,800 acres of land and from time to time the remaining 600 acres of water rights are being acquired.

INT. on 5s of 1922 at the National Bank of Commerce, New York.

SAN ARROYA IRRIG. DIST.
This district (P. O. Fort Morgan) is in Morgan Co. Bonds in default. In the latter part of October 1921, Mr. Arlington Taylor, attorney-at-law, of Fort Morgan, advised us that there has been "no board of directors in existence for years" and that "no levies have been made." "Efforts," he said, "have fruitlessly been made to get all bonds martialed and settled for a few cents on a dollar, but no success has been made along this line." He seems to think that the bonds are a "total loss." Under date of Oct. 1 1923, Ed. H. Madison, County Treasurer, advises us that "conditions remain the same" concerning this district.
6s '08 J-D $235,000c..Sept 1 '21-'28

do do.....1921	5½s	J & J	July 1 1941	1,000,000

All bonds are non-taxable.

INTEREST on all bonds payable at the First National Bank, New York City; National Copper Bank, Salt Lake City; or at State Treasurer's office, at option of holder.

BONDED DEBT Oct. 1 1925 was $9,660,000. Sinking fund Oct. 1 1925, $2,109,500.
The temporary loan debt Oct. 1 1925 amounted to $450,000.

TAX VALUATION.—Beginning with 1916, property has been assessed on a full cash basis. The assessed value for 1925 was $668,611,580; in 1924, was $665,495,424; in 1923 it was $650,000,000; in 1922, $635,531,708; in 1921, $696,453,714; in 1920, $716,937,465; in 1919 it was $696,587,544; in 1917 it was estimated at $590,000,000; in 1916 it was $531,000,000; in 1915 the final figure *on the old basis* was $228,096,737; in 1914, $221,611,412; in 1912, $200,299,207; in 1910, $186,354,505; in 1908, $166,019,855; in 1906, $145,995,919; in 1904, $132,994,247; and in 1900, $105,629,041. The State tax (per $1,000) for 1921 was $6.09; for 1922, $7.10; for 1923, $7.40; for 1924, $7.30; and 1925, $7.40.

DEBT LIMITATION.—The indebtedness of this State is limited by its constitution. The sections relating to State debt are found in Article XIV of that instrument, being Nos. 1, 2, 5 and 6. An amendment to Section 1 proposing to increase from 1½% to 2% the amount of debt to which the State may obligate itself was defeated at the 1922 general election. V. 115, p. 2401. We quote these sections below:

SECTION 1. To meet casual deficits or failures in revenue, and for necessary expenditures for public purposes, including the erection of public buildings, and for the payment of all Territorial indebtedness assumed by the State, the State may contract debts not exceeding [as amended in 1910] in the aggregate at any one time, an amount equal to one and one-half per centum of the value of the taxable property of the State as shown by the last assessment for State purposes, previous to the incurring of such indebtedness. But the State shall never contract any indebtedness, except as in the next section provided, in excess of such amount, and all moneys arising from loans herein authorized, shall be applied solely to the purposes for which they were obtained.

SECTION 2. The State may contract debts to repel invasion, suppress insurrection, or to defend the State in war, but the money arising from the contracting of such debts shall be applied solely to the purpose for which it was obtained.

SECTION 5. All moneys borrowed by, or on behalf of the State or any legal subdivision thereof, shall be used solely for the purpose specified in the law authorizing the loan.

SECTION 6. The State shall not assume the debt, or any part thereof, of any county, city, town or school district.

Title 47, Revised Statutes of Utah, provides further for a State Board of Loan Commissioners, who are authorized to refund all outstanding Territorial bonds. These bonds are not to be taxed within the State of Utah for any purpose. Under the provisions of this Act several Territorial bond issues have been refunded.

Counties, Cities, Towns, &c.—The constitutional provisions relating to the debt of counties, cities, towns, school districts and other municipal corporations will be found in Sections 3, 4, 5 and 7 of Article XIV. Section 5 is quoted above. We give Sections 3, 4 and 7 below.

SECTION 3. No debt in excess of the taxes for the current year shall be created by any county or subdivision thereof, or by any school district therein, or by any city, town or village, or any subdivision thereof in this State, unless the proposition to create such debt shall have been submitted to a vote of such qualified electors as shall have paid a property tax therein, in the year preceding such election, and a majority of those voting thereon, shall have voted in favor of incurring such debt.

SECTION 4. When authorized to create indebtedness as provided in Section 3 of this Article, no county shall become indebted to an amount including existing indebtedness, exceeding 2%. No city, town, school district or other municipal corporation, shall become indebted to an amount, including existing indebtedness, exceeding 4% of the value of the taxable property therein, the value to be ascertained by the last assessment for State and county purposes, previous to the incurring of such indebtedness; except that in incorporated cities the assessment shall be taken from the last assessment for city purposes; provided, that no part of the indebtedness allowed in this section shall be incurred for other than strictly county, city, town or school district purposes; provided further, that any city of the first and second class when authorized as provided in Section 3 of this Article, may be allowed to incur a larger indebtedness, not to exceed four per centum, and any city of the third class, or town, not to exceed [as amended in 1910] eight per centum additional, for supplying such city or town with water, artificial lights or sewers, when the works for supplying such water, light and sewers, shall be owned and controlled by the municipality.

SECTION 7. Nothing in this Article shall be so construed as to impair or add to the obligation of any debt heretofore contracted, in accordance with the laws of Utah Territory, by any county, city, town or school district, or to prevent the contracting of any debt or the issuing of bonds therefor, in accordance with said laws, upon any proposition for that purpose, which, according to said laws, may have been submitted to a vote of the qualified electors of any county, city, town or school district before the day on which this constitution takes effect.

Section 792 of the Compiled Laws of Utah, 1917, carries into effect Sec. 4 of Article XIV as far as cities and towns are concerned. This section provides that any city or town may incur indebtedness not exceeding in the aggregate, with all other indebtedness, 8% of the value of the taxable property for the purpose of supplying the city or town with water, artificial light or sewers when the works for supplying such water, light and sewers shall be owned and controlled by the municipality, provided that cities of the third class, and towns, may become indebted to an amount not exceeding in the aggregate, with all other indebtedness, 12% of the value of the taxable property for these purposes, when authorized by a majority of the qualified electors. Bonds issued under authority of his section may not be sold at less than par.

County indebtedness in Section 1414, Compiled Laws of 1919, is limited to 2% of the taxable valuation of property, the provision being made that no debt except for refunding may be incurred without a majority vote of the people. In Sec. 1364 an additional limitation is made, the provision being that a county may not create, in any one year, a debt in excess of the tax receipts for that year.

Sections 3515 and 3516 authorize irrigation districts to issue bonds upon the approval of two-thirds of the voters. These bonds may not be sold at less than 95. Section 2071 authorizes the issuance of drainage district bonds with the approval of a majority of the voters.

Chapter 69, Laws of 1925, permits drainage districts to issue refunding bonds.

Section 26 of Chapter 68, Laws of 1919, as amended by Chapter 73, Laws of 1921, provides that water conservation districts may incur indebtedness not in excess of $3 per acre.

TAXATION OF MUNICIPAL BONDS.—The Secretary of State advised us under date of December 11 1911, that he could find no statute which expressly exempts from taxation bonds, notes or other evidences of indebtedness issued by the State, counties, school districts and municipalities. The constitution, however, exempts all property owned by such political divisions and also exempts mortgages from taxation, and it has been construed that the bonds of the State and its municipalities are mortgages, and therefore not taxable. The Legislature of 1911 passed two Acts providing for bond issues ($260,000 road and bridge and $300,000 university) and in both of these Acts it was expressly stipulated that the bonds should be exempt from taxation for any purpose within the State. In 1921 the Legislature passed an Act providing for the issuance of $1,000,000 bonds for road construction and another for $500,000 for general fund deficit. Both these Acts carry clauses exempting the bonds from taxes within the State. Title 47 of the Revised Statutes of 1907, which provides for the creation of a State Board of Loan Commissioners to refund outstanding territorial bonds, also provides that these bonds are not to be taxed within the State for any purpose.

SAVINGS BANK INVESTMENTS.—There are no stipulated securities for investment by Utah savings banks. Section 1206 of Chapter 12, Title 19, Compiled Laws of Utah, 1917, prescribes the bonds which are legal investments for loan, trust and guaranty associations.

INTEREST on bonds of 1909 at Harris, Forbes & Co., New York City; on bonds of 1921 at the State Treasurer's office; on bonds of 1913, 1922, and $163,000 issue of 1915 at the Seaboard National Bank, New York City; on others at the National Bank of Commerce, New York City.

TOTAL DEBT.—The total bonded debt Oct. 1 1925 was $3,929,500. There are held by the permanent funds securities of the State in the amount of $439,000, consisting of $209,000 Capitol additions and highway bonds and $230,000 certificates of indebtedness. The total amount of all securities held for the various funds on Dec. 1 1924 was $1,779,886.09.

ASSESSED VALUATION.—The assessed valuation for 1918 was $357,062,508.94; in 1920 it was $403,046,652; in 1921, $367,828,374; in 1922, $330,000,000; in 1923, $310,000,000; in 1924, $309,808,236; and in 1925, $315,000,000. The State tax rate in 1923 was $4.50 per $1,000.

STATEHOOD.—On Aug. 21 1911 the President signed the joint resolution passed by Congress admitting the Territories of New Mexico and Arizona into the Union. This resolution suggested an amendment to be submitted to the voters at the first State election making their constitution easier of amendment. This amendment was adopted Nov. 7 1911. V. 94, p. 148. The proclamation admitting New Mexico to Statehood was signed by the President on Jan. 6 1912. V. 94, p. 148.

DEBT LIMITATION.—Article IX. of the constitution contains the sections which regulate the debt of State, county, city, &c. The State may borrow money not exceeding the sum of $200,000 in the aggregate, to meet casual deficits or failure in revenue or for necessary expenses. The State may also contract debts to suppress insurrection and to provide for the public defense. No other debt shall be contracted unless authorized by law for some specified work or object, which law shall provide for an annual tax levy sufficient to pay the interest and to provide a sinking fund to pay the principal within 50 years. Such laws are to be approved by the voters before a bond issue can be made. In section 8 it is provided that the limit of State indebtedness, exclusive of debts of the territory and the counties assumed by the State, be 1% of the assessed valuation of taxable property. A new section (Sec. 16) was added to Art. IX. in 1921, which allows the laws of the Fifth Legislature, authorizing the issuance of not more than $2,000,000 debentures for road purposes in anticipation of the collection of revenues from motor vehicle licenses and other revenues provided by law for the State Road Fund, to take effect without being submitted to a vote of the people notwithstanding that the limit of indebtedness may be temporarily exceeded by the issue.

Section 11 provides that no school district shall ever become indebted in an amount exceeding six (6) per centum on the assessed valuation of the taxable property as shown by the preceding general assessment.

Section 13, giving the limitations as regards counties, cities, &c., contains the following provisions:

That counties, cities, towns and villages are allowed to create indebtedness up to 4% of the taxable property; but for water and sewer purposes cities, towns and villages may issue bonds in excess of this limit.

It is provided in Section 10 that counties may issue bonds (to mature within 50 years) for no other purposes than erecting necessary buildings or constructing or repairing roads and bridges, and in Section 12 that cities may issue bonds (to mature within 50 years) only by irrepealable ordinances, which shall specify the purpose of the issue and levy a tax of not more than 12 mills on the dollar.

Refunding bonds may be issued by the State and its subdivisions is the provision contained in Section 15.

In no case, except for refunding, are bonds to be issued unless voted by the people.

This article as adopted in 1911 will be found on page 141 of the "Chronicle" for Nov. 18 1911.

School bonds may not be sold at less than 95, under the terms of Section 701, Chapter 148, Laws of 1923.

CONSERVANCY DISTRICTS, WITH POWER TO BECOME INDEBTED, MAY BE ORGANIZED.—Under the terms of Chapter 140 of the Laws of 1923, counties of the State may organize conservancy districts for the purpose of preventing floods, regulating streams, reclaiming, draining and filling wet and overflowed lands, &c. These districts are empowered to issue bonds in an amount not to exceed 90% of the total amount of construction fund assessments, which assessments are to be placed against property benefiting by the project. The bonds are to be in denominations of not less than $100, are to bear no more than 6% interest, payable semi-annually, and are to mature at annual intervals within forty years, commencing not later than five years after date. Sale is not to be made at less than par.

SPECIAL ASSESSMENT BONDS.—A law enacted at the 1923 Legislative Session provides that when the governing body of any municipality levies a special assessment against property abutting any improvement, that body shall have power to issue bonds in an amount not to exceed the total amount of special assessments levied.

TERRITORIAL AND MUNICIPAL BONDS EXEMPT FROM TAXATION.—Bonds of the State of New Mexico, and of the counties, municipalities, and districts thereof, are exempted from taxation by Section 3, Article 8, of the State Constitution. For opinions, see V. 85, p. 1534; V. 86, p. 240; V. 87, p. 111.

SAVINGS BANK INVESTMENTS.—Section 56 of the Banking Laws of New Mexico, 1917, contains the provisions regulating the investments of the deposits of savings banks in this State. Below we publish Section 56 in full:

Sec. 56. Except as permitted by Section 34 hereof, savings deposits shall not be loaned or invested except upon or in the following evidences of indebtedness, to wit: Securities of the United States, of the several States of the United States, counties, cities, towns, irrigation districts, school districts, first-class commercial paper, negotiable paper secured by collateral having an actual cash market value in excess of the loan so secured, and first mortgage bonds of steam or street railways, water, gas, light and industrial corporations which have paid at least 4% net per annum on their capital stock during each of the five years immediately preceding the date of such loan or loans and have not defaulted in the payment of the principal or interest of any debt during such period.

Section 34, referred to above, among its other provisions, allows banks to hold loans for not exceeding five years on first mortgages on real estate to the extent of 30% of their savings and general deposits. This section reads:

Sec. 34. No bank, except savings banks, shall make, or purchase loans secured by first mortgages on real estate in excess of 30% of its total deposits; nor shall any such loan be for a longer period than five years. Banks may make, purchase and hold loans for not to exceed five years upon first mortgages on real estate, to extent of 75% of the savings deposits. Trust companies may make, purchase and hold loans for not to exceed five years upon first mortgages on real estate to the extent of 75% of their general deposits. No bank shall accept real estate as security, for a greater amount than 50% of its value, as appraised by at least three of its directors. Provided: That nothing herein contained shall prevent any bank from taking additional security upon previous existing loans made in good faith.

Bonds of irrigation and conservations may also be invested in by banks, insurance companies and trust companies, &c., under authority of Chapter 20, Laws of 1925, entitled, "An Act relating to bonds of irrigation and conservancy districts, providing under what circumstances such bonds shall be legal investments for funds of banks, insurance companies and trust companies, trust funds and permanent funds derived from the sale of lands that may have been or may hereafter be granted to the State and any money or funds which may now or hereafter be invested in bonds of cities, counties, school districts or municipalities and providing under what circumstances the use of bonds of irrigation and conservancy districts as security for the performance of any Act may be authorized, and providing that such bonds may be deposited to secure public money deposited in banks in the State of New Mexico."

POPULATION.—The population of New Mexico has been as follows in the years named. The totals for 1900, 1910 and 1920 include Indians and whites on Indian reservations not previously taken into account. Such persons in 1890 aggregated 6,689, and in 1880 23,452.

1920	360,350	1900	195,310	1880	119,565	1860	*87,034
1910	327,301	1890	153,593	1870	91,874	1850	61,547

* Not including population of Arizona Territory, then forming part of New Mexico, but subsequently detached and organized as a separate Territory.

Actual value 1923 (est.)..10,000,000
Population 1910, 5,072; 1920, 7,226

SANTA FE COUNTY.
County seat is Santa Fe.
The present debt is $479,000, consisting of what are known as Refunding Bonds of the State of New Mexico, Series "B," Santa Fe County. While these bonds are bonds issued by the State and are primarily its obligation, Santa Fe County is responsible for the interest, which is at 4¼%, payable semi ann. (M. & S.), and is also responsible for the principal, but in case of default upon the part of the county the State would have to take care of them, having recourse then to the county. In addition to these bonds there are, we are advised, probably a few outstanding bonds of older issues, and probably some past due and unpaid coupons, and possibly a judgment or so. The amount of these latter is estimated at $4,000. Over $1,000,000 of the old debt represented by bonds issued in aid of railroad construction, the coupons from, and judgments based on such bonds, were absolutely assumed by the State of New Mexico, which issued its bonds in payment therefor without any recourse to the county the U. S. Congress having made a large land donation to the State for the ultimate payment of these bonds. The assess. val. in 1925 is $9,835,567; the total State and county tax per $1,000), $25.62. Population 1910 (Census), 14,770; 1920, 15,030.

SANTA FE SCHOOL DISTRICT.
This district (P. O. Santa Fe) is in Santa Fe County.

INTEREST is payable in gold at the office of the State Treasurer and at Guaranty Trust Co., N. Y. City.

TOTAL DEBT, &c.—The total State debt June 30 1925 was $2,848,275, including $2,100,303, the amount of county and city funded indebtedness. On June 30 1925 there was in the sinking fund for the redemption of Territorial indebtedness $677,250.97.

ASSESSED VALUATION.—The total assessed valuation for 1925, $640,895,855; 1924, $649,879,308; 1923, $697,002,006; 1922, $732,021,286; 1921, $830,536,582; 1920, $884,455,682; 1919, $855,224,720; 1918, $834,020,532; 1917, $697,526,619; 1916, *$486,406,519; 1915, $420,532,412; 1914, $407,267,393; 1913, $375,862,415; 1912, $140,338,191; 1911, $98,032,709; 1910, $86,126,226; 1908, $80,687,542; 1906, $62,227,634.

*[We are advised by the Secretary State Tax Commission that that body ordered the assessors to assess all property at its "full cash value," which has always been the law, but was never carried out prior to 1913.]

TAX RATE.—The tax rate (per $1,000) for 1921 was $5.10; for 1922, $4.75; for 1923, $5.75; for 1924, $5.60; and for 1925, $7.90.

STATEHOOD.—The President on Aug. 21 1911 signed the joint resolution passed by Congress admitting the Territories of Arizona and New Mexico into the Union. This resolution provided that the voters of Arizona must except judicial officers from the recall provision of their constitution before Statehood would be granted. V. 93, p. 546. On Dec. 12 1911 an amendment to this effect was favorably voted. V. 93, p. 1736. At the session of the first State Legislature, however, a resolution was passed providing for an amendment to the constitution *extending* the recall to all public officers of the State, either by appointment or election. This amendment was favorably voted at the general election Nov. 5 1912. The State was admitted by proclamation of the President on Feb. 14 1912.

DEBT LIMITATION—BONDS TAX-FREE.—The power of the State and its sub-divisions to incur debt is limited by Sections 3, 5, 6, 7 and 8 of Article IX, and by Section 2 of this same article. Such debt, when evidenced by bonds, will be exempt from taxation. The five sections referred to are given below in full:

Section 2. There shall be exempted from taxation all Federal, State county and municipal property. Property of educational, charitable and religious associations or institutions not used or held for profit may be exempted from taxation by law. Public debts, as evidenced by the bonds of Arizona, its counties, municipalities, or other subdivisions, shall also be exempt from taxation. There shall further be exempt from taxation the property of widows, residents of this State, not exceeding the amount of one thousand dollars, where the total assessment of such widow does not exceed two thousand dollars. All property in the State not exempt under the laws of the United States or under this constitution, or exempted by law under the provisions of this section, shall be subject to taxation to be ascertained as provided by law.

Sec. 3. The Legislature shall provide by law for an annual tax sufficient, with other sources of revenue, to defray the necessary ordinary expenses of the State for each fiscal year. And for the purpose of paying the State debt, if there be any, the Legislature shall provide for levying an annual tax sufficient to pay the annual interest and the principal of such debt within 25 years from the final passage of the law creating the debt. No tax shall be levied except in pursuance of law, and every law imposing a tax shall state distinctly the object of the tax, to which object only it shall be applied. All taxes levied and collected for State purposes shall be paid into the State treasury in money only.

Sec. 5. The State may contract debts to supply the casual deficits or failures in revenues, or to meet expenses not otherwise provided for; but the aggregate amount of such debts, direct and contingent, whether contracted by virtue of one or more laws, or at different periods of time, shall never exceed the sum of three hundred and fifty thousand dollars; and the money arising from the creation of such debts shall be applied to the purpose for which it was obtained or to repay the debts so contracted, and to no other purpose.

In addition to the above limited power to contract debts the State may borrow money to repel invasion, suppress insurrection, or defend the State in time of war; but the money thus raised shall be applied exclusively to the object for which the loan shall have been authorized or to the payment of the debt thereby created. No money shall be paid out of the State Treasury, except in the manner provided by law.

Sec. 6. Incorporated cities, towns and villages may be vested by law with power to make local improvements by special assessments, or by special taxation of property benefited. For all corporate purposes, all municipal corporations may be vested with authority to assess and collect taxes.

Sec. 7. Neither the State, nor any county, city, town, municipality or other subdivision of the State, shall ever give or loan its credit in the aid of, or make any donation or grant, by subsidy or otherwise, to any individual, association or corporation, or become a subscriber to, or a shareholder in, any company or corporation, or become a joint owner with any person, company or corporation, except as to such ownerships as may accrue to the State by operation or provision of law.

Sec. 8. No county, city, town, school district, or other municipal corporation shall for any purpose become indebted in any manner to an amount exceeding four per centum of the taxable property in such county, city, town, school district, or other municipal corporation, without the assent of a majority of the property taxpayers, who must also in all respects be qualified electors therein, voting at an election provided by law to be held for that purpose, the value of the taxable property therein to be ascertained by the last assessment for State and county purposes, previous to incurring such indebtedness; except, that in incorporated cities and towns assessments shall be taken from the last assessment for city or town purposes; Provided, that under no circumstances shall any county or school district become indebted to an amount exceeding ten per centum of such taxable property, as shown by the last assessment roll thereof; and provided, further, that any incorporated city or town, with such assent, may be allowed to become indebted to a larger amount, but not exceeding fifteen per centum additional, for supplying such city or town with water, artificial light or sewers, when the works for supplying such water, light or sewers are or shall be owned and controlled by the municipality.

In Nov. 1912 an amendment to this section was adopted so as to limit the amount of debt which may be incurred under any circumstances by a county or school district to 10% of the taxable value. The limit which may be incurred by a city or town without the assent of the voters for municipal water, light or sewer works was increased from 5% to 15% of the taxable value.

BORROWING IN ANTICIPATION OF TAXES.—The Legislature, as it has done at the past two sessions, namely 1921 and 1923, again in 1925 enacted a law (Chapter 7, Laws of 1925) authorizing the State Loan Commissioners to issue bonds in anticipation of taxes. These bonds are to be issued in anticipation of the collection of taxes levied for State purposes only for the last half of 1924, all of 1925, and the first half of 1926, and all such bonds will be payable solely from the proceeds of such taxes. The amount of bonds, including both principal and interest, may not exceed 75% of the amount of taxes (uncollected and not in the treasury) for the fiscal year, and must be payable within six months at a rate of interest not in excess of 5%. The act is exempted from the operation of the referendum provisions of the State Constitution by Section 11, which declares that an emergency exists and that an early operation of the Act is required to preserve the public peace, health and safety.

Previous enactments were Chapter 68, Laws of 1921 and Chapter 66, Laws of 1923.

TERRITORIAL AND MUNICIPAL BONDS EXEMPT FROM TAXATION.—See provisions of Section 2, Article 9, of Constitution, given above.

SAVINGS BANK INVESTMENTS.—Up to 1922 the investment of savings bank funds was regulated by Subdivision 6 of Section 2123 of the Civil Code of 1913. Under this law savings banks with a capital stock or reserve fund paid in of no less than $100,000 were allowed to invest only in bonds of the United States, the Arizona Territory, the State of Arizona, and of the counties and cities therein. In 1922 a new law was passed, covering the subject more thoroughly. It follows:

Sec. 26.—*Savings Banks Loans.*—A savings bank may invest the capital and deposits and the income derived therefrom:

Subdivision 1. Upon mortgages upon real estate, which mortgages shall be a first lien on the real estate mortgaged. No such loan shall exceed at the date it is made 60% of the market value of the real estate mortgaged. At least 50% of such loans by the bank shall at all times be secured by first mortgage liens upon real estate situated in this state. Provided, that liens of the Federal Government on any United States Reclamation project or liens of the State Government on any project organized under the laws of the State of Arizona shall not be considered a first lien under the provisions of this Act. This exception shall not apply to any Federal or State farm loans.

Subdivision 2. In the interest bearing bonds of, or other securities issued by this State, or of any county, city, town, school or road district therein, or any securities issued by authority of law for local improvements, that may have been lawfully issued.

Subdivision 3. In the stocks, bonds or interest bearing notes of the United States for the payment of which and the interest thereon, the faith of the United States is pledged.

Subdivision 4. In the bonds of any State of the United States upon which there is no default and upon which there has been no default at any time within ten years last before such investment.

Subdivision 5. In loans upon promissory notes secured by pledge or mortgage of personal property worth at least 40% more than the amount of the loan; or upon promissory notes or other negotiable instruments with at least two sureties or endorsers, or upon notes where the borrower is worth over and above all his other liabilities at least five times the amount of the note.

Subdivision 6. In all bonds of irrigation districts of the State of Arizona certified in accordance with the terms of Chapter 149, of the Session Laws of Arizona, Regular Session of the Fifth Legislature, as provided in Section 44 of said Chapter, or any law amendatory thereof or supplemental thereto.

Subdivision 7. In real estate as follows:

(a) A plot whereon there is or may be erected a building or buildings suitable for the convenient transaction of the business of the savings bank, and, or, from portions of which not required for its own use a revenue may be derived.

(b) Such as shall be conveyed to it in satisfaction of debts previously contracted in the course of its business.

(c) Such as it shall purchase at sales under judgments, decrees or mortgages held by it.

Subdivision 8. It shall be unlawful for any savings bank to invest or loan any of its capital, or any of the money of its depositors in the shares, stocks or bonds of any mine or mining company or oil company.

POPULATION.—Population of Arizona has been as follows in the years mentioned. The total for 1900 and since includes Indians and whites on Indian reservations not previously taken into account. Such persons in 1890 aggregated 28,623 and in 1880 18,706.

1920	334,162	1900	122,931	1870	9,658
1910	204,354	1890	59,620	1860	*6,482
		1880	40,440		

*This was population when Arizona was simply a county of New Mexico.

LEGISLATURE.—The first session of the Legislature convened on Dec. 2 1907 and was limited to 160 days. The regular sessions occur biennially in odd years on the first Tuesday after the first Monday in January. Members receive only one-third the regular pay per day after 60 days.

CONSTITUTIONAL CONVENTION PROPOSED.—A constitutional convention to be held the first Tuesday of November 1927 for the purpose of altering, revising, or amending the present Constituion, or to propose a new Constitution for the State is provided by Chapter 71, Laws of 1925. Pursuant to Section 2, Article XXIV of the Constitution, the Act will be submitted to the voters for their approval at the general election in November 1926.

TOTAL DEBT.—The bonded debt of Oklahoma Territory, which on July 1 1903 amounted to $48,000, was paid off in March 1904. The entire direct obligations of the State at the present time are represented by the $1,637,000 funding bonds and the $1,550,000 public building bonds described below. The money on hand in the State Treasury June 30 1925 amounted to $2,235,145.34. The amount on hand in the official depository —moneys not distributed to the various funds and belonging to the State, was $7,294,369.13. Cash on hand, Commission Land Office funds, amounted to $2,197,408.57. Receipts from gross production of gas and oil at 3% for the fiscal year July 1924 to June 1925 amounted to $5,525,557.95.

a Bonds mature Sept. 15 as follows: $20,000, 1929; $9,000, 1930 to 1932 incl.; $10,000, 1933 and 1934; $11,000, 1935 and 1936; $12,000, 1937 and 1938; $13,000, 1939 and 1940; $15,000, 1941 and 1942; $16,000, 1943; $17,000, 1944; $18,000, 1945; $19,000, 1946; $20,000, 1947 and 1948, and $21,000, 1949.

INTEREST is payable at the Chatham-Phenix National Bank & Trust Co. in New York City or at the State Treasurer's office.

DEFEAT OF SOLDIER BONUS.—By a close vote the people on Nov. 7 1922 defeated a Soldier Bonus measure, which provided for a $1,500,000 bond issue. V. 115, p. 2818. The 1923 Legislature enacted another measure looking toward compensating World War veterans. This Act proposed a $25,000,000 bond issue for payment of cash bonuses and a $30,000,000 bond issue for carrying out a system of home-aid loans. At the special election held Oct. 2 the proposition was defeated by the voters. See V. 117, p. 1150, 1576.

ASSESSED VALUATION for the State of Oklahoma in 1925 is $1, 673,973,198; 1924, $1,665,566,451; 1923, $1,691,369,724; in 1922 it was $1,630,000,000; in 1921 it was $1,739,835,008; in 1919-20 it was $1,664,448,745; in 1918-19 it was $1,695,797,187; in 1916-17 it was $1,248,811,724; in 1915 it was $1,194,390,852; in 1914 it was $1,184,948,176; in 1913 it was $1,177,079,420; in 1912, $1,193,655,816; in 1911, $1,326,840,833; in 1910, $916,313,830. In 1921 the valuation of real estate and personal property was $1,435,019,409, and public service corporations, $304,815,599. Tax rate (per $1,000) in 1921-22 was $0.50, and also $0.50 for 1922-23; 1923-24, $2.75, and 1924-25, $2.50. Property is assessed at full value.

STATEHOOD.—Under an Act of the United States Congress approved June 16 1906 provision was made for the union of the Territory of Oklahoma and of Indian Territory; the two to form the State of Oklahoma. The State was admitted by proclamation of the President Nov. 16 1907 after the adoption of a constitution by the people on Sept. 17 1907. See V. 85, p. 745 and 1289.

DEBT LIMITATION.—Article X. of the constitution contains the following regarding public indebtedness:

SECTION 23. The State may, to meet casual deficits or failure in revenues, or for expenses not provided for, contract debts but such debts, direct and contingent, singly or in the aggregate, shall not, at any time exceed $400,000, and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained or to repay the debts so contracted, and to no other purpose whatever.

SECTION 24. In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection or to defend the State in war; but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, or to repay such debts, and to no other purpose whatever.

SECTION 25. Except the debts specified in sections 23 and 24 of this Article, no debts shall hereafter be contracted by or on behalf of this State, unless such debt shall be authorized by law for some work or object, to be distinctly specified therein; and such law shall impose and provide for the collection of a direct annual tax to pay, and sufficient to pay, the interest on such debt as it falls due and also to pay and discharge the principal of such debt within 25 years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people and have received a majority of all the votes cast for and against it at such election. On the final passage of such bill in either House of the Legislature, the question shall be taken by yeas and nays, to be duly entered on the journals thereof, and shall be: "Shall this bill pass and ought the same to receive the sanction of the people?"

SECTION 26. No county, city, town, township, school district, or other political corporation, or subdivision of the State, shall be allowed to become indebted, in any manner, for any purpose, to an amount exceeding, in any year, the income and revenue provided for such year, without the assent of three-fifths of the voters thereof, voting at an election, to be held for that purpose, nor in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount including existing indebtedness, in the aggregate exceeding 5% of the valuation of the taxable property therein, to be ascertained from the last assessment for State and county purposes previous to the incurring of such indebtedness: provided, that any county, city, town, township, school district or other political corporation, or subdivision of the State, incurring any indebtedness, requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collec-

Kansas City, Mo.

tion of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same.

SECTION 27.—*Public Utilities.*—Any incorporated city or town in this State may, by a majority of the qualified property tax-paying voters of such city or town, voting at an election to be held for that purpose, be allowed to become indebted in a larger amount than that specified in section 26, for the purpose of purchasing or constructing public utilities, or for repairing the same, to be owned exclusively by such city: Provided, That any such city or town incurring any such indebtedness requiring the assent of the voters as aforesaid, shall have the power to provide for, and before or at the time of incurring such indebtedness, shall provide for the collection of an annual tax in addition to the other taxes provided for by the constitution, sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within 25 years from the time of contracting the same.

SECTION 28. Counties, townships, school districts, cities, and towns shall levy sufficient additional revenue to create a sinking fund to be used, first, for the payment of interest coupons as they fall due; second, for the payment of bonds as they fall due; third, for the payment of such parts of judgments as such municipality may, by law, be required to pay.

SECTION 29. No bond or evidence of indebtedness of this State shall be valid unless the same shall have endorsed thereon a certificate, signed by the Auditor and Attorney-General of the State, showing that the bond or evidence of debt is issued pursuant to law and is within the debt limit. No bond or evidence of debt of any county, or bond of any township or any other political subdivision of any county, shall be valid unless the same have endorsed thereon a certificate signed by the County Clerk, or other officer authorized by law to sign such certificate, and the County Attorney of the county, stating that saidbond, or evidence of debt, is issued pursuant to law, and that said issue is within the debt limit.

CONSERVANCY DISTRICTS WITH POWER TO BECOME INDEBTED, MAY BE ORGANIZED.—Chapter 139, Special Session Laws of 1924, provides for the organizing of conservancy districts for the purpose of preventing floods, regulating stream channels, reclaiming or of filling wet and overflowed lands, providing for irrigation where it may be needed, regulating the flow of streams, diverting, or in whole or in part eliminating water courses or part of the flowage thereof, &c. These districts are empowered to issue bonds in an amount not to exceed 90% of the bond fund assessments which assessments are to be placed against the property benefiting by the project. Bonds issued must be in denomination of not less than $100 bear interest at a rate not to exceed 6%, payable semi-annually, and mature at annual intervals within 30 years, commencing not later than 5 years. Bonds cannot be sold for less than par. The districts are also empowered to issue warrants up to an aggregate not to exceed ten cents (10c.) per acre of all lands embraced in the project. The district court of any judicial district in the State, or any judge thereof in vacation, is vested with the jurisdiction, power and authority to establish the districts which may be entirely within, or partly within and partly without, the judicial district in which the court is located, under the conditions prescribed by Section 4 of the statute.

WATER IMPROVEMENT DISTRICTS.—Chapter 145, Laws of 1925, authorizes every county in the State to create water improvement districts to supply water for domestic, irrigation, and other purposes to the inhabitants of the districts, with the power to issue bonds in connection therewith. The bonds would be an obligation of the district issuing them, would be negotiable coupon bonds, and would bear interest at a rate of 6%. All bonds, when issued, must bring not less than par.

TAXATION OF MUNICIPAL BONDS.—Section 7302, Revised Laws 1910, as amended by Chapter 107, Laws of 1915, exempts from taxation bonds of the State of Oklahoma and its counties, cities, towns, school districts and other municipalities. However, the income from these bonds is subject to the income tax. For opinions regarding territorial and municipal bonds being exempt from taxation, see V. 85, p. 1534; V. 86, p. 240; V. 87, p. 111; and V. 98, p. 1258.

BONDS TO PURCHASE SEED WHEAT ILLEGAL.—The Attorney General in an opinion to B. W. Parks of Hooker held that counties cannot issue bonds for purpose of purchasing seed wheat for farmers. V. 93, p. 423.

MUNICIPAL BOND ISSUES.—The Legislature on March 24 1910 enacted a law providing that thereafter all bond issues must be approved by the Attorney-General.

SAVINGS BANK INVESTMENTS.—Under date of Sept. 24 1917 the State Bank Commissioner wrote us that "our law does not direct how savings shall be invested. This is a new State and we have no exclusive savings banks. Some of our commercial banks have savings departments. We also have building and loan associations which are mutual companies."

POPULATION.—Population of State in 1920 (Census) 2,028,283; in 1910 (Census) 1,657,155; in 1907 (Census) 1,414,177. The population of the Territory in 1890 was 61,834; in 1900, 398,331.

CITIES, COUNTIES AND TOWNS IN THE STATE OF OKLAHOMA.

Effective Dec. 1 1925, the Chatham-Phenix National Bank & Trust Co., New York, became the fiscal agency of the State. The Mechanics & Metals National Bank, also of New York, had been the States' previous fiscal agent.

Controller (term exp. 1st Mon. aft. Jan. 1 '27)..Ray L. Riley
Attorney-General .....U.S.Webb

LEGISLATURE meets biennially in odd years on the first Monday after Jan. 1, and sessions are not limited. Members receive $100 each for each month of the term, for which they are elected. This provision is contained in Sec. 23 of Article IV. of the Constitution, as amended by the voters on Nov. 4 1924. Previously members received $1,000 for each regular session and $10 for each day while in special session.

HISTORY OF DEBT.—For early history of the State debt, see "State and City Section" of April 1894, page 142.

Sacramento Building Bonds.

4s g '15J-J $140,000r*..July 2 1965

* These bonds are held by State School Fund and $751,000 by University fund.

INTEREST is payable at the office of the Treasurer in Sacramento and National City Bank, New York City.

TOTAL DEBT.—The total bonded debt of the State June 30 1924 was †$91,439,500. The warrant debt on June 30 1924 was $9,507,282.79. Cash in treasury on June 30 1924 amounted to $30,047,867.28. The harbor improvement bonds issued for San Francisco are included in the total indebtedness of the State; these bonds are payable out of a sinking fund receiving its revenue from moneys collected by the San Francisco Harbor Commissioners.

A block of $2,277,500 bonds issued in 1873, was to have been paid in 1893. No sinking fund having been provided for their payment, they were taken over by the State for its school funds and have been so held since 1893.

The State Treasurer on Oct. 1 1923 held bonds aggregating $9,664,937.42 for the benefit of the State School Fund; this includes $1,526,500 of the funded debt bonds of 1873. The State Treasurer also holds $15,789,900 for the benefit of State funds other than the School Fund. This includes $751,000 of the funded debt bonds of 1873 held in trust for the University Fund referred to above.

†This does not include funded debt, which bonds the State owns.

The total bonded debt of the State in October 1925, after giving effect to the $2,000,000 4½% soldiers' bonus bonds sold in Oct. 1925, was reported as $101,402,500.

The following table shows the total bonded indebtedness of the State and its subdivisions for a series of years:

Year (end. June 30)	State.	County & District.	Municipal.	Totals.
1911	$5,677,500.00	$22,655,890.00	$65,573,033.00	$93,906,423.00
1912	5,681,500.00	30,667,681.00	83,297,511.00	119,646,692.00
1913	10,098,500.00	35,358,917.00	100,387,559.00	145,844,976.00
1914	22,909,500.00	41,292,025.00	106,924,759.00	171,126,284.00
1915	31,311,500.00	50,841,291.00	129,059,914.00	211,212,705.00
1916	33,013,500.00	56,461,190.00	135,567,045.00	225,041,735.00
1917	34,493,500.00	64,003,252.00	139,451,712.00	237,948,464.00
1918	39,367,500.00	62,947,875.00	137,018,593.00	239,333,968.00
1919	44,558,500.00	67,052,389.00	135,839,736.00	247,450,625.00
1920	50,259,500.00	96,062,069.00	142,189,039.00	288,510,608.00
1921	54,806,500.00	117,197,907.84	149,611,830.82	321,616,238.66
1922	75,964,500.00	147,342,515.26	191,096,236.66	414,403,251.92
1923	81,389,500.00	169,357,217.83	201,234,192.37	451,980,910.20
1924	91,439,500.00	192,926,118.95	248,833,633.01	533,199,251.96

ASSESSED VALUATION.—The following statement shows the total assessed valuation and the tax rate (per $1,000) for the years indicated—decrease in 1906 caused by destruction of property by earthquake.

Years.	Valuation.	§Tax Rate.	Years.	Valuation.	Tax Rate.
1924	x$6,661,409,880	None	1910	$2,372,914,301	$3.53
1923	x 5,716,358,058	None	1908	1,990,256,945	4.00
1922	x 5,135,925,963	None	1906	1,594,231,577	4.76
1921	x 4,929,479,508	None	1905	1,624,023,172	4.90
1920	x 4,551,583,324*	None	1904	1,545,698,785	5.35
1919	x 4,069,449,770	None	1902	1,290,238,964	3.82
1918	x 3,806,257,623	None	1900	1,217,618,863	4.98
1917	x 3,717,087,414	None	1890	1,101,137,290	5.80
1916	x 3,577,877,764	None	1880	666,399,985	6.40
1915	x 3,314,492,798	None	1870	277,538,134	8.65
1914	x 3,232,981,478	$0.39	1860	148,193,510	6.00
1913	3,114,821,281	0.42	1850	57,670,689	5.00
1912	2,919,855,033	0.44			

x Value of operative property included in 1924 $1,142,325,829, in 1923 $725,753,261, in 1922 $1,958,899,700, in 1921 $647,792,450, in 1920 $586,769,817, in 1919 $484,292,790, in 1918 $511,888,846, in 1917 $546,139,433, in 1916 $504,284,748, in 1915 $365,591,083, in 1914 $351,511,804.

* The large increase in the 1920 valuations extended to virtually all properties, namely real estate, improvements, personal property, solvent credits and corporate properties, and was due, the State Board of Qualization informed us, to the better prices realized for agricultural products, to the growth in business activity and the general prosperity enjoyed by the entire population of the State.

§ There is now no general tax, revenue being derived from taxation in accordance with Sec. 14 of Art. 13 of the constitution, from taxation of public service and other corporations, banks and insurance companies. The amount of tax placed upon these corporations by the State Board of Equalization for 1911 was $10,454,125.46; 1912, $10,922,405.72; 1913, $12,971,541.80; 1914 $13,580,773; 1915 $15,036,700; 1916, $15,678,219; 1917, $16,346,596.78; 1918 $17,640,243.76; 1919, $19,531,528.22; 1920, $29,804,761.66; 1921, $33,954,544.85; 1922, $34,706,136.27, and 1923, $36,195,353.30. The total amount received from taxation and from other sources for the fiscal year ending July 1 1922 was about $41,221,000; July 31 1924 about $43,966,353.30, and July 1 1924 about $47,276,912.40.

CONSTITUTIONAL AMENDMENTS.—Pursuant to a constitutional amendment to Article XI of the Constitution adopted Nov. 8 1910, adding a new section (Section 8a), the city of San Francisco voted and issued $5,000,000 bonds, the proceeds to be used by the Panama Pacific International Exposition Co. to celebrate the opening of the Panama Canal. Another amendment, approved in November 1910, was for the purpose of creating a State fund of $5,000,000 for the use, establishment, maintenance and support of the Panama-Pacific International Exposition. Still another amendment adopted provided for the separation of State and local taxation and for the taxation of public service and other corporations for the benefit of the State. V. 92, p. 202. In November 1914 an amendment to Section 18 of Article XI of the constitution was adopted, providing for the issuance by Alameda County of not exceeding $1,000,000 bonds, the proceeds to be used, as in the case of the city of San Francisco, by the Panama-Pacific International Exposition Co.

BOND PROPOSITIONS.—On Nov. 8 1910 four bond propositions were approved by the voters (V. 92, p. 202). One called for the issuance of $18,000,000 highway 4s, the second for $1,500,000 San Diego sea-wall 4s, the third for $1,000,000 India Basin 4s and the fourth for $9,000,000 San Francisco Harbor Impt. 4s. On May 23 1912 Judge Seawall dismissed an order to show cause why an injunction should not be issued restraining the sale of the $1,000,000 4% India Basin bonds. V. 94, p. 1519.

Various bond propositions were voted upon at the Nov. 1914 election, but only four carried. They were (1) initative measure providing for the issuance of $1,800,000 bonds for the completion of the University of California in Berkeley; (2) $3,000,000 bonds for State buildings in Sacramento; (3) $1,000,000 bonds for State buildings in San Francisco and (4) $10,000,000 San Francisco harbor bonds. V. 100, pp. 67 and 490.

At the general election in Nov. 1916 the voters authorized the issuance of $15,000,000 bonds for the construction of the uncompleted portions of the system of State highways prescribed by the State Highways Act of 1909 and extensions thereof. V. 103, p. 2171.

At a special election on July 2 1919 the voters approved an issue of $40,000,000 highway bonds by a vote of 105,333 to 15,484. V. 109, p. 192.

At the 1922 election three bond propositions were passed upon. A bill, known as the "Water Power Act," and calling for a $500,000,000 bond issue, was defeated, as was a $3,000,000 veterans' land settlement bond issue, while a bill providing $10,000,000 bonds for a soldiers' bonus met with approval. The $500,000,000 water power measure was again submitted to the voters on Nov. 4 1924 in the form of a Constitutional amendment and, as on the previous occasion, was defeated.

Under authority of these Acts, the State has issued bonds from time to time. The details of these outstanding bonds may be found in the table under the caption "History of Debt."

$8,500,000 STATE BONDS, TO BE KNOWN AS "CALIFORNIA STATE BUILDINGS & STATE UNIVERSITY BUILDINGS BONDS" PROPOSED.—The issuance and sale of $8,500,000 State bonds to be known as "California State Buildings and State University Buildings Bonds" is proposed by Chapter 161, Laws of 1925. The bonds, under the terms of the Act, would be dated Jan. 2 1927 and would be payable $250,000 yearly on Jan. 2 from 1932 to 1965, inclusive. They would bear interest at not exceeding 6%, payable semi-annually (J. & J. 2) at the office of the State Treasurer. The bonds would not be sold for less than par and the sale of the bonds would be under the supervision of the State Finance Board

composed of the Governor, State Controller, State Treasurer, Charman of the State Board of Control and the Comptroller of the University of California. Section 13 of the Act provides that 'This Act shall take effect upon the adoption by the people of the State of California of an amendment to the Constitution of the State of California approving, adopting, legalizing, validating and making fully and completely effective this Act." The amendment referred to is to be submitted to the voters by authority of Chapter 72, Laws of 1925, as an amendment to Article XVI of the State Constitution, adding thereto a new section, which, if adopted, will be known as Section 4.

DEBT LIMITATION.—The limitations fixed in the constitution of California with reference to the creation of State debt are as follows:

Article 16, Sec. 1, limits State indebtedness to $300,000, except for repelling invasion, unless the creation of additional debt be authorized by a vote of the people, such additional debt to be used only for the specific purpose for which it is authorized. Article 12, Sec. 13, prohibits the State from lending its credit or subscribing to the stock in any company, assoc a-tion or corporation; and Article 4, Sec. 31, prevents the Legislature from giving or lending or authorizing the giving or lending the credit of the State or any of its political subdivisions. An exception to Sec. 13 of Article 12 is contained in a proviso added by the voters in 1922 (V. 115, p. 2290), which validates the Veterans' Welfare Act and the Land Settlement Act, both of which extend aid to individuals at the expense of the State's credit. These sections now read:

ARTICLE 16. Section 1. *State Indebtedness.*—The Legislature shall not in any manner create any debt or debts, liability or liabilities, w ich shall, singly or in aggregate with any previous debts or liabilities exceed the sum of three hundred thousand dollars, except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein; which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within seventy five years of the time of the contracting thereof, and shall be irrepealable u ntil the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more t an a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect until, at a general election, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county, or city and county, if one be published therein, throughout the State, for three months next preceding the election at which it is submitted to the people The Legislature may at any time after the approval of such law by the people if no debt shall have been contracted in pursuance thereof, repeal the same

ARTICLE 12. Section 13. *State Not to Loan Its Credit, &c.*—The State shall not, in any manner, loan its credit, nor shall it subscribe to or be interested in the stock of any company, association or corporation.

ARTICLE 4. Section 31.—*Legislature Prohibited from Loaning Credit &c., of State, City, County, &c.*—The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State, or of any county, city and county, city, township, or other political corporation or sub-division of the State now existing, or that may be hereafter established, in aid of or to any person, association, or corporation, whether, municipal or otherwise, or to pledge the credit thereof, in any manner whatever, for the payment of the liabilities of any individual, association, municipal or other corporation whatever; nor shall it have power to make any gift, or authorize the making of any gift, of any public money or thing of value to any individual, municipal or other corporation whatever; *provided*, that nothing in this section shall prevent the Legislature granting aid pursuant to *section twenty-two* of this Article; and it shall not have power to authorize the State or any political sub-division thereof, to subscribe for stock, or to become a stockholder in any corporation whatever; *Provided, further*, that irrigation districts for the purpose of acquiring the control of any entire international water system necessary for its use and purposes, a part of which is situated in the United States, and a part thereof in a foreign country, may in the manner authorized by law, acquire the stock of any foreign corporation which is the owner of, or which holds the title to the part of such system situated in a foreign country; *provided further*, that nothing contained in this constitution shall prohibit the use of State money or cerdit, in aiding veterans who served in the military or naval service of the United States during time of war, in the acquisition of, or payments for, farms or homes, or in projects of land settlement or in the development of such farms or homes or land settlement projects for the benefit of such veterans.

The California Veterans' Welfare Bond Act of 1921 (Statutes of 1921, Chapter 578), as enacted at the forty-fourth session of the Legislature of the State of California, authorizing the issuance and sale of State bonds in the sum of ten million dollars, for the purpose of creating a fund to carry out the provisions of the California Veterans' Welfare Act, providing land settlement for veterans (Statutes of 1921, Chapter 580), and the provisions of the "Veterans' Farm and Home Purchase Act," providing farm and home aid for veterans (Statutes of 1921, Chapter 519), is hereby approved, adopted, legalized, validated and made fully and completely effective irrespective of the vote that may be cast upon the proposition of approving or disapproving such Veterans' Welfare Bond Act of 1921 at the general election of Nov. 7 1922. All provisions of this section shall be self-executing and shall not require any legislative action in furtherance thereof, but this shall not prevent such legislative action.

The exception provided in Section 22 of Article 4 (referred to above) permits merely the granting of aid by the State and by cities, &c., to institutions for the support and maintanance of minor orphans, or half-orphans, or abandoned children, or aged persons in indigent circumstances.

ARTICLE 11. Section 8*a*.—*San Francisco Charter—Amendmen. in Aid of Panama-Pacific Exposition.*—The charter of the city and county of San Francisco may be amended, in addition to the method and the times provided in Section 8 of Article XI of the Constitution, in the following particulars:

(*a*) Authorizing the City and County of San Francisco, a municipal corporation, by its legislative authority, to incur a bonded indebtedness in an amount not exceeding $5,000,000 and to issue municipal bonds therefor, and to grant and turn over to the Panama-Pacific International Exposition Company (a corporation organized under the laws of the State of California Mar. 22 1910) the proceeds of said bonds, the same to be used and disbursed by said exposition company for the purpose of an exposition to be held in the City and County of San Francisco to celebrate the completion of the Panama Canal; said bonds, so issued, to be of such form and to be redeemable, registered and converted in such manner and amounts, and at such times not later than *forty years* from the date of their issue, as such legislative authority shall determine; the interest on said bonds to not exceed 5% per annum, and said bonds to be exempt from all taxes for State and municipal purposes, and to be sold for not less than par at such times and places, and in such manner, as shall be determined by said legislative authority; the proceeds of said bonds, when sold, to be payable immediately by the treasurer of said city and county to the treasurer of said Panama-Pacific International Exposition Company, upon the demand of said treasurer of said exposition company, without the necessity of the approval of such demand by other authority, the same to be used and disbursed by said Panama-Pacific International Exposition Company for the purposes of such exposition, under the direction and control of such exposition company;

(*b*) Providing that any bonded indebtedness incurred for the purposes aforesaid shall be exclusive of the bonded indebtedness of the said city and county limited by Section 9 of Article XII of said charter;

(*c*) Granting to said Panama-Pacific International Exposition Company the exclusive possession and use, together with the management and control, of that portion of Golden Gate Park in the city and county of San Francisco westerly from Twentieth Avenue, as extended, for such exposition purposes, such possession and use, also management and control, to terminate not later than one year after the closing of such exposition;

(*d*) Granting to said Panama-Pacific International Exposition Company the exclusive possession and use, together with the management and control for such exposition purposes, of any lands held by the board of education of the city and county of San Francisco, and by the city and county of San Francisco, not in actual use, such possession and use, also management and control, to terminate not later than one year after the closing of such exposition;

(*e*) Authorizing said Panama-Pacific International Exposition Company to temporarily close streets in the city and county of San Francisco westerly from Twentieth Avenue, for such exposition purposes, and to have the exclusive possession and use, together with the management and control, of said streets for such exposition purposes, such possession and use, also management and control of said streets, to terminate not later than one year after the closing of such exposition.

Proposals to amend the charter of the city and county of San Francisco in the foregoing particulars may be submitted by the legislative authority of said city and county to the electors of said city and county, at any general or special election (and a special election may be called therefor) held in said city and county, after the publication of such proposals in a newspaper of general circulation in said city and county, for such time as shall be determined by said legislative authority. Upon the ratification of any such proposed amendment by a majority of the electors of said city and county voting at such election on such proposed amendment, said proposed amendment receiving such majority vote shall become operative immediately as an amendment to said charter, without the necessity of approval thereof by the Legislature.

Any Act of the legislative authority of the city and county of San Francisco, in submitting to the electors of said city and county, at any general or special election, proposals to amend the charter of said city and county in the foregoing particulars, including any notice by publication or otherwise of such proposals, and of such election, and the holding of such election, in accordance with the provisions hereof, before the adoption of this amendment, are hereby validated in all respects as if performed subsequent to the adoption of this amendment. The disbursement of all funds obtained from said bonds shall be accounted for by said Panama-Pacific International Exposition Company by an itemized statement thereof to be filed with the Auditor of the City and County of San Francisco.

Sections of the Constitution dealing with indebtedness of municipalities are Sections 18 and 6½ of Article 11, the latter section having been set up by an amendment of 1922.

ARTICLE 11. Section 18.—*Counties, Cities and Towns, &c., Debt Restrictions.*—No county, city, town, township, board of education or school district, shall incur any indebtedness or liability in any manner or for any purpose exceeding in any year the income and revenue provided for such year, without the assent of two-thirds of the qualified electors thereof, voting at an election to be held for that purpose, nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also provision to constitute a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed *forty years* from the time of contracting the same; *provided, however*, that the City and County of San Francisco may at any time pay the unpaid claims, with interest thereon at the rate of five per cent per annum, for materials furnished to and work done for said city and county during the forty-first, forty-second, forty-third, forty-fourth and fiftieth fiscal years, and for unpaid teachers' salaries for the fiftieth fiscal year, out of the income and revenue of any succeeding year or years, the amount to be paid in full of said claims not to exceed in the aggregate the sum of five hundred thousand dollars, and that no statute of limitations shall apply in any manner to these claims; *and provided further*, that the City of Vallejo, of Solano County, may pay its existing indebtedness, incurred in the construction of its water-works, whenever two-thirds of the electors thereof, voting at an election held for that purpose, shall so decide, and that no statute of limitations shall apply in any manner; *provided, further*, that the city of Venice may pay all of its indebtedness incurred during the years 1914, 1915 and 1916 in excess of the income and revenue for said years, the amount to be paid in full of said indebtedness not to exceed in the aggregate the sum of $60,000, whenever two-thirds of the voters thereof voting at an election held for that purpose shall so decide, and that no statute of limitations shall apply in any manner. Any indebtedness or liability incurred contrary to this provision, with the exceptions hereinbefore recited, shall be void.

The City and County of San Francisco, the City of San Jose and the Town of Santa Clara may make provision for a sinking fund, to pay the principal of any indebtedness incurred, or to be hereafter incurred by it, to commence at a time after the incurring of such indebtedness of no more than a period of one-fourth of the time of maturity of such indebtedness, which shall not exceed *seventy-five years* from the time of contracting the same. Any indebtedness incurred contrary to any provision of this section shall be void; *and Provided, further*, that the County of Alameda may, upon the assent of two-thirds of the qualified electors thereof voting at an election to be held for that purpose, incur a bonded indebtedness of not to exceed $1,000,000, and the legislative authority of said County of Alameda shall issue bonds therefor and grant and turn over to the Panama-Pacific International Exposition Company, a corporation organized under the laws of the State of California, Mar. 22 1910, the proceeds of said bonds for stock in said company or under such other terms and conditions as said legislative authority may determine, the same to be used and disbursed by said exposition company for the purposes of an exposition to be held in the City and County of San Francisco to celebrate the completion of the Panama Canal; said bonds, so issued, to be of such form and to be redeemable, registered and converted in such manner and amounts, and at such times not later than *forty years* from the date of their issue as the Legislative authority of said County of Alameda shall determine; the interest on said bonds not to exceed 5% per annum, and said bonds to be exempt from all taxes for State, county and municipal purposes, and to be sold for not less than par at such times and places, and such manner, as shall be determined by said legislative authority; the proceeds of said bonds, when sold, to be payable immediately upon such terms or conditions as said legislative body may determine, to the Treasurer of said Panama-Pacific International Exposition Company, upon demands of said treasurer of said exposition company, without the necessity of the approval of such demands by other authority, than said legislative authority of Alameda County, the same to be used and disbursed by said Panama-Pacific International Exposition Company for the purposes of such exposition, under the direction and control of said exposition company; and the legislative authority of said County of Alameda is hereby empowered and directed to levy a special tax on all taxable property in said county each year after the issue of said bonds to raise an amount to pay the interest on said bonds as the same become due, and to create a sinking fund to pay the principal thereof when the same bec me due.

SECTION 6¼. Nothing in this Constitution contained shall forbid the formation of districts for school purposes situate in more than one county or the issuance of bonds by such districts under such general laws as have been or may hereafter be prescribed by the Legislature; and the officers mentioned in such laws shall be authorized to levy and assess such taxes and perform all such other acts as may be prescribed therein for the purpose of paying such bonds and carrying out the other powers conferred upon such districts: provided, that all such bonds shall be issued subject to the limitations prescribed in Section 18 of Article 11 hereof.

COUNTY & MUNICIPAL DEBT RESTRICTIONS.—By Section 4088 of the Political Code of California, all counties are restricted to the issuance of bonds running not longer than *forty* years.

A law regulating indebtedness for public improvements was enacted in 1901. Section 4 of this law establishes a limit for such indebtedness, and is as follows:

LIMIT OF INDEBTEDNESS.

SECTION 4. No city, town or municipal corporation shall incur an indebtedness for public improvements which shall in the aggregate exceed 15% of the assessed value of all the real and personal property of such city, town or municipal corporation.

This law was given in full in the "Chronicle," Aug. 10 1901, p. 303.

LOCAL IMPROVEMENT.—The Legislature has passed a number of Acts providing for local improvements in or upon streets on rights of way within or belonging to municipalities within the State. Under this legislation the city council of any municipality is empowered to improve streets, and may in its discretion order that any part of the cost be paid out of the treasury of the municipality or by the issuance of bonds.

IRRIGATION, DRAINAGE DISTRICTS, ETC.—Legislation has been enacted from time to time, but which limited space does not allow us to print in full, for the organization of many kinds of districts with power to issue bonds, among which may be mentioned irrigation disticts, county road improvement distticts, sanitation districts, water conservation districts, municipal improvement districts and municipal port districts, the last one of which is authorized by Chapter 395, Laws of 1925.

TAX EXEMPT AMENDMENT.—At the November 1902 election the following amendment to Article 13 of the State constitution was favorably voted upon. V. 74, p. 916; V. 75, p. 1366.

SECTION 1¼. All bonds hereafter issued by the State of California, or by any county, city and county, municipal corporation, or district (including school, reclamation and irrigation districts) within said State shall be free and exempt from taxation. See editorial article in "State and City Supplement" of October 1902. (An amendment to this section

to exempt bonds of public utility districts from taxation was defeated by the voters on Nov. 4 1924—V. 119, p. 2907.)

DECISION CONCERNING IRRIGATION DISTRICT BONDS.—State Supreme Court rendered decision defining the obligation of the irrigation district towards a holder of its bonds. See "Chronicle" of Aug. 12 1916, page 599.

RECLAMATION DISTRICT BONDS.—In the "Chronicle" of July 28 1917, page 410, we published a digest of the reclamation district laws of California prepared by Blyth, Witter & Co. of San Francisco.—V. 105 p. 410.

MORTGAGES EXEMPT FROM TAXATION.—Among the amendments voted Nov 8 1910 is one repealing Section 4 of Article 13 of the State constitution, changing Section 1 so that thereafter a mortgage deed of trust, &c., together with the money represented by such debt, shall be exempt from taxation This section, as it now reads, is given in V. 91, p. 974.

SAVINGS BANK INVESTMENTS.—Investments of savings banks are regulated by Sections 61 and 67 of the Bank Act of 1909, as amended from time to time (see "Chronicle" of Sept. 29 1917, pp. 1327 and 1328). The 1921 Legislature passed an Act (Chapter 780) amending the "Bank Act," which, in the case of Sections 61 and 67, amounted to a general revision and rearrangement. In 1923 the Legislature enacted an amendment making bonds which are legal investments for savings banks in New York and Massachusetts eligible for investment by California savings banks. We publish below the full text of Sections 61 and 67. The changes made in 1921 and 1923 are printed in *italics*.

Sec. 61. Any savings bank may purchase, hold *or sell* real or personal property, as follows

1. The lot and building in which the business of the bank is carried on; furniture and fixtures, vaults and safe deposit vaults and boxes *and other personal property such as may be* necessary or proper to carry on its banking business; such lot and building, furniture and fixtures, vaults and safe deposit vaults and boxes shall not, in the aggregate, be carried on the books of such bank as an asset to an amount exceeding its paid-up capital and surplus; and hereafter, the authority of a two-thirds vote of all of the directors shall be necessary to authorize the purchase of such lot and building, or the construction of such building.

2. Such as may have been mortgaged, pledged or conveyed to it in trust for its benefit in good faith, for money loaned in pursuance of the regular business of the corporation.

3. Such as may have been purchased at any sales under pledge, mortgage or deed of trust made for its benefit for money so loaned and such as may be conveyed to it by borrowers in satisfaction and discharge of loans made thereon.

4. *Gold or silver bullion, and United States Mint certificates of ascertained value.*

5. *Bonds and other securities of the following classes:*

(a) Bonds or interest-bearing notes or obligations of the United States, or those for which the faith and credit of the United States are pledged for the payment of principal and interest, or those issued under the authority of the United States.

(b) Bonds of *the State of California*, or those for which the faith and credit of the State of California are pledged for the payment of principal and interest, or those of any county, city and county, city or school district of this State;

(c) Bonds or stocks or notes of any State in the United States, *other than the State of California*, that has not, within *twenty-five* years previous to making such investment by such bank, defaulted in the payment of any part of either principal or interest, or those of any county, city and county, city or town, *or school district*, in any State in the United States other than the State of California, issued under authority of any law of such State, which county, city and county, city or town, *or school district*, had, as shown by the Federal or State census next preceding such investment, a population of more than twenty thousand inhabitants; provided, however, that the entire bonded indebtedness of such county, city and county, city or town, *or school district*, including such issue of bonds or stocks or notes, does not exceed fifteen per centum of the value of the taxable property therein as shown by its last equalized assessment roll; and provided, further, that such county, city and county, city or town, *or school district*, or the State in which it is located has not defaulted in payment of any part of either principal or interest due upon any legally authorized bond or stock note issue within *twenty-five* years next preceding such investment;

(d) Bonds of any district organized under the laws of the State of California which are required to be and are investigated and approved by a commission now or hereafter authorized by a law of this State to conduct such investigation and give such approval and by authority of which approval said bonds are declared to be legal investments for savings banks.

(e) Notes or bonds secured by mortgage or deed of trust, payment of which is guaranteed by a policy of mortgage insurance, and mortgage participation certificates, issued by a mortgage insurance company in accordance with the provisions of chapter eight of title two of part four of division first of the Civil Code.

(f) Bonds legal for investments by savings banks in the State of New York or the State of Massachusetts.

6. *Bonds and other securities of the following classes; provided, that such bonds or securities shall first have been certified by the Superintendent of Banks after an investigation as provided for under section sixty-one a of this Act;*

(a) Bonds or interest-bearing notes or obligations *of any foreign country or government*, or those for which the faith and credit of any *foreign country* are pledged for the payment of principal and interest;

(b) Bonds of any district organized under the laws of *any State in the United States other than the State of California for the purpose of irrigating lands within such district, which are required to be and are investigated and approved by a commission now or hereafter authorized by a law of said State to conduct such investigation and give such approval; provided, that the entire indebtedness of such district, including the bonds under consideration, and all prior liens, within the meaning of section fifty-seven a of this Act, do not exceed fifty per centum of the aggregate market value of the lands within said district, and of the irrigation system owned or to be acquired by said district with the proceeds of said bonds;*

(c) Bonds of any district organized under the laws of the State of California not otherwise provided for in this section;

(d) (1) *Bonds of any railroad corporation, as the same is defined in the "Public Utilities Act," incorporated under the laws of any State in the United States and operating exclusively in the United States; Provided, that said corporations shall have had net earnings for either its fiscal year or twelve consecutive months in the fourteen months next preceding application for certification of said bonds under the provisions of section sixty-one a of this Act, amounting to at least one and one-half times the interest on all bonded indebtedness outstanding at the time of said certification, and on all additional bonds then proposed to be issued; or,*

(2) Bonds on any railroad corporation, the payment of which *is* guaranteed, both as to principal and interest, by a railroad corporation *whose bonds are a legal investment for savings banks in this State.*

(e) (1) *Bonds of any other public utility corporation, as the same is defined in the "Public Utilities Act," incorporated under the laws of any State in the United States and operating exclusively in the United States; provided, that said corporation shall have had net earnings for either its fiscal year or twelve consecutive months in the fourteen months next preceding application for certification of said bonds under the provisions of section sixty-one a of this Act, amounting to at least one and one-half times the interest on all bonded indebtedness outstanding at the time of said certification, and on all additional bonds then proposed to be issued; or,*

(2) Bonds of any similar public utility corporation, the payment of which is guaranteed, both as to principal and interest, by a public utility corporation other than a railroad corporation, whose bonds are a legal investment for savings banks in this State.

In determining the income of any *railroad or other public utility* corporation *mentioned herein*, there shall be included the income of any corporation or corporations out of which it shall have been formed through consolidation or merger, and of any corporation the entire business and income-producing property of which the corporation issuing such bonds has wholly acquired.

All bonds *issued by a railroad or other public utility corporation* must be secured by a mortgage or deed of trust which at the time of said certification is: either

I. A closed first mortgage or deed of trust; or,

II. A first mortgage or deed of trust containing provisions restricting the issuance of further bonds until such time as the income of said corporation shall have been at least sufficient, during the twelve months next preceding the issuance of any additional bonds, to meet the earning requirements *heretofore* specified in *either paragraph (d) or (e) of subdivision 6 of this section* applicable to such corporation after including the additional bonds then proposed to be issued; or,

III. A refunding mortgage or deed of trust providing for the retirement of all prior lien mortgage debts of said corporation and restricting the issuance of further bonds until such time as the income of said corporation shall have been at least sufficient, during the twelve months next preceding the issuance of any additional bonds, to meet the earning requirements *of such corporation* after including the additional bonds then proposed to be issued; or,

IV. An underlying or divisional closed mortgage or deed of trust of property which forms a part of the operating system of the corporation then owning said property. In the case of bonds secured by an underlying or divisional closed mortgage or deed of trust, the net income required by this section shall be based exclusively upon the income, maintenance charges, operating expenses, taxes and mortgage indebtedness of or against the property covered by such underlying or divisional closed mortgage or deed of trust or, if such income, maintenance charges or operating expenses can not be definitely ascertained, on the proper proportionate share of such property in the general income, maintenance charges, operating expenses and taxes of the corporation then owning such property and on the mortgage indebtedness of or against the property covered by such underlying or divisional closed mortgage or deed of trust.

(f) Notes or bonds secured by first mortgage or deed of trust or other first lien upon real estate, improved or unimproved; provided, that the entire note or bond issue shall not exceed sixty per centum of the market value of such real estate, or such real estate with improvements, taken as security; and provided, further, in case the said note or bond issue is created for a building loan on real estate, that at no time shall the entire outstanding note or bond issue exceed sixty per centum of the market value of the real estate and the actual cost of the improvements thereon taken as security; *and provided, also, in case said real estate is located outside of this State, that the provisions o this paragraph shall be subject to the limitations and modifications contained in section fifty-seven a of this Act; and provided, also, that no such notes or bonds shall be disqualified as investments for savings banks for the reason that the payment thereof is guaranteed by a policy of mortgage insurance.*

In determining the market value of any real estate under the provisions *of the preceding* paragraph where such real estate, improved or unimproved, consists of oil or other mineral or timber land, the value represented by such oil or other mineral or timber shall not be included in fixing such market value. Nothing herein contained shall prevent savings banks from making loans secured by mortgage or deed of trust upon lands wherein redwood timber is included in fixing the market value thereof.

Any bank, however, may, without such certification by the Superintendent of Banks, purchase any note or bond or issue of notes or bonds provided for in said paragraph (f) of subdivision six of this section, whenever such purchase constitutes the entire amount of notes or bonds executed by the makers thereof and secured by the same real estate: provided, that no savings bank shall hold any such notes or bonds unless such holding constitutes the entire issue thereof at any time outstanding; and provided, also, that nothing in this paragraph shall be construed to permit savings banks to invest in notes or certificates evidencing participation in any mortgage on real estate unless by law specifically authorized, or in or on any form of obligation secured by any undivided interest in real estate designed to distribute the obligation so secured.

(g) Collateral trust bonds or notes when secured by either:

(1) Deposit of *notes or* bonds authorized for investment by this section of a market value at least fifteen per centum in excess of the par value of the collateral trust bonds or notes issued; or,

(2) Deposit of *notes or* bonds authorized for investment by this section and other securities of a combined market value at least twenty per centum in excess of the par value of the collateral trust bonds or notes issued; provided, that the par value of said collateral trust bonds or notes shall in no case exceed the market value of that portion of the security represented by *notes or* bonds authorized for investment by this section.

(h) Railroad equipment trust certificates or obligations issued or guaranteed by a corporation to which a loan or loans for the construction, acquisition, purchase or lease of railroad equipment has or have been made with the approval of the Inter-State Commerce Commission; provided, that the entire issue shall not exceed sixty per centum of the cost of such equipment and shall mature serially not later than fifteen years from date of issue; provided, further, that said certificates or obligations must be secured by or be evidence of a prior lien upon or reservation of title to such equipment, or by an assignment of or prior interest in the rent or purchase notes given for the hiring or purchasing of said equipment.

(i) Acceptances issued by a discount, acceptance or investment corporation formed under the Federal statute commonly known as the "Edge Act" or under the "Investment Companies Act" of New York, or by a corporation of identical character and capacity, organized under the laws of any State of the United States.

The legality of investments heretofore lawfully made pursuant to the provisions of this section, or of any law of this State as it existed on and subsequent to July 1 1909, shall not be affected by any amendments to this section or this Act; nor shall any such amendments require the changing of investments once lawfully made under this Act.

Any bonds authorized by this section as a legal investment for savings banks may be carried on the books of said bank at their investment value, based on their market value at the time they were originally bought, unless the Superintendent of Banks shall require any or all of the bonds which may thereafter have a market value less than the original investment value to be written down to such new market value which shall be done gradually if practicable and in such manner as he may determine or he may, by a plan of amortization to be determined by him, require such gradual extinction of premium as will bring such bonds to par at maturity.

When it shall be necessary to prevent loss to any savings bank on an obligation owned or on a debt previously contracted in good faith, it may, with the previous written consent of the Superintendent of Banks, purchase or acquire bonds of any railroad corporation incorporated under the laws of the State of California and operated exclusively therein, notwithstanding such bonds do not conform to the requirements in this section contained; provided, any bonds so purchased or acquired must be sold for the best price obtainable by any bank within five years after such purchase or acquisition.

No savings bank shall hereafter purchase or loan money upon any bond, note or other evidence of indebtedness, issued by any "public utility," subject to the jurisdiction, regulation or control of the Railroad Commission of this State under the provisions of the "Public Utilities Act," approved December 23 1911, and Acts amendatory thereof or supplemental thereto, unless each such bond, note or other evidence of indebtedness was either:

(a) Issued prior to the taking effect of the "Public Utilities Act"; or,

(b) Issued under authority of the Railroad Commission in accordance with the provisions of said Act, or,

(c) A note issued for a period not exceeding twelve months, in accordance with the provisions of subdivision *(b)* of Section fifty-two of said Act.

Sec. 67. 1. No savings bank shall loan money except on adequate security of real or personal property, and no such loan shall be made for a period longer than ten years. No such loan shall be made on unsecured notes; provided, that a savings bank may discount or purchase bankers' acceptances of the kind and character and maturities defined and made eligible for rediscount with a Federal Reserve bank; provided, also, that *such bankers' acceptances* are accepted or endorsed without qualification by a bank or trust company, which bank or trust company has a paid-in capital of at least one million dollars; and provided, also, that a savings bank may discount or purchase a bill, *or a participating interest in a bill, evidenced by a participation certificate issued by a State or national bank in this State*, which must comply with the following requirements:

(a) It must be a bill issued by a solvent individual or firm or corporation engaged in mercantile or manufacturing business in the United States that makes statements of its condition duly ascertained and certified to by a public accountant. Copy of such a certified statement shall be on file in the office of the savings bank discounting or purchasing such bill in a file maintained for such purpose. Said statement shall have been issued within the preceding fourteen months and shall be the latest issued by said individual or firm or corporation. Said statement shall consist of a balance sheet showing quick assets, slow assets, permanent or fixed assets, current liabilities and accounts, short-term loans, long-term loans, capital and surplus. Accompanying said balance sheet shall be a copy of a statement from the borrower or public accountant concerning the following:

(1) The nature of the business.

(2) All contingent liabilities such as endorsements or guarantees.

(3) Particulars respecting any mortgage debts and whether there is any lien on current assets.

(4) The maximum and minimum liabilities of the individual, firm or corporation during the twelve months previous to the date of audit.

(b) It must be issued by an individual, firm or corporation whose net worth is not less than two times the amount of its outstanding liabilities including any contingent liabilities arising from the rediscount of bills receivable or other accommodation endorsements, nor less than three hundred thousand dollars. The quick assets of said individual, firm or corporation, consisting of merchandise, finished, raw, and in the process of manufacture, accounts receivable, bills receivable, bonds or obligations

of the Government of the United States at the then market value of said bonds or obligations and cash, shall not be less than two times its outstanding quick liabilities including any contingent liabilities arising from the rediscount of bills receivable or other accommodation endorsements, as shown by said statement.

(c) It must have a maturity of not more than six months.

(d) It must have arisen out of actual commercial transactions; that is, be a bill which has been issued or drawn for industrial or commercial purposes or the proceeds of which have been or are to be used for such purposes.

No bill shall be eligible for discount or purchase by a savings bank, the proceeds of which have been used or are to be used for any of the following purposes:

(1) For investments of a merely speculative character whether made in goods or otherwise.

(2 Must not have been issued for carrying or trading in stocks, bonds or other investment securities, except bonds of the Government of the United States, and must not cover merely investments.

(3 Must not be a bill of any individual, firm or corporation which has under pledge or hypothecation any of its personal assets.

The word "bill," when used in this section, shall be construed to include notes, drafts, or bills of exchange, and the word "goods" shall be construed to include goods, wares or merchandise.

Any savings bank purchasing or discounting such paper shall have in a file maintained for the purpose, letters from banks and merchants or mercantile reports bearing upon the credit and standing of the person, firm, co-partnership or corporation whose paper is under discount.

No savings bank shall at any time acquire or hold, directly or indirectly, by discount or purchase, *any such bills of any one person, firm, co-partnership or corporation in any amount which shall exceed five per centum of the capital and surplus or reserve of such savings* bank, nor shall any savings bank at any time acquire or hold, directly or indirectly, by discount or purchase, an amount of bills, of the character defined and limited by this section, greater than twelve and one-half per centum of the deposits of such bank.

No savings bank shall at any time acquire or hold, directly, or indirectly, by discount or purchase, any such bankers' acceptances from any one acceptor in *any* amount *equal at any time in the aggregate to more than ten per centum of its paid-up* capital and surplus or reserve, unless the said acceptance is secured either by attached documents or by some other actual security growing out of the same transaction as the acceptance *provided, however, that any savings bank may, irrespective of any such security, acquire and hold acceptances equal to twenty-five per centum of its capital and surplus or reserve, of any one acceptor having a paid-in capital of not less than three million dollars.*

No savings bank shall at any time acquire or hold, directly or indirectly, by discount or purchase, a combined total amount of bankers' acceptances and bills of the character defined and limited by this section, greater than twenty per centum of the deposits of such bank; provided, however, that any savings bank may acquire and hold bankers' acceptance in the amount of two thousand five hundred dollars.

2. No savings bank shall invest or loan an amount greater than fifty per centum of its actual paid-up capital and surplus in or on any one note or bond issue of the class specified in paragraph (f) of subdivision six of section sixty-one of this Act, *or in or on mortgage participation certificates* issued by *a* mortgage insurance company *pursuant to the provisions of chapter eight of title two of part four of division first of the Civil Code*, nor more than five per centum of its assets *in or* on any one issue of bonds *or notes or obligations* of any other class, except bonds of the United States, or interest-bearing notes or obligations of the United States, or bonds of the State of California, bonds for which the faith and credit of the United States or of the State of California are pledged, or bonds of any county, city and county, city or school district in this State, or bonds of any irrigation district in this State such as are legal for investment by savings banks.

3. No savings bank shall loan money:

(a) On bonds of the character specified in paragraph (a), (b), (c) and (d) of subdivision *five* of section sixty-one of this Act, or on bonds of the character specified in paragraph (c) of subdivision *six* of section sixty-one of this Act, unless such bonds shall have a market value at least ten per centum in excess of the amount loaned thereon; or,

(b) On bonds or notes *or obligations* of the character specified in paragraphs (d), (e), (g), (h) *and* (i) of subdivision *six* of section sixty-one of this Act, when eligible as investments for savings banks pursuant to said sections unless such bonds or notes shall have a market value at least fifteen per centum in excess of the amount loaned thereon; or.

(c) On bonds *or equipment trust certificates* legal for investment by savings banks in the States of New York or Massachusetts, unless such bonds *or equipment trust certificates* shall have a market value at least fifteen per centum in excess of the amount loaned thereon; or,

(d) On notes or bonds of the character specified in paragraph (f) of subdivision six of section sixty-one of this Act when certified as legal investments for savings banks under the provisions of section sixty-one *a* of this Act, or on securities *issued by a mortgage insurance company pursuant to the provisions of chapter eight of title two of part four of division first of the Civil Code* eligible for investment by savings banks, unless such bonds, notes or securities shall have a market value at least ten per centum in excess of the amount loaned thereon; or,

(e) On notes or bonds of the character specified in paragraphs (a) and (b) of subdivision six of section sixty-one of this Act when certified as legal investments for savings banks in this State, unless such notes or bonds shall have a market value at least fifteen per centum in excess of the amount loaned thereon; or,

(f) On personal property unless such personal property shall have a market value at least fifty per centum in excess of the amount loaned thereon; or,

(g) On other bonds, or on capital stock of any corporation, unless such bonds or stock shall have a market value at least fifty per centum in excess of the amount loaned thereon; provided, however, that no loan shall be made upon the capital stock of any bank unless such bank has been in existence at least two years and has earned and paid a dividend on its capital stock.

4. No savings bank shall make any loan on security of real estate, *unless* it be a first lien, and in no event to exceed sixty per centum of the market value of any real estate taken as security except for the purpose of facilitating the sale of property owned by such savings bank *or except under the conditions specified in section fifty-seven a of this Act;* provided, that a second lien may be accepted to secure the repayment of a debt previously contracted in good faith; and provided, also, that any savings bank holding at first mortgage or deed of trust on real estate may take or purchase and hold or loan upon another and immediately subsequent mortgage or deed of trust thereon, but all such loans shall not exceed in the aggregate sixty per centum of the market value of the real estate securing the same; provided, further, that a savings bank may loan not to exceed ninety per centum of the face value of a mortgage which constitutes a first lien upon real estate, but in no event shall any such loan exceed ninety per centum of sixty per centum of the market value of the real estate covered by said mortgage or deed of trust.

5. No savings bank shall loan to any one borrower on the security of the capital stock of any corporation an amount exceeding ten per centum of the capital stock and surplus of such savings bank; provided, that all loans on the capital stock of any one corporation shall not exceed in the aggregate twenty-five per centum of the capital stock and surplus of such savings bank.

6. No savings bank shall purchase, invest or loan its capital, surplus or the money of its depositors, or any part of either, in mining shares or stock and any president or managing officer who knowingly consents to a violation of any provision of this paragraph shall be guilty of a felony.

MUNICIPAL WATER DISTRICT BONDS LEGAL INVESTMENTS UNDER CERTAIN CONDITIONS.—Chapter 114 of the Laws of 1917 referred to above reads as follows:

Section 1. All bonds heretofore or hereafter issued by any municipal water district under and in pursuance of the provisions of an Act, entitled "An Act to provide for the incorporation and organization and management of municipal water districts, and to provide for the acquisition or construction by said districts of water-works, and for the acquisition of all property necessary therefor, and also to provide for the distribution and sale of water by said districts," approved May 1 1911, as subsequently amended, shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings, and trust companies, and for the State school funds, and whenever any moneys or funds may, by law now or hereafter enacted, be invested in bonds of cities, cities and counties, counties, school districts, or municipalities in the State of California, such moneys or funds may be invested in the said bonds of municipal water districts; *provided, however*, no bank shall invest or loan more than 5% of its assets on any one such bond issue.

Sec. 2. This Act is intended to be, and shall be considered, the latest enactment upon the matters herein contained, and is supplemental to any and all other Acts regulating, relating to and declaring what shall be legal investments.

POPULATION OF STATE.—

1920	3,426,861	1900	1,485,053	1880	864,694
1910	2,377,549	1890	1,208,130	1870	560,247
1860	379,994				
1850	92,597				

The number of Chinese in the population in 1920 was 28,812; in 1910 was 36,248; in 1900, 46,753; in 1890, 72,742; and in 1880, 75,132. The number of Japanese in the population in 1920 was 71,952 and in 1910 41,356.

CITIES, COUNTIES AND TOWNS IN THE STATE OF CALIFORNIA.

Many of the counties in this State levy a special tax on property outside incorporated cities and towns for making, repairing and sprinkling of roads, and the tax rate as given below under these counties is made up of the State tax rate and the county tax rate *including* special road tax.

ALAMEDA.

This city is in Alameda County. City was incorporated 1854; re-inc. 1872, 1878 and 1884. City was re-incorporated under City Manager charter in 1917.

LOS ANGELES.
County seat of Los Angeles Co. Commission government rejected Dec. 3 1912. City founded Sept. 4 1781; incorp. Apr. 4 1850. In Aug. 1909 voted to consolidate with the city of Wilmington (V. 89, p. 427) and with the city of San Pedro (V. 89, p. 488). Early in 1910 city of Hollywood was consolidated (V. 90, p. 391). Since additional territory has been annexed, amongst which are the cities of Eagle Rock, Sawtelle and Hyde Park. On Oct. 3 1925 the city of Venice voted in favor of annexation to this city.
Ten amendments to City Charter were adopted Oct. 24 1916. V. 103 p. 1807. New charter proposal carried by the voters on May 6 1924, effective July 1 1925.
The District Court of Appeals on June 12 1915 upheld validity of $6,500,000 power bonds voted May 5 1914. V. 100, p. 2025. The last of these bonds were sold on Oct. 13 1922. V. 115, p. 1970. City purchases certain water lines. See V. 100, p. 2025. The legality of $11,000,000 bonds to buy the Southern California Edison Co.'s distributing system in the city and $2,500,000 bonds to build a power plant and make other betterments to the city's system, which were voted June 3 1919, was upheld by the State Supreme Court on Mar. 30 1921 (V. 112, p. 1779). The sale of these bonds was made during February 1922 (V. 114, p. 981).

LOS ANGELES *(Concluded).*

DEBT LIMITATION.—Subsection 3 of Section 3 of Article 1 of the new city charter, approved by the voters on May 6 1924 and later, at the 1925 session, by the Legislature (see Chapter 5, Laws of 1925), provides: (3) The indebtedness of the city must not exceed 3% of the assessed value of all taxable real and personal property within the city, except that a further indebtedness, not exceeding 12% of such assessed value, may be incurred for the purpose of acquiring, constructing or completing any municipally owned public utility, including, among others, water, power and harbor utilities. Whenever any such public utility shall be determined by the Council by ordinance to be self-sustaining, then the bonds issued for such utility may, by ordinance approved by a majority of the voters voting thereon at an election, be excluded from the debt limit. The indebtedness of any borough or other special local district or of the Los Angeles City School District, shall not be included in computing the debt limit herein provided.

San Francisco is in San Francisco County. **Financial statement given below is for both city and county.**
Question of purchasing certain properties of Spring Valley Water Co. for $34,500,000 was defeated Apr. 20 1915. V. 100, p. 1526.
A plan to issue $38,000,000 bonds to purchase the Spring Valley Water Co. was defeated on Mar. 8 1921 (V. 112, p. 1183).
Charter amendment authorizing the purchase of the properties of the Market Street Ry. was adopted by voters on Nov. 7 1922 (V. 115, p. 2291).
The Board of Supervisors on Jan. 5 1914 passed an ordinance formally accepting the water supply and power rights in the Hetch-Hetchy Valley, granted in the bill passed by Congress in 1913. V. 97, p. 1838, and V. 98, p. 250. Board of Supervisors upheld Mayor in vetoing resolution offering for sale $43,287,000 Hetch-Hetchy water supply bonds. See "Chronicle" of Dec. 11 1915 p. 1998. $10,000,000 additional Hetch Hetchy bonds were voted at an election held Oct. 7 1924 (see V. 119, p. 1873). Charter amendment excluding from the 15% debt limit all indebtedness created in the Hetch-Hetchy project, was defeated on Nov. 7 1922 (V. 115, p. 2291).
The $3,500,000 5% exposition bonds given in table below are the remaining outstanding portion of an issue of $5,000,000. These bonds, which were voted Nov. 15 1910, are not figured in the 15% debt limit. See remarks under State of California for constitutional amendments giving authority to issue these and other bonds.
Charter amendment to increase debt limit defeated. See V. 119, p. 2313.

Special bonds made payable by statute from taxes on lands benefited:
Montgomery Ave. bonds..$1,579,000
Dupont Street bonds, 7s, amount outstanding... 285,000
Both the Dupont St. and the Montgomery Ave. bonds have long been in default, but they were not obligations of the municipality.
Holders of Montgomery Ave. bonds brought suit against the State to recover the face value and int. aggregating $2,000,000. The Superior Court holds that the State is not liable. V. 78, p. 1565; V. 79, p. 925, 1659, and V. 80, p. 483, 1070; V. 81, p. 1449. Appeal was taken, which up to July 1 1916 was still pending.
INTEREST is payable in gold in San Francisco.
TOT. BD. DT. Dec 1925 $79,103,000
Water debt (included)... 38,103,000
ASSESSED VALUATION AND TAX RATE.—Property is assessed at about 50% of its actual value.

do do	1925 4¼	A-O	1945-1950	550,000	
(Due $50,000 each six months from April 1 1945 to April 1 1950.)					

As an offset to the above debt the State had on Oct. 31 1925 assets totaling $23,103,846.51.

RECAPITULATION.—Showing grand total of all bond issues outstanding as of Oct. 31 1925:

Kind of Bonds—	*Total Bonds Outstanding.*
Oregon District Interest bonds (c)	$1,875,940
Oregon Farm Credit bonds (c)	450,000
State Highway bonds (r*)	37,263,750
World War Veterans' State Aid bonds (r*)	21,000,000
	$60,589,690

On Oct. 31 1925 there was a sinking fund of $3,061,866.32 against the Veterans' Aid bonds.

On Oct. 31 1925 the amounts held in the irreducible trust funds were as follows: Common School Fund Principal, $47,860.42. Agricultural College Fund Principal, $775.56; University Fund Principal, $2,854.36; Rural Credits Loan Fund Principal, $24,035.96; Industrial Accident Fund, $1,409,918.95; Segregated Fund, $3,629,533.28; Rehabilitation Fund, $66,314.28; Catastrophe Fund, $49,019.44 On the same date the cash on hand in general fund amounted to $1,665,076.80.

VALUE OF TAXABLE PROPERTY AND TAX RATE.—

Years.	*Taxable Property.*	*Tax per $1,000.*	*Years.*	*Taxable Property.*	*Tax per $1,000.*

1912	905,011,667	1.24			

* This figure is the average State tax rate.

DEBT LIMITATION.—Constitutional inhibitions as to the creation of debt are all found in Article XI, Sections 5 to 11, inclusive, Section 11 having been created by a vote of the people in November 1916; Article XI.a,

Sections 1 to 11, inclusive, and Article XI.b, Sections 1, 9 and 11, and Article XI.c of the Constitution as amended in 1910, 1912, 1916, 1919 and 1920 and 1921. Article XI.c., which was added in 1921, permits the incurring of indebtedness in an amount not to exceed 3% of the assessed valuation of the State for the payment of a "Soldiers' bonus." In a litigation the validity of this amendment was upheld by the Multnomah County Court on Oct. 22 1921 (V. 113, p. 1790 & 1907), and this decision was affirmed by The State Supreme Court on Dec. 13 1921 (V. 113, p. 2740). Section 1 of Article XIc was amended by the voters on Nov. 4 1924 so as to include as eligible to receive a bonus female employees of the War Department who served in the U. S. Army Signal Corps or Marine Corps, or the army of any ally of the United States, and in the American expeditionary forces; also veterans of the Spanish-American War who served 90 days therein; and oxtending loan privilege to unmarried widow or dependent father or mother of any person who died in the service and who would have been entitled to loan. We quote these sections in full:

ARTICLE XI., SECTION 5.—*Restrictions upon Municipal Corporations.*—Acts of Legislative Assembly incorporating towns and cities shall restrict their powers of taxation, borrowing money, contracting debts, and loaning their credits.

SECTION 6.—*State not to be Stockholder in Company.*—The State shall not subscribe to or be interested in the stock of any company, association, or corporation.

SECTION 7.—*Credit of State not to be Loaned—Limitation upon Power of Contracting Debts.*—The Legislative Assembly shall not lend the credit of the State nor in any manner create any debt or liabilities which shall singly or in the aggregate with previous debts or liabilities exceed the sum of fifty thousand dollars, except in case of war or to repel invasion or suppress insurrection or (according to an amendment of 1912) to build and maintain permanent roads; and the Legislative Assembly shall not lend the credit of the State nor in any manner create any debts or liabilities to build and maintain permanent roads which shall singly or in the aggregate with previous debts or liabilities incurred for that purpose exceed (according to an amendment of 1920) four per cent. of the assessed valuation of all the property in the State; and every contract of indebtedness entered into or assumed by or on behalf of the State in violation of the provisions of this section shall be void and of no effect.

SECTION 8.—*State not to Assume County Debt, Except in What Case.*—The State shall never assume the debts of any county, town, or other corporation whatever, unless such debts shall have been created to repel invasion, suppress insurrection, or defend the State in war.

SECTION 9.—*Prohibition upon Municipal Corporations.*—No county, city, town or other municipal corporation, by vote of its citizens, or otherwise, shall become a stockholder in any joint company, corporation or association, whatever, or raise money for or loan its credit to, or in aid of, any such company, corporation or association. Provided (according to an amendment adopted in 1917) that any municipal corporation designated as a port under any general or special law of the State of Oregon, may be empowered by statute to raise money and expend the same in the form of a bonus to aid in establishing water transportation lines between such port and any other domestic or foreign port or ports, and to aid in establishing water transportation lines on the interior rivers of this State, or on the rivers between Washington and Oregon, or on the rivers of Washington and Idaho reached by navigation from Oregon's rivers; any debts of a municipality to raise money created for the aforesaid purpose shall be incurred only on approval of a majority of those voting on the question, and shall not, either singly or in the aggregate, with previous debts and liabilities incurred for that purpose, exceed 1% of the assessed valuation of all property in the municipality.

It will be seen from the above that the power to limit the indebtedness of municipalities has been relegated to the Legislative Assembly. In 1903 the Legislature, acting under this authority, passed the following Act Section 2722 of Bellinger & Cotton's Annotated Codes and Statutes:—

"The common council," of incorporated cities and towns, "shall not in any manner create any debt or liability which shall singly or in the aggregate exceed the sum of two thousand five hundred dollars without first obtaining authority from the Legislative Assembly of this State to contract a debt or liability in excess of said sum."

The above limitation does not apply to bonds issued in anticipation of the collection of street and sewer assessments under the authority of any charter of any city of 2,500 or more inhabitants. See sections 2727 to 2735 of the Annotated Codes and Statutes.

As regards school districts, the general school law as amended by the State Legislature in 1901 (Bellinger & Cotton's Code, section 3389, paragraph 31) gives permission to school boards to issue bonds (prescribing the method) without special legislation, but stipulates that "in no case shall the aggregate of bonded debt in any school district exceed five per centum of the value of the taxable property of any such district." Further provision is made (Section 3415 of the Code) that the indebtedness of districts of the first class (those having over 1,000 children of school age) located in cities of over 75,000 inhabitants shall never exceed $100,000—the 5% limit mentioned above applying to all districts of under 75,000 inhabitants.

Chapter 110, Laws of 1923, provides that no school district bonds may be sold at less than par. It seems to be a general provision that no municipal bonds, except for drainage and irrigation bonds, may be sold below par. Drainage and irrigation districts may not sell bonds below 90.

SECTION 10.—*Limitation upon Powers of County to Contract Debts.*—No county shall create any debts or liabilities which shall singly or in the aggregate, with previous debts or liabilities, exceed the sum of five thousand dollars, except to suppress insurrection or repel invasion or (according to constitutional amendment of 1910) to build and maintain permanent roads within the county; and debts for permanent roads shall be incurred only on approval of a majority of those voting on the question, and (according to an amendment adopted in 1912) shall not either singly or in the aggregate, with previous debts and liabilities incurred for that purpose, exceed (according to an amendment adopted on June 3 1919) six per cent of the assessed valuation of all the property in the county; provided, however (as amended in 1920), that either Crook or Curry County, or both, may issue warrants drawn on its Treasurer to evidence debts and liabilities imposed on it by law and which the county is powerless to prevent and may issue bonds in an amount not to exceed 2% of the assessed valuation of all the property in the county to fund its warrants so issued whenever such bonds shall be authorized by a majority of the legal voters of the county voting on the question at any general election or a special election called and held for such purpose; provided, further, that the county court may order a special election for said purpose and shall cause printed notices thereof, signed by the county clerk, to be posted at least twenty days before the date of the election, in like manner as notices of a general election are now posted, which notices shall particularly specify the amount of bonds proposed to be issued, the length of time they shall run, which shall not exceed twenty years, and the maximum rate of interest they shall bear, which shall not exceed the legal rate, and said court shall have printed for use at such election the same number of ballots, both official and sample ballots, as would be required by the election laws at a general election, said ballots to specify the amount of bonds to be issued, the length of time thay shall run and the maximum rate of interest they shall bear, and said election shall be conducted by the regularly appointed election officials and in accordance with the general election laws except as herein otherwise provided; provided further, that said bonds when so authorized may be sold by the county court for the best price obtainable and, subject to the limitations hereinabove set forth, shall be in such form as the county court may prescribe; provided further, that the county court shall each year, after the issuance of such bonds, levy a special tax in such an amount as may be necessary to pay the interest on said bonds and to retire the principal thereof at maturity, such tax to be in addition to all other taxes provided by law; provided further (amendment of 1922), the county court of Linn County, Oregon, shall annually levy a tax equal to 2 mills on the dollar of taxable property of said county for the purpose of paying all warrants of said county outstanding Dec. 31 1921, with interest at the legal rate from the dates thereof to the date of payment, which tax shall be levied and collected as other taxes, kept in a separate fund and applied only to the payment of said warrants and accrued interest thereon, same to be paid in numerical order until all said warrants and accrued interest shall have been paid. When all said warrants and accrued interest shall have been paid, the power hereby conferred shall cease. Said tax may be in addition to and in excess of the limitations fixed by Section 11, Article XI, of the Constitution of the State of Oregon; provided further, that Benton County, upon the majority vote of the people thereof, voting thereon, may issue bonds not to exceed an amount equal to the amount of the warrants of said county outstanding on Dec. 31 1921, for the payment of which no funds were then available, and pay the unpaid expenses of said county from the proceeds of such bonds. Such election shall be called and held and such bonds shall be issued and sold in the same manner and according to the same procedure as provided in this section for holding of elections and the issuance and sale of bonds by Crook and Curry counties. The Oregon Supreme Court on Dec. 14 1920 held that the constitutional amendment providing that counties may issue bonds for permanent highway improvements up to 6% of their assessed valuation, is valid. (See "Chronicle" of Dec. 25 1920.)

Section 11. Unless specifically authorized by a majority of the legal voters voting upon the question, neither the State nor any county, municipality, district or body to which the power to levy a tax shall have been delegated shall in any year so exercise that power as to raise a greater amount of revenue for purposes other than the payment of bonded indebtedness or interest thereon than the total amount levied by it in the year immediately preceding for purposes other than the payment of bonded indebtedness or interest thereon plus 6% thereof; provided, whenever any new county, municipality or other taxing district shall be created and shall include in whole or in part property theretofore included in another county, like municipality or other taxing district, no greater amount of taxes shall be levied in the first year by either the old or the new county, municipality or other taxing district upon any property included therein than the amount levied thereon in the preceding year by the county, municipality or district in which it was then included plus 6% thereof; provided further, that the amount of any increase in levy specifically authorized by the legal voters of the State, or of a county, municipality, or other district, shall be excluded in determining the amount of taxes which may be levied in any subsequent year.

The prohibition against the creation of debts by counties prescribed in Section 10 of Article XI. of this constitution shall apply and extend to debts hereafter created in the performance of any duties or obligations imposed upon counties by the constitution or laws of the State, and any indebtedness created by any county in violation of such prohibition and any warrants for or other evidences of any such indebtedness and any part of any levy of taxes made by the State or any county, municipality, or other taxing district or body which shall exceed the limitations fixed hereby shall be void.

ARTICLE XIa, Section 1.—*May Incur Indebtedness for Loans to Farmers.*—(Adopted in Nov. 1916, proclaimed in effect Dec. 5 1916.)—Notwithstanding the limitations contained in Section 7 of Article XI. of this constitution, the credit of the State may be loaned and indebtedness incurred to an amount not exceeding 2% of the assessed valuation of all the property in the State for the purpose of providing funds to be loaned upon the security of farm lands within the State, subject to the limitations herein contained.

Section 2. The Governor, Secretary of State and State Treasurer shall constitute the State Land Board, which Board is hereby authorized and directed to issue and sell or pledge bonds in the name of the State to be known as Oregon farm credit bonds in an amount not to exceed said 2% of the assessed valuation of all the property in the State, and to place the proceeds in the State Treasury in a fund to be known as the "Rural Credits Loan Fund."

Section 3. Said bonds shall be issued in denominations of $25, $100, $500 and $1,000, and shall be issued in series of $50,000 or multiples thereof, drawn to mature in not more than thirty-six years. They shall bear interest at the rate of 4% per annum and shall be exempt from all taxes levied by the State of Oregon, or any of its subdivisions.

Section 4. Said State Land Board is authorized and directed to loan the moneys in said Rural Credits Loan Fund to owners of farm lands in Oregon upon notes secured by mortgages or deeds of trust constituting first liens on such farm lands in amounts which shall not exceed 50% of the value of such lands, nor $50 per acre on such lands, nor less than $200 nor more than $5,000 to any individual. If pending application shall at any time exceed the funds available, preference shall be given to loans not exceeding $2,000 in amount.

Section 5. Such loans shall not be made except to owners who operate and occupy the lands mortgages, and shall be made only for the following purposes: (a) The payment for lands purchased; (b) the purchase of livestock and other equipment, and the making of improvements which, in the judgment of said Board, will increase the productivity of such lands or add to their value as a farm home in a degree to justify such expenditure; and (c) for the satifsaction of emcumbrances upon such lands which, in the judgment of said Board, were incurred or assumed by said applicant or the aforesaid purposes.

Section 6. Every applicant for a farm loan shall state clearly in his application the purposes for which such loan is desired, and upon its approval by the Board this statement shall be deemed a part of the note or contract under which the loan is granted. But no failure to apply such funds to the purposes stated in such application or enumerated herein shall invalidate a loan when once made, nor shall anything herein contained be deemed to prevent any farm owner from selling or leasing lands subject to such encumbrance; but if he shall violate his said contract by applying the moneys borrowed to purposes other than those stated in his application or enumerated herein, or if he shall lease such lands or sell them to any person not fulfilling the conditions and purposes provided for herein, said Board is authorized and directed to require the repayment of said

loan upon six months' notice, and said note or contract shall contain a clause providing therefor.

Section 7. Such loans shall be repaid with interest accruing in semi-annual or annual installments on the amortization plan, such installments being fixed at such sums as will cover the interest rate and will liquidate the debt in a period to be agreed on between said Board and the applicant, such period to be not less than ten nor more than thirty-six years; but any debtor may liquidate any part or all of his indebtedness in amounts of $50 or multiples thereof upon any amortization payment date.

Section 8. The rate of interest on loans shall be 5% per annum, provided that in case any series of said farm credit bonds is sold at an average of less than par, the Board may charge upon such farm loans as are made from the proceeds of the series so sold below par a rate of interest in excess of 5%, but which shall not exceed by more than 1% the rate which the State must pay for the funds actually obtained from the disposal of its said bonds. The Board, however, shall require each applicant to pay an initial charge of 1% of the loan granted, the minimum charge to be $10, to cover the cost of appraisal and examination of title.

Section 9. All surplus funds accruing from the operation of the system of rural credits herein provided for, after paying interest accruing on the aforesaid bonds, and all operating and other expenses arising from the administration of said system of rural credits, shall be placed in the State Treasury and become a part of a fund to be known as the "Rural Credits Reserve Fund." Said Rural Credits Reserve Fund shall be loaned on farm lands in the manner herein provided for the Rural Credits Loan Fund, and the interest accruing from loans made from said Rural Credits Reserve Fund shall be added to it and become part of it. The said Rural Credits Reserve Fund shall be irreducible except that it may be drawn upon to reimburse the State for loss incurred in the administartion of said system of rural credits.

Section 10. The Legislative Assembly shall provide in such detail as it shall deem advisable for the carrying out and administering of the provisions of this amendment and shall provide adequate safeguards against the use of such loans as an aid to the purchasing and holding of lands for purposes of speculation. Such safeguards shall include clear definitions of the terms "operate" and "occupy" used herein. In the absence of such legislation, and subject to the same after its enactment, the State Land Board shall proceed to administer said system of rural credits under rules and regulations provided by itself, but subject to the provisions herein contained.

Section 11. The provisions of the constitution and laws of Oregon in conflict with this amendment are hereby repealed in so far only as they conflict herewith. The provisions of this amendment shall be self-executing, and shall take effect and be in operation sixty days after their approval and adoption by the people of Oregon.

ARTICLE XI *b*, Section 1.—*State Bond Payment of Irrigation and Drainage District Bond Interest.*—(Adopted June 3 1919, proclaimed in effect June 23 1919.)—Notwithstanding the limitations contained in Sec. 7 of Article XI of the constitution, the credit of the State may be loaned and indebtedness incurred to an amount not exceeding two (2) per cent of the assessed valuation of all property in the State, for the purpose of providing funds for the payment by the State of interest for a period not exceeding five (5) years on bonds heretofore or hereafter issued by irrigation and drainage districts, organized, or to be organized, under the laws of the State of Oregon.

SECTION 9. Whenever an agreement shall be entered into by and between the State and a district for the payment of such interest by the State, excepting when the directors of any such district shall have notified the State Treasurer on or before ninety days prior to any interest due date that it will not avail itself of said moneys for the payment of any single installment of interest under its agreement with the State, the district shall, ninety days before the due date of said interest payment, forward an "interest certificate of indebtedness" for the amount of interest to fall due on said due date to the Treasurer of the State of Oregon, and said Treasurer of the State of Oregon shall sixty days prior to such interest due date call for bids for bonds of the State of Oregon which shall be general obligations of the State and shall be known as "district interest bonds," series ———.

SECTION 11. The money arising from the sale of each issue of bonds shall be deposited in the State Treasury, to the credit of a special fund to be designated as district interest fund, and ten days prior to the interest due date of each of said districts shall be delivered by the State Treasurer to the treasurer of such districts and be used by the treasurer of said district in the payment of interest in accordance with the stipulation of outstanding bonds of said district, interest on which is to be paid by the State under the provisions hereof.

ARTICLE XIc, Section 1, as amended.—Notwithstanding the limitations contained in section 7 of Article XI of the Constitution, the credit of the State of Oregon may be loaned and indebtedness incurred to an amount not exceeding 3% of the assessed valuation of all the property in the State for the purpose of creating a fund to be loaned or to be paid to female employees of the War Department who served in the signal corps of the army or marine corps of the United States, or in the army of any of the Allies of the United States, and in the American expeditionary forces, and to residents of the State of Oregon who served in the army, navy or marine corps of the United States between April 6 1917 and Nov. 11 1918, or for a period of not less than ninety days between Feb. 14 1898 and Aug. 7 1899, and were honorably discharged from service, which fund shall be known as the "World War Veterans' State Aid Fund."

"Bonds of the State of Oregon containing a direct promise on behalf of the State to pay the face value thereof with the interest therein provided for, may be issued to an amount authorized in section 1 hereof for the purpose of creating said World War Veterans' State Aid Fund. Said bonds shall be a direct obligation of the State and shall be in such form and shall run for such periods of time and bear such rates of interest as shall be provided for by statute."

TAXATION OF MUNICIPAL BONDS.—Under Sections 4232, 4234 and 4271, Oregon Laws of 1920, State and municipal bonds are subject to taxation. However, in 1921 the Legislature passed an Act exempting from all taxation, except as to income, bonds issued by the State and by counties from and after May 24 1921 for building or maintaining public roads, highway bridges, &c.

COUNTIES, CITIES, &c., REQUIRED TO REPORT ANNUALLY STATUS OF BONDED INDEBTEDNESS TO STATE TREASURER.—Chapter 59, Laws of 1925, requires Treasurers, Secretaries or financial officers of counties, cities, towns, irrigation districts, drainage districts, school districts, reclamation districts, or other political subdivisions of the State to report annually, on or before Nov. 1 in each year, the status of the bonded indebtedness to the State Treasurer.

STATE INCOME TAX LAW REPEALED BY VOTERS.—On Nov. 4 1924 the electorate of the State voted to repeal Chapter 279, Laws of 1923, known as the Income Tax Act. The question of repeal was placed before the voters by initiative petition. The vote was 123,799 for to 111,055 against. In April 1924 the law now repealed was (see V. 118, p. 2089) held unconstitutional by the Marion County Circuit Court (Case Standard Lumber Co., Portland, vs. State Tax Commission). As the fourth installment of the tax has not yet been paid, the question vexing the State authorities is whether this is collectible. Earl Fisher, State Tax Commissioner, asked State Attorney-General Van Winkle for an opinion on the subject. The latter, while holding that the unpaid portion of the income tax *is* collectible, in a statement issued Nov. 26 said that, in view of the conflict of authorities, the question could only finally be settled by a decision of the State Supreme Court.

By Chapter 160, Laws of 1925, however, all unpaid income taxes for the year 1923 were made collectible. For this purpose only the Legislature at the 1925 session passed legislation (Chapter 316, Laws of 1925) re-enacting the old income tax law (Chapter 279, Laws of 1923).

PROPOSED CONSTITUTIONAL AMENDMENT TO DO AWAY WITH INCOME TAX AND INHERITANCE TAX UNTIL 1940.—There is proposed and will be submitted to the voters at the next general or special election in this State a proposed amendment to Article IX of the State Constitution adding thereto a new section (1-C) which, if adopted would provide as follows:

Section 1-c.—No. tax upon inheritances or upon the income of residents or citizens of this State shall be levied by the State of Oregon, or under its authority, and no amendment of this section shall be submited to the people before the year 1940. This section shall not relieve from payment of inheritance tax any estate of any person who may have died before the adoption of this amendment nor shall it prevent the collection of any income tax accrued on incomes prior to the adoption of this amendment.

SAVINGS BANKS INVESTMENTS—Investments by any savings bank or by any State bank or trust company maintaining a savings department are now regulated by Section 135 of the new State Banking Act (Chapter 207, Laws of 1925) passed at the 1925 session of the Legislature. Section 135 reads:

SECTION 135. Subject to the provisions of Sections 78, 83 and 92 of this Act, the savings deposits of any savings bank or the savings deposits of any State bank or trust company maintaining a savings department may be invested in the following classes of securities, and not otherwise:

1. In interest-bearing bonds, notes or obligations of the United States of America, or of those for which the faith of the United States is pledged for the payment of the principal and interest, or in bonds acceptable to the United States Government to secure postal deposits.

2. In the bonds or notes of the States of Oregon, Washington, California or Idaho, or any county, school district or other municipal corporation of such States; or in the warrants of the State of Oregon, or any county, school district, incorporated city or town therein, or in the bonds of any other State of the United States of America, or any county, school district o city therein having a population of not less than 25,000 inhabitants, as shown by the Federal Census next preceding the date of such investment; provided, that any such bond, note or warrant has been issued in compliance with the Constitution and laws of any such State; that there has been no default in payment of either principal or interest on any of the obligations of such State, county, school district, city or other municipal corporation for a period of five years next preceding the date of such investment.

3. In the following bonds, listed on the New York Stock Exchange, of railroad corporations owning and operating railroads located in whole or in part within the United States: (a) Bonds of such corporations secured by mortgage which is a first lien upon all of its rights of way, terminals and operating real properties, conditioned that it has for at least five years immediately prior to the date of such investment made or realized annually from all its sources of revenue and income a net income 25 per centum in excess of the amount required to meet and pay its interest on all its mortgages and other interest-bearing indebtedness, and conditioned further, that it has during said five-year period regularly and punctually paid the matured principal and interest of all its mortgage and other interest-bearing indebtedness. (b) Bonds of such corporation secured by mortgage which is a first lien upon corporation secured by mortgage which is a first lien upon such of its rights of way, terminals and operating real properties as upon the date of such investment aggregate in value, as determined by the Inter-State Commerce Commission, or by the investment accounts of such corporation, at least one-third of the total value of all the rights of way, terminals and operating real properties of such corporation, conditioned that such corporation: (1) Has each year, for at least five years immediately prior to the date of such investment, made or realized annually from all its sources of revenue and income a net income 35 per centum in excess of the amount required to pay the interest on its maximum mortgage and other interest-bearing indebtedness outstanding during any part of such five-year period; and (2) has during such five-year period regularly and punctually paid the matured principal and interest of all its mortgage and other interest-bearing indebtedness. (c) Bonds of such corporation secured by mortgage which is a first lien upon such of its rights of way, terminals and operating real properties as upon the date of such investment aggregate in value, as determined by the Inter-State Commerce Commission, or by the investment accounts of such corporation, at least one-third of the total value of all the rights of way, terminals and operating real properties of such corporation; conditioned: (1) That such corporation be one of a group of carriers which the Inter-State Commerce Commission has recognized to be under a common control and management and operated as a single system; and (2) that said bonds shall have been assumed or the payment thereof as to principal and interest guaranteed by appropriate endorsement thereon by one of said group of carriers; and (3) that said corporation so assuming or guaranteeing the payment of said bonds has each year for at least five years immediately prior to the date of such investment made or realized annually from all its sources of revenue and income a net income 25 per centum in excess of the amount required to pay the interest on its maximum interest-bearing indebtedness, including its own direct obligations and obligations assumed or guaranteed by it, during any part of such five-year period; and (4) that the total outstanding prior debts of the corporation making said guarantee or so assuming said bonds shall not exceed three times the capital stock of such corporation at the time of making said investment; and (5) that said guaranteeing or assuming corporation has each year, for at least five years immediately prior to date of such investment regularly and punctually paid the matured principal and interest of all its mortgage and other interest-bearing indebtedness, and has in addition thereto regularly and punctually paid in dividends to its stockholders during each of said five years an amount at least equal to 4 per centum upon all its outstanding capital stock. (d) No more than 25 per centum of the assets of the savings department of any bank shall be loaned or invested in railroad bonds, and no more than 10 per centum of the assets of the savings department of any bank shall be invested in the bonds of any one railroad corporation. (e) Street, suburban or interurban railways not operated as a part or parts of a general system of transportation extending into and operating in two or more States and having for its system operated mileage at least one thousand (1,000) miles of railroad, shall not

be considered railroads within the provisions of this Act, but railroad terminal companies located in cities of at least one hundred thousand (100,000) inhabitants shall be classified and recognized as railroads hereunder.

4. In notes or bonds secured by first mortgage or deed of trust upon improved unencumbered real estate in any of the States of Oregon, Washington, Idaho or California, the actual cash market value of which real estate shall be at least twice the amount loaned thereon, and in loans secured by a pledge of such notes or bonds as collateral; provided, the market or par value of such notes or bonds shall be at least 25% more than the loans secured thereby; provided further, that the aggregate of such investments shall not exceed 75% of the total savings deposits of said bank or trust company.

5. In the notes of any individual, firm or corporation, with a pledge as collateral of securities or personal property, the actual cash market value of which shall be at least 25% more than the amount of such loan; provided, however, that such assets may be invested in the notes of any individual, firm or corporation secured by bonds or notes of the United States, or certificates of indebtedness of the United States, or any other securities which are eligible as investments under the provisions of this section, where the actual cash market value of such security is at least equal to the amount of such loan and the accrued interest thereon. Notes secured by subsequent lien on real or personal property shall not be eligible as collateral.

6. In real estate, subject to the provisions and restrictions contained in Section 63 of this Act.

7. In commercial or business paper arising out of commercial, industrial or agricultural transactions, having a maturity not longer than six months from the date of discount or purchase, where the ratio of quick assets to current liabilities of the maker or endorser of such paper shall not be less than two to one, the aggregate amount of such loans shall not exceed 25% of the total savings deposits of such bank or trust company; provided, however, that the amount of such investments may be increased to 50% with the approval of the Superintendent of Banks.

8. In the first mortgage bonds of any corporation incorporated under the laws of and operating in any of the United States, where the property securing the bonds has a value of at least twice the amount of the total authorized issue of the particular bonds purchased and where the income of the corporation for the five years next preceding the investment has been sufficient to pay all of the operating expenses, fixed charges, depreciation, taxes, assessments and twice the amount of interest on all such first mortgage bonds outstanding; provided, however, that when only a portion of the authorized bonds are outstanding and the mortgage or trust deed securing the bonds are outstanding and the mortgage or trust deed securing the bonds provides that additional authorized bonds shall not be issued unless the security shall at all times have a value of at least twice the amount of bonds outstanding, then such outstanding bonds shall be eligible for savings investments; provided further, that not more than 10% of the savings deposits of any bank shall be invested in such bonds.

9. In the bonds of the United Kingdom of Great Britain and Ireland, and the Dominion of Canada or any province thereof; provided, that such bonds shall be payable in United States gold coin; and provided further, that the countries and provinces above enumerated have not defaulted in payment of either the principal or interest on any of their obligations within five years previous to making such investments; and provided further, that not more than 10% of the savings deposits of any bank shall be invested in such bonds.

10. In the bonds of Federal Land banks created pursuant to the Federal Farm Loan Act approved July 17 1916, and in bonds issued by any Joint Stock Land bank; provided, that not more than 10% of the savings deposits of any bank or trust company shall be invested in either class of such bonds.

11. Promissory notes made payable to the order of the bank or trust company within ninety days from the date thereof secured by the pledge and assignment of the pass book of any savings bank or the savings department of any bank or trust company in the State of Oregon, as collateral security for the payment thereof. No such loan shall exceed 100% of the balance due the holder of such pass book, as shown therein.

12. In bankers' acceptances of the kinds described in Section 13 of the Federal Reserve Act, or in bills of exchange of the kind and maturities made eligible by law for purchase in the open market by Federal Reserve banks, in an amount not exceeding 20% of the total savings deposits of such bank or trust company.

13. In collateral call loans payable on demand secured by the pledge of stock and bonds listed on the New York or Boston Stock Exchanges with an actual cash market value of at least 120% of the amount of such call loans, and in an amount not exceeding 20% of the total savings deposits of such bank or trust company.

ASTORIA.

Astoria is in Clatsop County. Inc. 1865. Population 1910, 9,599; 1920, 14,027. On Dec. 8 1922 a fire destroyed the business district of the city. The property loss was estimated at $15,000,000. A bill extending aid to the city after the devastating fire was passed at the 1923 session of the Legislature and signed by the Governor (V. 117, p. 1088). This law was held valid in a friendly suit by the Marion County Circuit Court and its decision was later affirmed by the State Supreme Court (V. 117, p. 689).

Popula'n 1910, 4,552; '20 5,752
While the water bonds are direct liabilities of the city, provision is made in the law for fixing the rate annually at a sum sufficient to cover the expenses, pay interest on bonds and provide a sinking fund that, by annual retirement, will pay the bonds in full at maturity. Present water rates have been more than sufficient and have enabled considerable extensions and other improvements to be made.

COTTAGE GROVE.
This city is in Lane Co. Inc. in 1887.

PORTLAND.
Portland is the county seat of Multnomah County. Commission government adopted May 3 1913 and upheld by State Supreme Court on May 28 1913. V. 96, p. 1642. The cities of Portland, East Portland and Albina were consolidated in June 1891. On July 8 1915 the city of St. Johns and the town of Linnton were annexed.

1918	1 035,938,644	1908	748,593,942	1860	4,394,735

DEBT LIMITATION.—The regulation of civil debts is contained in Article 8. The State may, to meet casual deficits or failures in revenues, or for expenses not provided for, contract debts; but such debts in the aggregate shall not at any time exceed $400,000. The State may also incur debts to repel invasion, suppress insurrection or to defend the State in time of war. Otherwise the State shall not contract any debt unless authorized by law, and provision must be made for the payment of the annual interest on the same and also for the payment of the principal within 20 years. All such propositions must first receive the approval of the voters. A bill of this kind, passed at the extra session, 1920, providing for a bonus for World War veterans, was favorably voted on at the November, 1920, elections. Under it general fund bonds to the amount of $11,0000,00, to bear no more than 6% interest, were authorized. The provision was made that if the funds realized from the sale of these bonds should be insufficient, additional bonds should be issued. The State Finance Board on Oct. 9 1921, taking advantage of this provision, authorized the sale of an additional $1,500,000, making a total of $12,50,0000, all of which have been sold and are now outstanding. The validity of this Act was attacked immediately after receiving the voters' approval, but the State Supreme Court of Washington on Jan. 3 1921 decided in favor of the Act (V. 112, p. 281). Another bill, also submitted at the 1920 general election, providing for a $30,000,000 road bond issue, was defeated. V. 111, p. 2442.

As regards counties, cities, towns, school districts or other municipal corporations, no debt is to be incurred by them in an amount exceeding 1½% of the taxable property without the assent of 3-5 of the voters therein nor in cases requiring such assent shall the total indebtedness at any time exceed 5% of the taxable property. It is further provided that "any city or town," with the required assent of the voters, may be allowed to become indebted to a larger amount but not exceeding 5% additional for supplying such city or town with water, light and sewers, when the works for the same shall be owned and controlled by the municipality. The constitutional provisions in full will be found below:

Sec. 1. *Limitation on State Debt.*—The State may, to meet casual deficits or failure in revenues or for expenses not provided for, contract debts, but such debts, direct and contingent, singly or in the aggregate, shall not at any time exceed $400,000 and the moneys arising from the loans creating such debts shall be applied to the purpose for which they were obtained or to repay the debts so contracted, and to no other purpose whatever.

Sec. 2. *Powers Extended in Certain Cases.*—In addition to the above limited power to contract debts, the State may contract debts to repel invasion, suppress insurrection, or to defend the State in war, but the money arising from the contracting of such debts shall be applied to the purpose for which it was raised, and to no other purpose whatever.

Sec. 3. *Special Indebtedness, How Authorized.*—Except the debt specified in sections 1 and 2 of this Article, no debt shall hereafter be contracted by, or on behalf of this State, unless such debt shall be authorized by law for some single work or object to be distinctly specified therein, which law shall provide ways and means, exclusive of loans, for the payment of the interest on such debt as it falls due, and also to pay and discharge the principal of such debt within twenty years from the time of the contracting thereof. No such law shall take effect until it shall, at a general election, have been submitted to the people and have received a majority of all the votes cast for and against it at such election, and all moneys raised by authority of such law shall be applied only to the specific object therein stated, or to the payment of the debt thereby created, and such law shall be published in at least one newspaper in each county, if one be published therein, throughout the State, for three months next preceding the election at which it is submitted to the people.

Sec. 5. *Credit Not to Be Loaned.*—The credit of the State shall not, in any manner be given or loaned to or in aid of any individual, association, company, or corporation.

Sec. 6. *Limitations Upon Municipal Indebtedness.*—No county, city, town school district or other municipal corporation, shall for any purpose become indebted in any manner to an amount exceeding 1½% of the taxable property in such county, city, town, school district or other municipal corporation, without the assent of 3-5 of the voters therein, voting at an election to be held for that purpose, nor in cases requiring such assent shall the total indebtedness at any time exceed 5% on the value of the taxable property therein, to be ascertained by the last assessment for State and county purposes previous to the incurring of such indebtedness; except that in incorporated cities the assessment shall be taken from the last assessment for city purposes: Provided, that no part of the indebtedness allowed in this section, shall be incurred for any purpose other than strictly county, city, town, school district, or other municipal purposes. Provided further: that any city or town, with such assent may be allowed to become indebted to a larger amount but not exceeding 5% additional for supplying such city or town with water, artificial light, and sewers, when the works for supplying such water, light, and sewers shall be owned and controlled by the municipality.

Section 7. *Credit Not to Be Loaned.*—No county, city, town or other municipal corporation shall hereafter give any money or property, or loan its money or credit, to or in aid of any individual, association, company, or corporation, except for the necessary support of the poor and infirm, or become directly or indirectly the owner of any stock in or bonds of any association, company or corporation.

The 1917 Legislature passed an Act (Chapter 141) amending Section 9211 of Remington & Ballinger's Annotated Codes and Statutes of Washington, 1915, limiting the expenditure of the revenues for certain counties and cities. This section now reads:

Section 9211. It shall be unlawful for the county commissioners, or any city council or city commission, or any public officer or employee of a county or city, to contract indebtedness or incur any liability in behalf of his or their county or city during any current fiscal year more than 2% in excess of the revenues provided for such year at the public hearing held as required by Section 9210 of Rem. & Bal. Code unless authorized by a majority vote of the electors of the city of county at a general or special election, and any indebtedness contracted or liability incurred in violation hereof shall be void: *Provided*, That nothing herein contained shall be held to modify or change the limitations prescribed by Sections 5590-5 of Rem. & Bal. Code, or by any law limiting the debts of any taxing district to an amount based on a percentage of the assessed valuation thereof.

Sec. 2. None of the requirements of Section 1 of this Act shall apply to any city having a population of over 104,000, according to the Federal Census, or to a city having similar current revenue charter provisions.

GENERAL BOND LAW.—The Legislature in 1923 passed an Act (Chapter 151) regulating the issuance of bonds by counties, cities, towns, school districts, port districts and metropolitan park districts. It is provided that these bonds shall be issued in denominations of multiples of $100 as far as possible, and shall mature serially, beginning two years after issuance, and continuing for no more than thirty years after the issuance. These bonds may not be sold at less than par. See V. 117, p. 1482.

DONOHUE ROAD ACT.—The State Supreme Court in May 1921, in a suit brought against Klickitat County, ruled that bonds issued under the "Donohue Road Act," constitute general obligations of the issuing counties. (V. 112, p. 2216.) The plaintiffs succeeded in securing a re-hearing of the case and the Supreme Court on Jan. 7 1922 reversed its former decision, and held that bonds issued under this Act are not general county obligations, but are payable out of special improvement funds.

DEFAULTS IN LOCAL IMPROVEMENT DISTRICT BONDS.—Some information regarding defaults in Local Improvement District bonds

in this State will be found in an article in the "Chronicle" of Nov. 14 in the "Department of Current Events and Discussions."

EXEMPTION FROM TAXATION.—Act of Legislature, approved Feb. 28 1907 (§9093, Remington's 1915 Codes and Statutes), exempted State, county, municipal and school district bonds and warrants, from all taxation as personal property. V. 84, p. 949. Act upheld by State Supreme Court in 1908. V. 87, p. 558.

SAVINGS BANK INVESTMENTS—INVESTMENT OF DEPOSITS—The 1921 Legislature passed an Act (Chapter 156, Laws of 1921) repealing Section 11 of the Banking and Trust Company Law of the State of Washington, relative to the provisions governing the investments of mutual savings banks, as amended in 1919 and substituted in lieu thereof a similar law, re-sectioned and with a few changes and additions. The new law, incorporated into the Banking Law as Section 135, reads as follows:

Sec. 135. A mutual savings bank may invest the moneys deposited therein, the sums credited to the guaranty fund thereof, and the income derived therefrom, in the following property and securities, and no others, and subject to the following restrictions, numbered 11-a, 11-b, 11-c, 11-d, 11-e, 11-f, 11-g, 11-h, 11-i, 11-j, 11-k, 11-l, 11-m, 11-n, 11-o, 11-p and 11-q:

Sec. 11-a. *Public Funds.*—The bonds or interest-bearing notes or obligations of the United States or those for which the faith of the United States is pledged to provide for the payment of the interest and principal, including the bonds of the District of Columbia.

Sec. 11-b. The bonds or interest-bearing obligations of this State issued pursuant to the authority of any law of this State.

Sec. 11-c. The bonds or interest-bearing obligations of any other State of the United States upon which there is no default, and upon which there has been no default for more than ninety days: Provided, That within ten years immediately preceding the investment such State has not been in default for more than ninety days in the payment of any part of principal or interest of any debt duly authorized by the Legislature of such State to be contracted by such State since Jan. 1 1878.

Sec. 11-d. The valid bonds of any city, town, county, school district or port district in the State of Washington, issued pursuant to law, and for the payment of which the faith and credit of such municipality, county or district is pledged, or valid warrants of such municipality, county or district drawing interest, and for which payment such municipality, county or district is liable.

Sec. 11-e. The bonds of any incorporated city, county, village or town situated in one of the States of the United States which adjoins the State of Washington. If at any time the indebtedness of any such city, town or village, together with the indebtedness of any district or other municipal corporation or subdivision, except a county, which is wholly or in part included within the boundaries or limits of said city, town or village less its water debt and sinking fund, or the indebtedness of any such county, less its sinking fund, shall exceed 7% of the valuation of said city, county, town or village for the purposes of taxation, its bonds shall thereafter, until such indebtedness shall be reduced to 7% of the valuation for the purposes of taxation, cease to be an authorized investment for the moneys of savings banks.

Sec. 11-f. Bonds of any incorporated city situated in any other State of the United States: Provided, Such city has a population as shown by the Federal census next preceding the investment, of not less than 45,000 inhabitants, and was incorporated as a city at least twenty-five years prior to the making of the investment, and has not since Jan. 1 1907 defaulted for more than ninety days in the payment of any part of principal or interest of any bond, note or other indebtedness, or effected any compromise of any kind with the holders thereof. If at the time the indebtedness of any such city, together with the indebtedness of any district (other than local improvement district) or other municipal corporation or subdivision, except a county, which is wholly or in part included within the bounds or limits of said city, less its water debt and sinking fund, shall exceed 7% of the valuation of such city for purposes of taxation, its bonds shall thereafter, and until such indebtedness shall be reduced to 7% of such valuation, cease to be an authorized investment of the moneys of mutual savings banks.

Sec. 11-g. Bonds of any commercial waterway district in this State: Provided, The total obligations of such district by bonds, warrants or otherwise do not exceed 10% of the assessed valuation of the lands and improvements within such district: And provided further, That this authorization does not extend to the 30% in amount of such bond issue last callable for payment.

Sec. 11-h. Bonds of any local improvement district of any city or town in this State (except bonds for an improvement consisting of grading only) and bonds of any irrigation, diking, drainage, diking improvement or drainage improvement district of this State, unless the total indebtedness of the district after the completion of the improvement for which the bonds are issued, plus the amount of all other assessments of a local or special nature against the land assessed or liable to be assessed to pay the bonds, exceed 50% of the value of the benefited property, exclusive of improvements, at the time the bonds are purchased or taken by the bank, according to the actual valuation last placed upon the property for general taxation. Before any such bonds are purchased or taken as security the condition of the district's affairs shall be ascertained and the property of the district examined and appraised by at least two trustees, who shall report in writing their findings and recommendations; and no bonds shall be taken unless such report be favorable, nor unless the executive committee of the board of trustees after careful investigation is satisfied of the validity of the bonds and the validity and sufficiency of the assessment or other means provided for payment thereof: Provided, That no city or town local improvement bonds falling within the 25% in amount of any issue last callable for payment, shall be acquired or taken as security.
